moves around quicker It doesn't mean you are always safe though Sometimes unexplained or just something paranormal are waiting to happen There is a term for such a phenomenon the appearance in consciousness of memory images which are not recognize as such but appear as real Sleep seems like a simple human rights does it not Like eating and clothing the body If you are hungry and came to me for food would I hesitate to give it to you Of course not If you have nothing to wear would I not give you something of my own Certainly I would But if you needed sleep a few hours of precious oblivion how could I help you I couldn't and there is nothing I can do about it We live in a changing times that we fear tomorrow more than yesterday What's to come next Will be annihilated in our bed Will we die from sleep paralysis Will the ghost that had come with this book never leave you again Is there any way ever living in peace ever again Who can save us or the end is inevitable WARNING Do not read this book alone And make sure that you are reading in a well lighted area The entities that are associated with this book might interact with you

A Belief System from Beyond the Box Edgar K. Dejean, 2009-04 As I go back to the first blog that I released into cyberspace I discover that the date was May 27 2005 and the title was It's Beyond Me As I scan forward through all the postings I find that two major themes have developed synergistically 1 That segment of the formal religious establishment described loosely by the term church is under stress The extreme nature of this stress is demonstrated by the current often quoted fearsome phrase The Church must change or it will die 2 The most frequently offered response to this dilemma is the admonition We must think beyond the box Pragmatism indicates that The Church must change or it will die phrase is hopelessly destructive Might this prediction be more approachable if rephrased as The Church must morph then survive Survival indicates that it is essential that we determine what it is in the box that we must think beyond What should be changed so that our belief systems can morph thus equipping the church to morph to survival It

is my conclusion that my past conceptualizations of God my core beliefs have been formed by inhibiting Climates of Cultures deposited in the box over the ages in an attempt to make God comprehensible It is my emerging discovery that when we think beyond the box we recognize the Atmosphere of Possibilities the Incomprehensible God of the Universe Though our core beliefs may differ we all should be encouraged to hold beliefs that give us the joy of being response able to Incomprehensible God the Atmosphere of Possibilities and responsible to with comprehensible humanity including ourselves
