**William E. Ferry, Roger E. Kanet**

## **From Empire To Anarchy Post Communist Foreign Policy And International Relations:**

**From Empire to Anarchy** Mette Skak, 1996 Russia Lithuania and Hungary all made the transition from communism to post communism though with very different motives and results This book examines how the foreign policies of these three countries were affected by this process The author analyzes the problems of the former imperial centre Russia the countries of the former internal empire Lithuania and those of the former external empire Hungary As well as drawing on these case studies she addresses the problems facing the foreign policy makers of post communist societies as a whole arguing that the West should treat seriously the aspirations of post communist states to join institutions such as the EC and NATO

*Turkmenistan's Foreign Policy* Luca Anceschi, 2008-07-25 Turkmenistan an independent nation since 1991 is a strategically important Central Asian state This book covers the most significant period of the establishment of the Turkmen political regime At the core of this book is the Doctrine of Positive Neutrality which from 1995 onwards constituted the theoretical backbone for the foreign policy of post Soviet Turkmenistan The author analyses the reason and aim of the concept its significance for and impact on the country s domestic and foreign relations its practical implementation and its transformation into a tool of strengthening of absolute personal authority Furthermore he establishes whether Positive Neutrality has to be seen as a domestic oriented foreign policy which has been used by the Turkmen regime to reinforce its internal position This is the first book length and thorough analysis of Turkmenistan s foreign policy It furthers our understanding of Turkmenistan and provides an informed background for the study of its foreign policy It fills a void in the current literature and it will constitute an essential reference for most scholars and researcher focusing on contemporary Central Asia Russian foreign policy Foreign Policy International Relations and Comparative Politics **Foreign Policy In A**

**Transformed World** Mark Webber, Michael Smith, 2014-01-14 For 2nd and 3rd year courses in international politics and foreign policy This text examines foreign policy in relation to change and transformation It discusses traditional assumptions about foreign policy and foreign policy making and develops a framework to facilitate analysis of the challenges faced by foreign policy makers in the late 1990s The central elements of the framework are the foreign policy arena decision making and implementation The book then applies the framework to a set of regional case studies to explore the global and regional arenas and the challenges to which they give rise Finally specific case studies of two countries per region highlight the range of impacts for the changing global and regional context to focus on the analysis of decision making and implementation and to illustrate the benefits of comparative analysis **Identity and Foreign Policy** Eiki Berg, Piret Ehin, 2016-05-13 Baltic

Russian relations have been complicated and tense since the collapse of the USSR and the restoration of Estonian Latvian and Lithuanian independence Although Baltic accession to the European Union EU has created a new international context for interstate relations in the region enlargement did not bring about the much hoped for improvement in Baltic Russian relations This case study rich volume examines links between identity memory politics and foreign policy It analyzes and

explains developments in Baltic Russian relations after both NATO and EU enlargement focusing on the incompatibility of Baltic and Russian post Soviet national identity constructions and the manifestations of this underlying antagonism in bilateral relations and on the broader European and international arena Built on the constructivist perspective in international relations this volume provides a coherent and illuminating account of the dynamics of Baltic Russian relations after NATO and EU enlargement Combining policy relevant analysis with theoretical insights it will meet the needs of academics and students of foreign policy EU external relations and international relations more generally **Journal of Soviet and Post-Soviet Politics and Society** Julie Fedor, Samuel Greene, Andre Härtel, Andrey Makarychev, Andreas Umland, 2016-10-11 This special issue deals with the phenomenon of violence in the post Soviet space It examines both political and legal discourses and practices of internal and external violence broadly conceived simultaneously aspiring to situate them in the broader literature on political violence and ethnic and separatist conflict and to examine these from political legal and security studies perspectives The issue approaches the problem of violence in the post Soviet space from three perspectives international structural inter state and domestic political The contributors focus on structural sources of violence such as the relevance of the self determination principle the role of democratization and the relationship between violent behavior inside and outside the state They also analyze the role of the Russian Federation in generating perpetuating and mitigating political violence Finally they adopt a bottom up approach exploring how non state actors contribute to political violence *Russian Foreign Policy and the CIS* Nicole J. Jackson, 2003-09-04 This book investigates the options the debates and the ensuing policies of the fledgling Russian government It examines the evolution of policy from the collapse of the Soviet Union in December 1991 until the Presidential elections in June 1996 Analysing Russia s actions in the context of contemporary foreign policy theory Nicole J Jackson discusses and compares three key conflicts the separatist war between Moldova and Transdnistria the separatist war between Georgia and Abkhazia and the civil war in Tajikistan It will be of interest to students and researchers of international relations security foreign policy analysis and Russian studies

Political Construction Sites Pal Kolsto, 2018-02-19 The dissolution of the Soviet Union has provided scholars with tremendously rich material for the study of comparative nation building Not since the decolonization of Africa in the 1960s have so many new states been established in one stroke in one region The post Soviet states moreover have all the necessary prerequisites for fruitful comparison a number of similarities but also significant differences in terms of size culture and recent history In order to survive in the long run modern states normally must have a population that possesses some sense of unity Its citizens must adhere to some common values and common allegiance towards the same state institutions and symbols This does not mean that all inhabitants must necessarily share the same culture but they should at least regard themselves as members of the same nation Strategies to foster this kind of common nationhood in a population are usually referred to as nation building After a decade of post Soviet nation building certain patterns are emerging and not always the

most obvious ones Some states seem to manage well against high odds while others appear to be disintegrating or sinking slowly into oblivion To a remarkable degree the former Soviet republics have chosen different models for their nation building This book examines the preconditions for these endeavors the goals the state leaders are aiming at and the means they employ to reach them **Poland and European Integration** T. Lane, M. Wolanski, Marian Wolański, 2015-12-17 Today's Euroscepticism contrasts sharply with the idealism of the thousands of Poles thrust out of their country after 1939 by war occupation and communism How could a future Poland find security and progress but by membership in a union of European states This book explores how Poles in exile attempted to shape opinion in Poland and the West **Putin's Strategic Culture, Climate Crisis, and Power Transition** Mette Skak, 2025-09-30 This book offers a new perspective on the security policy of Russia linking the Ukraine war with its climate policy and Putin's strategic culture It offers an analysis of Russian strategic culture Putin's strategic culture and operational code as well as Putinism being the mental underpinning of Kremlin practices at home and abroad The volume also addresses Russia's evolution during Putin's years in power and reflects upon Russia's global standing for example with respect to China The work stresses the dialectics between Russia's ideational geopolitics and its climate policy and energy geo economics employing a broad approach to understanding security A secondary analytical concern of the book is the implications and options of Putin's code for European security and world order The book offers a synthesis of various fields of research and draws on key works by other scholars to offer an overview of the evolving transition of the Russian state into climate denial and militarism This book will be of much interest to students of Russian security policy strategic culture and international relations **When Culture Becomes Politics** Thomas Pedersen, 2008-06-01 Taking the problem of European identity as his point of departure Thomas Pedersen's book offers a new theoretical perspective upon culture identity and nationality His main argument is that politics are more culturalized than we assume and that culture is more personalized than we recognize Nationality is becoming more personalized and hybrid and is acquiring an aesthetic dimension as a side effect of the democratization of art Citizens in the Western world and beyond are becoming symbol producers and culture producers and far from simply taking their cue from custom contemporary citizens therefore increasingly take an active part in the creation of national and supranational identities This insight leads the author to develop a new individual understanding of politics summarized in the concept of integristism and to advocate a politics of liberal culturalism and integrist cosmopolitanism as an alternative to both post modernism and Samuel Huntington's holistic religious culturalism **Russia as a Great Power** Jakob Hedenskog, Vilhelm Konnander, Bertil Nygren, Ingmar Oldberg, Christer Pursiainen, 2013-07-04 After a period of relative weakness and isolation during most of the 1990s Russia is again appearing as a major security player in world politics This book provides a comprehensive assessment of Russia's current security situation addressing such questions as What kind of player is Russia in the field of security What is the essence of its security policy What are the sources capabilities and priorities of its security policy What are the prospects for

the future One important conclusion to emerge is that while Russian foreign policy under Putin has become more pragmatic and responsive to both problems and opportunities the growing lack of checks and balances in domestic politics makes political integration with the West difficult and gives the president great freedom in applying Russia's growing power abroad

*Russian Nationalism and the Russian-Ukrainian War* Taras Kuzio, 2022-01-26 This book is the first to provide an in depth understanding of the 2014 crisis Russia's annexation of Crimea and Europe's de facto war between Russia and Ukraine The book provides a historical and contemporary understanding behind President Vladimir Putin Russia's obsession with Ukraine and why Western opprobrium and sanctions have not deterred Russian military aggression The volume provides a wealth of detail about the inability of Russia from the time of the Tsarist Empire throughout the era of the Union of Soviet Socialist Republics USSR and since the dissolution of the latter in 1991 to accept Ukraine as an independent country and Ukrainians as a people distinct and separate from Russians The book highlights the sources of this lack of acceptance in aspects of Russian national identity In the Soviet period Russians principally identified themselves not with the Russian Soviet Federative Republic but rather with the USSR as a whole Attempts in the 1990s to forge a post imperial Russian civic identity grounded in the newly independent Russian Federation were unpopular and notions of a far larger Russian imagined community came to the fore A post Soviet integration of Tsarist Russian great power nationalism and White Russian migr chauvinism had already transformed and hardened Russian denial of the existence of Ukraine and Ukrainians as a people even prior to the 2014 crises in Crimea and the Donbas Bringing an end to both the Russian occupation of Crimea and to the broader Russian Ukrainian conflict can be expected to meet obstacles not only from the Russian de facto President for life Vladimir Putin but also from how Russia perceives its national identity

#### **Russian Foreign Policy in the 21st Century** R.

Kanet, 2010-10-29 After the collapse of the Soviet Union expectations were high that a new world order was emerging in which Russia and the other former Soviet republics would join the Western community of nations That has not occurred This volume explains the reasons for this failure and assesses likely future developments in that relationship

#### **Democratic Consolidation in Eastern Europe: Volume 2: International and Transnational Factors** Jan Zielonka, Alex

Pravda, 2001-06-14 This is the second volume in a two volume series of books on democratic consolidation in Eastern Europe The first volume focused on the issue of institutional engineering This second volume analyses the external parameters of democratic consolidation in thirteen Eastern European countries how different international actors and various economic cultural and security types of transnational pressures have shaped democratic politics in the region The aim is to contrast a set of democracy theories with empirical evidence accumulated in Eastern Europe over the last ten years The volume tries to avoid complex debates about definitions methods and the uses and misuses of comparative research Instead it seeks to establish what has really happened in the region and which of the existing theories are helpful in explaining these developments The volume is divided into two parts The first part presents a conceptual and comparative frame of analysis the

second consists of detailed studies of individual countries undergoing democratic consolidation Case study chapters deal with the following countries Estonia and Latvia Hungary Poland the Czech Republic Slovakia Romania Bulgaria and Macedonia the states of former Yugoslavia Belarus and Ukraine and finally Russia The concluding chapter identifies a set of variables responsible for the enormous impact of external factors on democratic consolidation in Eastern Europe It conceptualises the interplay of internal and external factors impinging upon democracy and shows the interplay of different positive and negative types of external pressures It also evaluates the conscious Western effort to craft or engineer democracy in Eastern Europe

**The International Political Economy of the BRICS** Li Xing, 2019-02-18 Exploring to what extent the BRICS group is a significant actor challenging the global order this book focuses on the degree and consequence of their emergence and explores how important cooperation is to individual BRICS members foreign policy strategies and potential relevance as leaders in regional and global governance The BRICS countries Brazil Russia India China South Africa have come to play an important role on the global political scene As a group and as individual countries they have taken initiatives to establish new institutions and have engaged in yearly summits that coordinate their voice and focus on intra BRICS cooperation In this sense the BRICS may be seen as a balancing coalition and often the main opposing force to Western powers Looking at the debate around the role of the BRICS as an actor expert contributors also explore the international political economy IPE of individual BRICS countries as systemically important countries with highly asymmetrical individual power capacities The comprehensive theoretical and empirical coverage of this timely volume will be especially useful to students researchers and professionals interested in ongoing academic debates around the IPE of emerging powers and those researching global governance and globalization

**The World Today ,1996      Theoretical and Comparative Perspectives on Nationalism** Taras Kuzio, 2007-12-17 This volume brings together 15 articles divided into four sections on the role of nationalism in transitions to democracy the application of theory to country case studies and the role played by history and myths in the forging of national identities and nationalisms The book develops new theories and frameworks through engaging with leading scholars of nationalism Hans Kohn's propositions are discussed in relation to the applicability of the term civic with no ethno cultural connotations to liberal democracies Rogers Brubaker over the usefulness of dividing European states into civic and nationalizing states when the former have historically been nationalizers Will Kymlicka on the applicability of multiculturalism to post communist states and Paul Robert Magocsi on the lack of data to support claims of revivals by national minorities in Ukraine The book also engages with transitology over the usefulness of comparative studies of transitions in regions that underwent only political reforms and those that had quadruple transitions implying simultaneous democratic and market reforms as well as state and nation building A comparative study of Serbian and Russian diasporas focuses on why ethnic Serbs and Russians living outside Serbia and Russia reacted differently to the disintegration of Yugoslavia and the USSR The book dissects the writing of Russian and Soviet history that continues to

utilize imperial frameworks of history analyzes the re writing of Ukrainian history within post colonial theories and discusses the forging of Ukraine s identity within theories of Others as central to the shaping of identities The collection of articles proposes a new framework for the study of Ukrainian nationalism as a broader research phenomenon by placing nationalism in Ukraine within a theoretical and comparative perspective     The Baltic States After Independence The late Ole Nørgaard,1999-01-01 The Baltic States After Independence is an excellent and informative account of how the Baltic republics have failed This excellent book is indispensable for any scholar studying the former Soviet Union Although this book will be a definitive reference for transition scholars it deserves a wider audience I would encourage every economics major to read it or at least parts of it Too often the economics curriculum tainted by orthodoxy ignores the interdependence of economics politics and international relations The authors superbly demonstrate that markets do not develop independently and ahistorically rather their development is path dependent and guided by a qualified and efficient state apparatus I can think of no better book that disparages neoclassical orthodoxy almost to the point of irrelevancy while at the same time vindicating the central tenets of institutionalism Jack Reardon Journal of Economic Issues Acclaim for the first edition The book is of great help in understanding the Baltic states in particular the survival of what has been referred to as the civil society and the re establishment of democracy Ulf Hansson Initiative on Conflict Resolution and Ethnicity The second edition of this widely acclaimed book considers the extent to which the Baltic states have succeeded politically and economically in their aspirations to emulate Western institutions since independence The book has been completely revised since the first edition to account for the rapid changes in the countries themselves and in the theories that attempt to generalize the patterns of development in post communist countries     Post Communist States in the World Community William E. Ferry,Roger E. Kanet,2016-01-09 Post Communist States in the World Community provides a selection of papers on various aspects of the foreign and security policies of the post communist states of Europe presented originally at the Fifth World Congress of Central and East European Studies in Warsaw The articles cover Russian foreign and security policy Russian policy in Europe the foreign policies of the countries of East Central Europe and Russian policy in East Asia

*Thinking Peaceful Change* Frank Möller,2007-02-09 Frank M ller explores why the states and societies of the Baltic Sea region have not yet evolved into a security community despite the area undergoing since the mid 1980s considerable change with little turmoil This book focuses on the tensions resulting from policies in the Baltic states aiming at an increase in both security and sovereignty M ller shows how these states attempts at increasing their security were intricately bound up with their efforts at autonomous nation state building M ller argues that a primary obstacle to security community building was the construction of nation states based upon an exceedingly traditional template emphasizing the connection between the state sovereignty and military security The Baltic states aspired to NATO membership amid unique challenges such as the perceived threat of renascent Russian imperialism and the perseverance of a collective memory emphasizing anti Soviet

resistance M ller also examines such key issues as the demise of the Soviet Union the nonviolent withdrawal of Russian troops from the Baltic states and U S foreign policy in northern Europe Here is a profound multifaceted look at issues of security in the contemporary world a crucial tool for researchers and students of peace and conflict studies

### **From Empire To Anarchy Post Communist Foreign Policy And International Relations Introduction**

From Empire To Anarchy Post Communist Foreign Policy And International Relations Offers over 60,000 free eBooks, including many classics that are in the public domain. Open Library: Provides access to over 1 million free eBooks, including classic literature and contemporary works. From Empire To Anarchy Post Communist Foreign Policy And International Relations Offers a vast collection of books, some of which are available for free as PDF downloads, particularly older books in the public domain. From Empire To Anarchy Post Communist Foreign Policy And International Relations : This website hosts a vast collection of scientific articles, books, and textbooks. While it operates in a legal gray area due to copyright issues, its a popular resource for finding various publications. Internet Archive for From Empire To Anarchy Post Communist Foreign Policy And International Relations : Has an extensive collection of digital content, including books, articles, videos, and more. It has a massive library of free downloadable books. Free-eBooks From Empire To Anarchy Post Communist Foreign Policy And International Relations Offers a diverse range of free eBooks across various genres. From Empire To Anarchy Post Communist Foreign Policy And International Relations Focuses mainly on educational books, textbooks, and business books. It offers free PDF downloads for educational purposes. From Empire To Anarchy Post Communist Foreign Policy And International Relations Provides a large selection of free eBooks in different genres, which are available for download in various formats, including PDF. Finding specific From Empire To Anarchy Post Communist Foreign Policy And International Relations, especially related to From Empire To Anarchy Post Communist Foreign Policy And International Relations, might be challenging as theyre often artistic creations rather than practical blueprints. However, you can explore the following steps to search for or create your own Online Searches: Look for websites, forums, or blogs dedicated to From Empire To Anarchy Post Communist Foreign Policy And International Relations, Sometimes enthusiasts share their designs or concepts in PDF format. Books and Magazines Some From Empire To Anarchy Post Communist Foreign Policy And International

Relations books or magazines might include. Look for these in online stores or libraries. Remember that while From Empire To Anarchy Post Communist Foreign Policy And International Relations, sharing copyrighted material without permission is not legal. Always ensure you're either creating your own or obtaining them from legitimate sources that allow sharing and downloading. Library Check if your local library offers eBook lending services. Many libraries have digital catalogs where you can borrow From Empire To Anarchy Post Communist Foreign Policy And International Relations eBooks for free, including popular titles. Online Retailers: Websites like Amazon, Google Books, or Apple Books often sell eBooks. Sometimes, authors or publishers offer promotions or free periods for certain books. Authors Website Occasionally, authors provide excerpts or short stories for free on their websites. While this might not be the From Empire To Anarchy Post Communist Foreign Policy And International Relations full book, it can give you a taste of the authors writing style. Subscription Services Platforms like Kindle Unlimited or Scribd offer subscription-based access to a wide range of From Empire To Anarchy Post Communist Foreign Policy And International Relations eBooks, including some popular titles.

### **FAQs About From Empire To Anarchy Post Communist Foreign Policy And International Relations Books**

How do I know which eBook platform is the best for me? Finding the best eBook platform depends on your reading preferences and device compatibility. Research different platforms, read user reviews, and explore their features before making a choice. Are free eBooks of good quality? Yes, many reputable platforms offer high-quality free eBooks, including classics and public domain works. However, make sure to verify the source to ensure the eBook credibility. Can I read eBooks without an eReader? Absolutely! Most eBook platforms offer web-based readers or mobile apps that allow you to read eBooks on your computer, tablet, or smartphone. How do I avoid digital eye strain while reading eBooks? To prevent digital eye strain, take regular breaks, adjust the font size and background color, and ensure proper lighting while reading eBooks. What the advantage of interactive eBooks? Interactive eBooks incorporate multimedia elements, quizzes, and activities, enhancing the reader engagement and providing a more immersive learning experience. From Empire To Anarchy Post Communist Foreign Policy And International Relations is one of the best book in our library for free trial. We provide copy of From Empire To Anarchy Post Communist Foreign Policy And International Relations in digital format, so the resources that you find are reliable. There are also many Ebooks of related with From Empire To Anarchy Post Communist Foreign Policy And International Relations. Where to download From Empire To Anarchy Post Communist Foreign Policy And International Relations online for free? Are you looking for From Empire To Anarchy Post Communist Foreign Policy And International Relations PDF? This is definitely going to save you time and cash in something you should think about.
