From Confessional To The Couch:

Sexography Nicholas de Villiers, 2017-03-21 The turn of the twenty first century has witnessed an eruption of nonfiction films on sex work The first book to examine a cross section of this diverse and transnational body of work Sexography confronts the ethical questions raised by ethnographic documentary and interviews with sexually marginalized subjects Nicholas de Villiers argues that carnal and cultural knowledge are inextricably entangled in ethnographic sex work documentaries De Villiers offers a reading of cinema as a technology of truth and advances a theory of confessional and counterconfessional performance by the interviewed subject who must negotiate both loaded questions and stigma He pays special attention to the tactical negotiation of power in these films and how cultural and geopolitical shifts have affected sex work and sex workers Throughout Sexography analyzes the films of a range of non sex worker filmmakers including Jennie Livingston Pier Paolo Pasolini Shohini Ghosh and Cui Zi en as well as films produced by sex workers In addition it identifies important parallels and intersections between queer and sex worker rights activist movements and their documentary historiography De Villiers ultimately demonstrates how commercial sex is intertwined with culture and power He advocates shifting our approach from scrutinizing the motives of those who sell sex to examining the motives and roles of the filmmakers and transnational audiences creating and consuming films about sex work **Sin in the Sixties** Maria C.

Morrow, 2016-11-04 Confession reached its peak attendance in the early 1950s but by the end of the Second Vatican Council the popularity of the sacrament plummeted While this decline is often noted by historians theologians priests and laity alike all eager to provide possible explanations little attention has been paid to another dramatic shift Coincident with the decreasing popularity of the sacrament of penance in the United States were changes to non sacramental penitential practices including Lenten fasting Ember Days and the year round Friday meat abstinence American Catholics sometimes derisively called Fisheaters had assiduously observed Friday abstinence regardless of ethnicity or geographic location

The Roman Catholic confessional exposed: 3 letters Roman Catholic confessional, 1837 Theatre in the Expanded Field Alan Read, 2013-12-05 Theatre in the Expanded Field is a fiercely original bold and daring exploration of the fields of theatre and performance studies and the received narratives and histories that underpin them Rich with interdisciplinary reference international eclectic and broad ranging in its examples it offers readers a compelling and provocative reassessment of the disciplines one that spans pre history to the present day Sixty years ago in 1962 Richard Southern wrote a remarkable book called The Seven Ages of the Theatre It was unusual in its time for taking a trans disciplinary new historical and avowedly internationalist approach to its subject nothing less than a totalizing view of its field Theatre in the Expanded Field does not attempt to mimic Southern s work but rather takes his spirit of adventure and ambition as its frame for the contemporary moment of performance and its diverse pasts Identifying seven ways of exploring the performance field from pre history to postdramatic theatre the book presents studies of both contemporary and historical works not as a

chronological succession but in keeping with their coeval qualities as movements or generations of connection and interaction dissensus and interruption It does this with the same purpose as Richard Southern s original work to provide for the planning of responsive performance spaces now Illustrated throughout with line drawings Theatre in the Expanded Field is as richly rewarding as it is ambitious and expansive in it vision The “Enormities of the Confessional,” as Put Forth by the Expelled Student of Maynooth College (Eugene Francis O’Beirne), Briefly Examined, and the Student Himself Exhibited in His True Character Charles BRIGHAM,1839 A Do-It-Yourself Retreat: Joseph F. Hogan,2018-12-05 The do it yourself appeal which is somewhat popular today is not just a fad It meets the basic need in man to be creative This DO IT YOURSELF RETREAT makes the same appeal to your highest creative instincts However in this case you are shown not how to make some thing but HOW TO BRING OUT THE REAL GOOD IN YOU and make yourself into the truly great person that God intended you to be These pages will help you to discover who you really are and the discovery will prove to be encouraging and consoling Although you are doing it yourself this retreat follows a time tested and approved method It is progressive Step by step it helps you to bring out the potential for all the goodness and greatness which is present in you You are also following a mystery story these are God s mysteries so you do not peek at the chapters ahead One step at a time is best and God be with you on the way This book is for Those who have never made a retreat and those to whom the word may sound strange or even forbidding I think you will like it and though you start it as an experiment you may find it so interesting and worthwhile that you will want the fuller and richer experience at a retreat house Those who would like to make a closed retreat but cannot especially God s beloved sick and suffering and those in the evening of life Those who have made a retreat and who would like to retain the clarity of vision and the peace of soul it gave them Husbands and wives who would like to make a retreat at home either together or individually It can help to oneness in outlook Finally but finally only for emphasis this book is for students who are making an open retreat and want a companion book collateral reading to keep them in the spirit of the retreat *Compelling Confessions* Suzanne Diamond,2010-12-10 *Compelling Confessions* The Politics of Personal Disclosure is a collection of essays whose shared purpose is to offer an accessible interdisciplinary exploration of the social dynamics behind confessional discourse As various contributors to this collection demonstrate confession is ubiquitous in contemporary culture not only within psychological or therapeutic frameworks or literary analysis but also in internet discussion groups in the criminal justice system in political rhetoric in so called reality and interview style television programming in writing pedagogy and increasingly in the testimonial strain observable in contemporary scholarship Yet telling one s story raises questions not only about authorial intent or authenticity but also about the pressures disclosure can impose upon its audiences Far less ubiquitous than confessions themselves as these contributors suggest are the critical tools that general audiences might employ in order to better evaluate the rhetoric of personal disclosure It is in fact the shortage of such tools responses and procedures that could be stated plainly and implemented by any reader or viewer that

Compelling Confessions sets out to address Crossings and Dwellings Kyle B. Roberts, Stephen Schloesser, J.S., 2017-07-31 In Crossings and Dwellings Kyle Roberts and Stephen Schloesser S J bring together essays by eighteen scholars in one of the first volumes to explore the work and experiences of Jesuits and their women religious collaborators in North America over two centuries following the Jesuit Restoration Long dismissed as anti liberal anti nationalist and ultramontanist restored Jesuits and their women religious collaborators are revealed to provide a useful prism for looking at some of the most important topics in modern history immigration nativism urbanization imperialism secularization anti modernization racism feminism and sexual reproduction Approaching this broad range of topics from a variety of disciplinary perspectives this volume provides a valuable contribution to an understudied period Confession Peter Tyler, 2017-10-19 A new pastoral contribution on the enduring subject of confession in Christian life Confession The Healing of the Soul is not just about what is termed sacramental confession Its frame of reference is much wider and includes discussion of those celebrated writers who wrote confessions Augustine Kierkegaard Tolstoy Foucault Freud Jung John of the Cross and Wittgenstein This book will be of interest to all Christians of any denomination who engage in sacramental confession clergy but also pastoral workers and those millions who actually attend confession as part of their lives In the post Freudian age confession of any kind has had a bad press but is now coming back into popularity as guilt and sin become helpful concepts Peter Tyler an author and practicing psychotherapist argues that rather than being something to consign to the rubbish heap of history confession offers unexplored potential for the healing of the postmodern soul The book addresses all those engaged in psychotherapeutic and healing practices and ministries For I Have Sinned James M. O'Toole, 2025 The history of US Catholicism is the history of confession For I Have Sinned charts the rise of confession as the defining ritual of American Catholic piety and identity and its fall as clergy sex abuse scandals and the cultural shifts of the 1970s decimated interest in a practice that today is alien even to most faithful believers **Male Confessions** Björn Krondorfer, 2009-12-03 Male Confessions examines how men open their intimate lives and thoughts to the public through confessional writing This book examines writings by St Augustine a Jewish ghetto policeman an imprisoned Nazi perpetrator and a gay American theologian that reflect sincere attempts at introspective and retrospective self investigation often triggered by some wounding or rupture and followed by a transformative experience Krondorfer takes seriously the vulnerability exposed in male self disclosure while offering a critique of the religious and gendered rhetoric employed in such discourse The religious imagination he argues allows men to talk about their intimate flawed and sinful selves without having to condemn themselves or to fear self erasure Herein lies the greatest promise of these confessions by baring their souls to judgment these writers may also transcend their self imprisonment The Culture of Confession from Augustine to Foucault Chloe Taylor, 2010-05-26 This book is a genealogical study of confession Drawing on the work of Michel Foucault as well as the history of Western confessional writings from Ancient Greece to contemporary pop culture this book challenges the

transhistorical and commonsense views of confession as an innate impulse resulting in the psychological liberation of the confessing subject On the contrary confessional desire is argued to be contingent and constraining and alternatives to confessional subjectivity are explored **Psychological Analysis of Confessions by Serial Killers** August

Raines,2024-09-09 Psychological Analysis of Confessions by Serial Killers by August Raines dives deep into the chilling world of serial killers through their own words While true crime often captures the grisly details of their deeds this book focuses on a crucial yet overlooked aspect their confessions Raines explores how these confessions serve not just as evidence in court but as profound windows into the criminal psyche By examining the confessor s words the book sheds light on the motivations and psychological complexities behind these heinous acts It also considers the societal fascination with these confessions and their role in shaping public perception Raines examines how the confessions can sometimes be a strategic maneuver to manipulate or mislead yet they also provide valuable insights into the human mind With a focus on the psychological implications and the significance of these narratives in investigations and social discourse this book is a must read for anyone interested in the deeper dimensions of criminal psychology and the power of confession **Inside His**

Auricular confession and popish nunneries William Hogan,1847 [Another India](#) Pratinav Anil,2023-11-27 Another India tells the story of the world s biggest religious minority through vivid biographical portraits that weave together the stories of both elite and subaltern Muslims By challenging traditional histories and highlighting the neglect of minority rights since Independence Pratinav Anil argues that Muslims since 1947 have had to contend with discrimination disadvantage deindustrialization dispossession and disenfranchisement as well as an unresponsive leadership He explores the rise and fall of the Indian Muslim elite and the birth of the nationalist Muslim and emphasizes the importance of class in understanding the dynamics of Indian politics Anil also sheds light on the vested custodial interests and the depoliticization of the privileged classes all of which resulted in the elite betrayal by the landed gentry of the ordinary members of the community a betrayal whose consequences are still felt by India s 200 million Muslims today Another India ultimately recovers Muslim agency from the back pages of history and offers a different picture of democratic India challenging received accounts of the world s largest democracy **Surreal Entanglements** Louise Economides,Laura Shackelford,2021-05-18 This edited collection

approaches the most pressing discourses of the Anthropocene and posthumanist culture through the surreal yet instructive lens of Jeff VanderMeer s fiction In contrast to universalist and essentializing ways of responding to new material realities VanderMeer s work invites us to re imagine human subjectivity and other collectivities in the light of historically unique entanglements we face today the ecological technological aesthetic epistemological and political challenges of life in the Anthropocene era Situating these messy multi scalar material complexities of life in close relation to their ecological material

and colonialist histories his fiction renders them at once troublingly familiar and strangely generative of other potentialities and insight The collection measures VanderMeer s work as a new kind of speculative surrealism his texts capturing the strangeness of navigating a world in which nature has become radically uncanny due to global climate change and powerful bio technologies The first collection to survey academic engagements with VanderMeer this book brings together scholars in the fields of environmental literature science fiction genre studies American literary history philosophy of technology and digital cultures to reflect on the environmentally culturally aesthetically and politically central questions his fiction poses to predominant understandings of the Anthropocene

Feminism & Foucault Irene Diamond, Lee Quinby, 1988 Although Michel Foucault s ideas on sexuality ideology and power have established him as one of this century s most influential thinkers the implications of his work for feminists continue to be the subject of heated debate This book fosters an unprecedented dialogue between Foucault and the fertile ground of contemporary feminism and explores the many ways these disparate approaches to cultural analysis converge and interact

Psychoanalysis and Performance Patrick Campbell, Adrian Kear, 2002-09-11 In this volume some of the most distinguished thinkers in the field make an exciting new connection based on the dual principle that psychoanalysis can provide a productive framework for understanding the work of performance and that performance itself can help to investigate the problem of identity
