Robert Castel

From Manual Workers To Wage Laborers Transformation Of The Social Question:

From Manual Workers to Wage Laborers Robert Castel, In this monumental book sociologist Robert Castel reconstructs the history of what he calls the social question or the ways in which both labor and social welfare have been organized from the Middle Ages onward to contemporary industrial society Throughout the author identifies two constants bearing directly on the question of who is entitled to relief and who can be excluded the degree of embeddedness in any given community and the ability to work Along this dual axis the author locates virtually the entire history of social welfare in early modern and contemporary Europe This work is a systematic defense of the meaningfulness of the category of the social written in the tradition of Foucault Durkheim and Marx Castel imaginatively builds on Durkheim's insight into the essentially social basis of work and welfare Castel populates his sociological framework with vivid characterizations of the transient lives of the disaffiliated those colorful itinerants whose very existence proved such a threat to the social fabric of early modern Europe Not surprisingly he discovers that the cruel and punitive measures often directed against these marginal figures are deeply implicated in the techniques and institutions of power and social control The author also treats the flip side side of the problem of social assistance namely matters of work and wage labor Castel brilliantly reveals how the seemingly objective line of demarcation between able bodied beggars those who are capable of work but who chose not to do so and those who are truly disabled becomes stretched in modernity to make room for the category of the working poor It is the novel crisis posed by those masses of population who are unable to maintain themselves by their labor alone that most deeply challenges modern societies and forges recognizably modern policies of social assistance The author's gloss on the social question also offers us valuable perspectives on contemporary debates over who should receive social assistance and whether this entitlement should be linked to the obligation to work Castel's rich insights and brilliant generalizations are invaluable for anyone concerned with what he describes as the new social question of work and social welfare in contemporary society

From Manual Workers to Wage Laborers Robert Castel, 2017-07-26 In this monumental book sociologist Robert Castel reconstructs the history of what he calls the social question or the ways in which both labor and social welfare have been organized from the Middle Ages onward to contemporary industrial society Throughout the author identifies two constants bearing directly on the question of who is entitled to relief and who can be excluded the degree of embeddedness in any given community and the ability to work Along this dual axis the author locates virtually the entire history of social welfare in early modern and contemporary Europe This work is a systematic defense of the meaningfulness of the category of the social written in the tradition of Foucault Durkheim and Marx Castel imaginatively builds on Durkheim's insight into the essentially social basis of work and welfare Castel populates his sociological framework with vivid characterizations of the transient lives of the disaffiliated those colorful itinerants whose very existence proved such a threat to the social fabric of early modern Europe Not surprisingly he discovers that the cruel and punitive measures often directed against these marginal figures are

deeply implicated in the techniques and institutions of power and social control The author also treats the flipside of the problem of social assistance namely matters of work and wage labor Castel brilliantly reveals how the seemingly objective line of demarcation between able bodied beggars those who are capable of work but who chose not to do so and those who are truly disabled becomes stretched in modernity to make room for the category of the working poor It is the novel crisis posed by those masses of population who are unable to maintain themselves by their labor alone that most deeply challenges modern societies and forges recognizably modern policies of social assistance The author's gloss on the social question also offers us valuable perspectives on contemporary debates over who should receive social assistance and whether this entitlement should be linked to the obligation to work Castel's rich insights and brilliant generalizations are invaluable for anyone concerned with what he describes as the new social question of work and social welfare in contemporary society

Law and the Philosophy of Privacy Janice Richardson, 2015-08-20 Situating privacy within the context of political philosophy this book highlights the way in which struggles concerning the meaning of privacy have always been political Different conceptions of privacy are here shown to involve diverse assumptions about ontology our conceptions of self culture society and communication Privacy theory's debt to Locke Kant or Mill and what is at stake in their conceptual frameworks is examined The extent to which the term privacy has been used to the detriment of and to create weaker parties in marriage in the workplace and now as citizens or non citizens and consumers as well as employees is also demonstrated In contrast Janice Richardson pursues the relevance of Floridi's philosophy of information before turning to her application of Spinoza the philosopher of communication in order to outline a more useful framework through which to think about privacy today The book will be of interest to those working in political philosophy feminist philosophy law the philosophy of information sociology media and cultural studies

States and the Making of Others Jeanne Bouyat, Amandine Le Bellec, Lucas Puygrenier, 2024-06-17 This volume offers a unique interdisciplinary and comparative perspective on contemporary processes of othering by state institutions in relation to dynamics of racism xenophobia sexism homo transphobia as well as ethnic and class based discriminations It focuses on eight original case studies empirically grounded in various domains of the social state in Southern African and Western European contexts the education and health care systems the regulation of work and of procreation rights and institutions in charge of granting asylum The authors provide key insights on how states produce Others and on how othering contributes in turn to the process of state formation and the politicization of public action

The SAGE Encyclopedia of World Poverty Mehmet Odekon, 2015-06-15 The SAGE Encyclopedia of World Poverty Second Edition addresses the persistence of poverty across the globe while updating and expanding the landmark work Encyclopedia of World Poverty originally published in 2006 prior to the economic calamities of 2008 For instance while continued high rates of income inequality might be unsurprising in developing countries such as Mexico the Organization of Economic Co operation and Development OECD reported in May 2013 even countries with historically low levels of income inequality have

experienced significant increases over the past decade including Denmark Sweden and Germany The U N and the World Bank also emphasize the persistent nature of the problem It is not all bad news In March 2013 the Guardian newspaper reported Some of the poorest people in the world are becoming significantly less poor according to a groundbreaking academic study which has taken a new approach to measuring deprivation The report by Oxford University s poverty and human development initiative predicts that countries among the most impoverished in the world could see acute poverty eradicated within 20 years if they continue at present rates On the other hand the U N says environmental threats from climate change could push billions more into extreme poverty in coming decades All of these points lead to the need for a revised updated and expanded edition of the Encyclopedia of World Poverty Key Features 775 evaluated and updated and 175 entirely new entries New Reader s Guide categories Signed articles with cross references Further Readings will be accompanied by pedagogical elements Updated Chronology Resource Guide Glossary and thorough new Index The SAGE Encyclopedia of World Poverty Second Edition is a dependable source for students and researchers who are researching world poverty making it a must have reference for all academic libraries

Marketization Ian Greer, Charles Umney, 2022-10-06 How do markets function Who creates shapes and organizes them And what do they mean for the relationship between labor and capital Marketization examines how the state and capital use markets to discipline the working class Ian Greer and Charles Umney provide a comprehensive overview of the European political economy from the European Commission to the workplace to show how neoliberal principles translate into market mechanisms and reshape the lives of workers Drawing on dozens of conversations with policymakers administrators businesses workers and trade unionists across many European countries Greer and Umney unpack marketization They go beyond liberal theories that see markets as natural forms of economic organization and broad brush left critiques of neoliberalism looking behind the scenes in the current European political economy to examine the practicalities of how markets are created and manipulated by employers policymakers and bureaucrats in pursuit of greater profitability Far from leading to greater freedom these processes often override the rights of individuals degrade the status and security of workers and undermine democratic accountability

Elgar Encyclopedia of Political Sociology Maria Grasso, Marco Giugni, 2023-12-11 This comprehensive and authoritative Encyclopedia featuring entries written by academic experts in the field explores the diverse topics within the discipline of political sociology By looking at both macro and micro components questions relating to nation states political institutions and their development and the sources of social and political change such as social movements and other forms of contentious politics are raised and critically analysed

Unemployment and Activation Policies in Europe and the US Henning Jørgensen, Michaela Schulze, 2024-11-08 This insightful book presents a detailed analysis of the activation policies utilized by governments across Europe and the US Editors Henning Jørgensen and Michaela Schulze bring together a wealth of experts to collate key developments and understandings in global activation policies acknowledging the different

ways in which countries and governments attempt to combat unemployment and the importance of subnational governance capabilities *The I in We* Axel Honneth,2014-11-05 In this volume Axel Honneth deepens and develops his highly influential theory of recognition showing how it enables us both to rethink the concept of justice and to offer a compelling account of the relationship between social reproduction and individual identity formation Drawing on his reassessment of Hegel s practical philosophy Honneth argues that our conception of social justice should be redirected from a preoccupation with the principles of distributing goods to a focus on the measures for creating symmetrical relations of recognition This theoretical reorientation has far reaching implications for the theory of justice as it obliges this theory to engage directly with problems concerning the organization of work and with the ideologies that stabilize relations of domination In the final part of this volume Honneth shows how the theory of recognition provides a fruitful and illuminating way of exploring the relation between social reproduction and identity formation Rather than seeing groups as regressive social forms that threaten the autonomy of the individual Honneth argues that the I is dependent on forms of social recognition embodied in groups since neither self respect nor self esteem can be maintained without the supportive experience of practising shared values in the group This important new book by one of the leading social philosophers of our time will be of great interest to students and scholars in philosophy sociology politics and the humanities and social sciences generally **Handbook of**

European Social Policy Patricia Kennett,Noemi Lendvai-Bainton,2017-08-25 This Handbook will comprise of 29 original pieces from key contributors to the field of European social policy It is intended to capture the state of the art in European social policy and to generate and contribute to debates on the the future of European social policy in the 21st Century It will be a comprehensive and authoritative resource for research and teaching covering themes and policy areas including social exclusion pensions education children and family as well as mobility and migration multiculturalism and climate change

The Struggle for Social Sustainability Deeming, Christopher,2021-04-28 The ongoing social crises and moral conflicts evident in global social policy debates are addressed in this timely volume Leading interdisciplinary scholars focus on the social of social policy which is increasingly conceived in a globalised form as new international agreements and global goals engender social struggles They tackle pressing social questions many of which have been exacerbated by COVID 19 including growing inequality changing world population ageing societies migration and intersectional disadvantage This ground breaking volume critically engages with contested conceptions of the social which are increasingly deployed by international institutions and policy makers Focusing on social sustainability social cohesion social justice social wellbeing and social progress this text is even more crucial as policy makers look to accelerate socially sustainable solutions to the world s biggest challenges *The European Experience* Jan Hansen,Jochen Hung,Jaroslav Ira,Judit Klement,Sylvain Lesage,Juan Luis Simal,Andrew Tompkins,2023-02-21 The European Experience brings together the expertise of nearly a hundred historians from eight European universities to internationalise and diversify the study of modern European history exploring

a grand sweep of time from 1500 to 2000 Offering a valuable corrective to the Anglocentric narratives of previous English language textbooks scholars from all over Europe have pooled their knowledge on comparative themes such as identities cultural encounters power and citizenship and economic development to reflect the complexity and heterogeneous nature of the European experience Rather than another grand narrative the international author teams offer a multifaceted and rich perspective on the history of the continent of the past 500 years Each major theme is dissected through three chronological sub chapters revealing how major social political and historical trends manifested themselves in different European settings during the early modern 1500 1800 modern 1800 1900 and contemporary period 1900 2000 This resource is of utmost relevance to today s history students in the light of ongoing internationalisation strategies for higher education curricula as it delivers one of the first multi perspective and truly European analyses of the continent s past Beyond the provision of historical content this textbook equips students with the intellectual tools to interrogate prevailing accounts of European history and enables them to seek out additional perspectives in a bid to further enrich the discipline

A New Social Question Casey Harison, 2015-11-25 A New Social Question Capitalism Socialism and Utopia brings together a selection of papers presented at the conference on Capitalism and Socialism Utopia Globalization and Revolution at New Harmony Indiana in 2014 New Harmony is best known as the site of industrialist Robert Owen s experiment in communal living in 1825 and it was Owen s legacy that drew scholars from across the Atlantic Owen s work and his experiment at New Harmony again have currency as the world looks back on the 2008 economic crisis and as socialism seemingly banished with the failure of experiments in Eastern Europe and the former Soviet Union at the end of the last century has returned to the political and economic lexicon As David Harvey Thomas Piketty and Joyce Appleby have lately reminded us capitalism particularly the forms it has assumed since 1945 is probably exceptional perhaps ephemeral but also dynamic and resilient If the Great Recession has derailed personal lives destabilized economies and unnerved politicians it has also reminded us that we have not reached the end of history Where there was once a Social Question there is now a New Social Question This edited multi disciplinary volume will appeal to readers in political science economics history sociology anthropology literature communications and cultural studies and to academic audiences in North America Britain and elsewhere

Temporary Agency Workers in Italy and the UK Alessio Bertolini, 2020-05-13 This book offers a comparative exploration of the various disadvantages experienced by a category of atypical workers compared to standard employees in the UK and Italy and considers whether and how the differences can be attributed to contrasting institutional settings and political economies Bertolini explores the lived experience of these workers and demonstrates how institutional variables interact in complex ways with individual socio demographic characteristics as well as the broader socio economic context to shape individual disadvantages and engender different experiences of precariousness Temporary Agency Workers in Italy and the UK will be of interest to students and scholars of political economy sociology of work welfare studies labour market policy

and industrial relations **Solidarity Bodies** Anna D'Ascenzio, Stefania Ferraro, 2019-12-05T00:00:00+01:00 This book aims to investigate the phenomenon of volunteering as a workfare event as a synchronous rewriting of territorial policy and advocacy according to the principles of risk and border The two terms as a solid sociological category shed light on the material and semantic shift of European welfare Beyond its contents this book represents an important research experience of a complex European wide survey network on the phenomenon of volunteering and a best practice of collaboration and cultural exchange between university researchers and men and women that work in the field of social policies concretely and every day *Erich Fromm's Critical Theory* Kieran Durkin, Joan Braune, 2020-04-16 Interest in Fromm is increasing as a prominent Marxist sociologist psychoanalytic theorist and public intellectual the unique normative humanist thrust of his writings provides a crucial critical reference point for those seeking to understand and transcend the societal pathologies of our age The essays in this volume retrieve revive and expand upon Fromm's central insights and contributions They offer a critical theory of culture the self psychology and society that goes beyond what is typical of the narrower concerns of the fragmented and isolated disciplines of today demonstrating the pan disciplinary potential of Fromm's work But this book does not simply reassert Fromm's ideas and rehash his theories but rather reconstructs them to bring them into meaningful dialogue with contemporary ideas and cultural political and economic developments Providing new approaches to Fromm's ideas and work brings them up to date with contemporary problems and debates in theory and society and helps us understand the challenges of our times **Handbook on the Geographies of Power** Mat Coleman, John Agnew, 2018-07-27 The so called spatial turn in the social sciences means that many researchers have become much more interested in what can be called the spatialities of power or the ways in which power as a medium for achieving goals is related to where it takes place Most famous authors on the subject such as Machiavelli and Hobbes saw power as entirely equivalent to domination exercised by some over others Though this meaning is hardly redundant understandings of power have become more multidimensional and nuanced as a result of the spatial turn Much recent writing in human geography for example has rigorously extended use of the term power beyond its typical understanding as a resource that pools up in some hands and some places to a medium of agency that has different effects depending on how it is deployed across space and how actors cooperate or not to give it effect To address this objective the book is organized thematically into four sections that cover the main areas in which much of the contemporary work on geographies of power is concentrated bodies economy environment and energy and war The Making of the Citizen-Worker Federico Tomasello, 2023-07-31 Over the course of the 19th century European societies started thinking of themselves as civilisations of work In the wake of the political and industrial revolutions labour as a human activity and condition gradually came to embody a general principle of order progress and governance How did work become so central to our systems of citizenship and social recognition The book addresses this question by considering the French context in the long transition between the 1789 and 1848 revolutions and focusing on a

specific fragment of history in the early 1830s marked by a pandemic crisis and the first consequences of industrialisation It combines the analysis of both political institutions and social movements to retrace the rise of a labour based social contract revolving around the citizen worker as the quintessential subject of rights The first part of the book highlights the role played by the genesis of the modern social sciences and analyses it as a political process that established work as an object of governance and scientific investigation thus fostering pioneering measures of welfare centred on work conditions The second part focuses on the emergence of the concept of working class and the modern labour movement which structured the world of work as a collective political subject Chapter 2 of this book is freely available as a downloadable Open Access PDF at <http://www.taylorfrancis.com> under a Creative Commons Attribution Non Commercial No Derivatives CC BY NC ND 4.0 license

Who Gets What? Frances McCall Rosenbluth, Margaret Weir, 2021-07-29 The authors of this timely book *Who Gets What* harness the expertise from across the social sciences to show how skyrocketing inequality and social dislocation are fracturing the stable political identities and alliances of the postwar era across advanced democracies Drawing on extensive evidence from the United States and Europe with a focus especially on the United States the authors examine how economics and politics are closely entwined Chapters demonstrate how the new divisions that separate people and places and fragment political parties hinder a fairer distribution of resources and opportunities They show how employment education sex and gender and race and ethnicity affect the way people experience and interpret inequality and economic anxieties Populist politics have addressed these emerging insecurities by deepening social and political divisions rather than promoting broad and inclusive policies

What is Social Policy? Daniel Béland, 2010-09-14 Providing a concise political and sociological introduction to social policy this text helps readers to grasp the nature of social programs and the political struggles surrounding them

From Manual Workers To Wage Laborers Transformation Of The Social Question Introduction

In today's digital age, the availability of From Manual Workers To Wage Laborers Transformation Of The Social Question books and manuals for download has revolutionized the way we access information. Gone are the days of physically flipping through pages and carrying heavy textbooks or manuals. With just a few clicks, we can now access a wealth of knowledge from the comfort of our own homes or on the go. This article will explore the advantages of From Manual Workers To Wage Laborers Transformation Of The Social Question books and manuals for download, along with some popular platforms that offer these resources. One of the significant advantages of From Manual Workers To Wage Laborers Transformation Of The Social Question books and manuals for download is the cost-saving aspect. Traditional books and manuals can be costly, especially if you need to purchase several of them for educational or professional purposes. By accessing From Manual Workers To Wage Laborers Transformation Of The Social Question versions, you eliminate the need to spend money on physical copies. This not only saves you money but also reduces the environmental impact associated with book production and transportation. Furthermore, From Manual Workers To Wage Laborers Transformation Of The Social Question books and manuals for download are incredibly convenient. With just a computer or smartphone and an internet connection, you can access a vast library of resources on any subject imaginable. Whether you're a student looking for textbooks, a professional seeking industry-specific manuals, or someone interested in self-improvement, these digital resources provide an efficient and accessible means of acquiring knowledge. Moreover, PDF books and manuals offer a range of benefits compared to other digital formats. PDF files are designed to retain their formatting regardless of the device used to open them. This ensures that the content appears exactly as intended by the author, with no loss of formatting or missing graphics. Additionally, PDF files can be easily annotated, bookmarked, and searched for specific terms, making them highly practical for studying or

referencing. When it comes to accessing From Manual Workers To Wage Laborers Transformation Of The Social Question books and manuals, several platforms offer an extensive collection of resources. One such platform is Project Gutenberg, a nonprofit organization that provides over 60,000 free eBooks. These books are primarily in the public domain, meaning they can be freely distributed and downloaded. Project Gutenberg offers a wide range of classic literature, making it an excellent resource for literature enthusiasts. Another popular platform for From Manual Workers To Wage Laborers Transformation Of The Social Question books and manuals is Open Library. Open Library is an initiative of the Internet Archive, a non-profit organization dedicated to digitizing cultural artifacts and making them accessible to the public. Open Library hosts millions of books, including both public domain works and contemporary titles. It also allows users to borrow digital copies of certain books for a limited period, similar to a library lending system. Additionally, many universities and educational institutions have their own digital libraries that provide free access to PDF books and manuals. These libraries often offer academic texts, research papers, and technical manuals, making them invaluable resources for students and researchers. Some notable examples include MIT OpenCourseWare, which offers free access to course materials from the Massachusetts Institute of Technology, and the Digital Public Library of America, which provides a vast collection of digitized books and historical documents. In conclusion, From Manual Workers To Wage Laborers Transformation Of The Social Question books and manuals for download have transformed the way we access information. They provide a cost-effective and convenient means of acquiring knowledge, offering the ability to access a vast library of resources at our fingertips. With platforms like Project Gutenberg, Open Library, and various digital libraries offered by educational institutions, we have access to an ever-expanding collection of books and manuals. Whether for educational, professional, or personal purposes, these digital resources serve as valuable tools for continuous learning and self-improvement. So why not take advantage of the vast world of From Manual Workers To Wage Laborers Transformation Of The Social Question books and manuals for download and embark on your journey of knowledge?

FAQs About From Manual Workers To Wage Laborers Transformation Of The Social Question Books

How do I know which eBook platform is the best for me? Finding the best eBook platform depends on your reading preferences and device compatibility. Research different platforms, read user reviews, and explore their features before making a choice. Are free eBooks of good quality? Yes, many reputable platforms offer high-quality free eBooks, including classics and public domain works. However, make sure to verify the source to ensure the eBook credibility. Can I read eBooks without an eReader? Absolutely! Most eBook platforms offer web-based readers or mobile apps that allow you to read eBooks on your computer, tablet, or smartphone. How do I avoid digital eye strain while reading eBooks? To prevent digital

eye strain, take regular breaks, adjust the font size and background color, and ensure proper lighting while reading eBooks. What the advantage of interactive eBooks? Interactive eBooks incorporate multimedia elements, quizzes, and activities, enhancing the reader engagement and providing a more immersive learning experience. From Manual Workers To Wage Laborers Transformation Of The Social Question is one of the best book in our library for free trial. We provide copy of From Manual Workers To Wage Laborers Transformation Of The Social Question in digital format, so the resources that you find are reliable. There are also many Ebooks of related with From Manual Workers To Wage Laborers Transformation Of The Social Question. Where to download From Manual Workers To Wage Laborers Transformation Of The Social Question online for free? Are you looking for From Manual Workers To Wage Laborers Transformation Of The Social Question PDF? This is definitely going to save you time and cash in something you should think about.
