BIOGRAPHY BOOK FOR KIDS JUNIOR SCHOLARS EDITION | CHILDREN'S BIOGRAPHY BOOKS

From Michelangelo To Rembrandt

John La Farge

From Michelangelo To Rembrandt:

From Michelangelo to Rembrandt Clifford S. Ackley, Teylers Museum, 1989 *MICHELANGELO TO REMBRANDT*
Clifford S. Ackley, 1989 **From Michelangelo to Rembrandt**, 1989 Little Journeys to the Homes of Eminent Painters:
Michelangelo. Rembrandt. Rubens. Meissonier. Titian. Anthony Van Dyck Elbert Hubbard, 1911 *Great Masters* John La
Farge, 1915 *The Liturgy of Love* Marilyn Aronberg Lavin, Irving Lavin, 2001 The Liturgy of Love is an exploration of art
reflecting the relationship between spiritual and physical love as expressed in the Old Testament Song of Songs *A Brief*
History of the Artist from God to Picasso Paul Barolsky, 2015-08-26 In A Brief History of the Artist from God to Picasso Paul
Barolsky explores the ways in which fiction shapes history and history informs fiction It is a playful book about artistic
obsession about art history as both tragedy and farce and about the heroic and the mock heroic The book demonstrates that
the modern idea of the artist has deep roots in the image of the epic poet from Homer to Ovid to Dante Barolsky's major
claim is that the history of the artist is inseparable from historical fiction about the artist and that fiction is essential to the
reality of the artist's imagination **Michelangelo and Rembrandt** Emil Ludwig, 1958 **American Journal of**
Archaeology and of the History of the Fine Arts, 1909 Sprezzatura and the Art of Painting Finely Philipp P.
Fehl, 1997 Apelles Raphael Sanzio Michelangelo Buonarroti Titiaan di Gregorio Vecellio Rembrandt van Rijn Borch Gerard ter
Sprezzatura **Michelangelo's Design Principles, Particularly in Relation to Those of Raphael** Erwin
Panofsky, 2020-06-23 Abstract The discovery of the actual manuscript was featured on the front pages of the major German
newspapers and reported throughout the world It consists of 334 pages typewritten with extensive handwritten amendments
notes and edits According to Gerda Panofsky her husband had continued to expand and edit the manuscript until 1922 and
was preparing it for publication when he had to leave it behind In this study Panofsky provides a detailed analysis of
Michelangelo's artistic style comparing Michelangelo directly with Raphael and then later taking a larger historical view This
text offers important new information about the evolution of Panofsky's scholarship as well as on the state of research on
Michelangelo and the High Renaissance during a period of transition for the discipline in which formal readings of artworks
began to take precedence over artists' biographies **American Journal of Archaeology**, 1909 **Drawings by**
Rembrandt and His Pupils Rembrandt Harmenszoon van Rijn, Holm Bevers, 2009 Rembrandt was the most famous painter
of the Dutch Golden Age and the opportunity to work in his studio attracted young artists for nearly four decades until the
artist's death in 1669 This catalogue explores the workings of Rembrandt's studio in the form of drawings made by the
master himself and fifteen of his pupils Rembrandt and his students would often depict the same subject matter as an
exercise and make drawings of the same nude models In his later years Rembrandt also made sketching trips outside
Amsterdam to create his innovative landscapes of the Dutch countryside His students followed this example sometimes
depicting the same sites Organized chronologically Drawings by Rembrandt and His Pupils Telling the Difference is a

groundbreaking study that presents more than forty works by Rembrandt and related works by his pupils It explores the scholarship of recent decades that has brought new and more systematic criteria to bear on determining the authenticity of Rembrandt drawings and defines the styles of his pupils and followers with ever greater precision In so doing this volume demystifies the sometimes baffling exercise known as connoisseurship and seeks to re enact the daily practices that Rembrandt used to teach his students and bring them to artistic maturity This is an essential book for anyone interested in the Dutch Golden Age or the lives and careers of Rembrandt and the artists in his immediate circle A major exhibition of these drawings will be on view at the J Paul Getty Museum from December 8 2009 to February 28 2010 Book Jacket

Rembrandt and the Inspiration of India Stephanie Schrader, 2018-03-20 This sumptuously illustrated volume examines the impact of Indian art and culture on Rembrandt 1606 1669 in the late 1650s By pairing Rembrandt's twenty two extant drawings of Shah Jahan Jahangir Dara Shikoh and other Mughal courtiers with Mughal paintings of similar compositions the book critiques the prevailing notion that Rembrandt brought life to the static Mughal art Written by scholars of both Dutch and Indian art the essays in this volume instead demonstrate how Rembrandt's contact with Mughal painting inspired him to draw in an entirely new refined style on Asian paper an approach that was shaped by the Dutch trade in Asia and prompted by the curiosity of a foreign culture Seen in this light Rembrandt's engagement with India enriches our understanding of collecting in seventeenth century Amsterdam the Dutch global economy and Rembrandt's artistic self fashioning A close examination of the Mughal imperial workshop provides new insights into how Indian paintings came to Europe as well as how Dutch prints were incorporated into Mughal compositions Wayne Thiebaud Timothy Anglin Burgard, 2025-03-18 Explores Wayne Thiebaud's career as a self described thief who appropriated and reinterpreted old and new European and American artworks Although artist Wayne Thiebaud 1920 2021 earned acclaim for his poetic renderings of the prosaic particulars of American life he openly admitted that it's hard for me to think of artists who weren't influential on me because I'm such a blatant thief Wayne Thiebaud Art Comes from Art features the artist's virtuosic appropriations and reinterpretations of old and new European and American artworks spanning from Andrea Mantegna to douard Manet Henri Matisse to Richard Diebenkorn offering crucial insights into his creative process Thiebaud's exploration of art artists and art history along with the practices of copying appropriation and reinterpretation allowed him not only to see through the eyes of other artists but also to commune with them through their work expanding his own vision This career long engagement with the concept of appropriation illustrates his perception of art history as an encyclopedic bureau of standards a rich repository and resource that offers working artists community with their predecessors and communion with their artworks Published in association with the Fine Arts Museums of San Francisco Exhibition dates Legion of Honor March 22 August 17 2025 **Georg Simmel and German Culture** Efraim Podoksik, 2021-07-15 The significance of the German philosopher and social thinker Georg Simmel 1858 1918 is only now being recognised by intellectual historians Through

penetrating readings of Simmel's thought taken as a series of reflections on the essence of modernity and modern civilisation Efraim Podoksik places his ideas within the context of intellectual life in Germany and especially Berlin under the Kaiserreich Modernity characterised by the growing differentiation and fragmentation of culture and society was a fundamental issue during Simmel's life underpinning central intellectual debates in Imperial Germany Simmel's thought is depicted here as an attempt at transforming the complexity of these debates into a coherent worldview that can serve as an effective guide to understanding their main parameters Paying particular attention to the genealogy and usage of the concepts of Bildung culture and civilisation in Germany this study offers contextual analyses of Simmel's philosophies of culture society art religion and the feminine as well as his interpretations of Dante Kant Nietzsche Schopenhauer Goethe and Rembrandt

More Than Life Stéphane Symons, 2017-09-15 More Than Life Georg Simmel and Walter Benjamin on Art is the first book to trace the philosophical relation between Georg Simmel and his one time student Walter Benjamin two of the most influential German thinkers of the twentieth century Reading Simmel's work particularly his essays on Michelangelo Rembrandt and Rodin alongside Benjamin's concept of *Unscheinbarkeit* inconspicuousness and his writings on Charlie Chaplin More Than Life demonstrates that both Simmel and Benjamin conceive of art as the creation of something entirely new rather than as a mimetic reproduction of a given The two thinkers diverge in that Simmel emphasizes the presence of a continuous movement of life whereas Benjamin highlights the priority of discontinuous interruptive moments With the aim of further elucidating Simmel and Benjamin's ideas on art Stéphane Symons presents a number of in depth analyses of specific artworks that were not discussed by these authors Through an insightful examination of both the conceptual affinities and the philosophical differences between Simmel and Benjamin Symons reconstructs a crucial episode in twentieth century debates on art and aesthetics

School Arts ,1919 Shirakaba and Japanese Modernism Erin

Schoneveld, 2019-01-04 Shirakaba and Japanese Modernism examines the most significant Japanese art and literary magazine of the early twentieth century Shirakaba White Birch 1910 1923 In this volume Erin Schoneveld explores the fluid relationship that existed between different types of modern visual media exhibition formats and artistic practices embraced by the Shirakaba White Birch Society Schoneveld provides a new comparative framework for understanding how the avant garde pursuit of individuality during Japan's Taishō period stood in opposition to state sponsored modernism and how this played out in the emerging media of art magazines This book analyzes key moments in modern Japanese art and intellectual history by focusing on the artists most closely affiliated with Shirakaba including Takamura Kitarō Umehara Ryōzaburō and Kishida Ryōsei who selectively engaged with and transformed modernist idioms of individualism and self expression to create a new artistic style that gave visual form to their own subjective reality Drawing upon archival research that includes numerous articles images and exhibitions reviews from Shirakaba as well as a complete translation of Yanagi Sōetsu's seminal essay *The Revolutionary Artist* Kakumei no gaka Schoneveld demonstrates that contrary to the received

narrative that posits Japanese modernism as merely derivative the debate around modernism among Japan's early avant garde was lively contested and self reflexive

Jews and Journeys Joshua Levinson, Orit Bashkin, 2021-08-06 Journeys of dislocation and return of discovery and conquest hold a prominent place in the imagination of many cultures Wherever an individual or community may be located it would seem there is always the dream of being elsewhere This has been especially true throughout the ages for Jews for whom the promises and perils of travel have influenced both their own sense of self and their identity in the eyes of others How does travel writing as a genre produce representations of the world of others against which one's own self can be invented or explored And what happens when Jewish authors in particular whether by force or of their own free will whether in reality or in the imagination travel from one place to another How has travel figured in the formation of Jewish identity and what cultural and ideological work is performed by texts that document or figure specifically Jewish travel Featuring essays on topics that range from Abraham as a traveler in biblical narrative to the guest book entries at contemporary Israeli museum and memorial sites from the marvels medieval travelers claim to have encountered to eighteenth century Jewish critiques of Orientalism from the Wandering Jew of legend to one mid twentieth century Yiddish writer's accounts of his travels through Peru *Jews and Journeys* explores what it is about travel writing that enables it to become one of the central mechanisms for exploring the realities and fictions of individual and collective identity
