Contested Waters Amit Ranjan, 2020-09-02 This book examines India's transboundary river water disputes with its South Asian riparian neighbours Pakistan Bangladesh Nepal and Bhutan It explores the history of disputes and cooperation over the transboundary river water in this region as well as discusses current disputes and future concerns It analyses how and why existing transboundary river water sharing treaties between India and its South Asian riparian neighbours are confronted with challenges The book indicates that India's transboundary river water disputes with its South Asian riparian neighbours are likely to escalate in coming years due to the widening of the demand supply gap in the respective countries It further shows the impact of bilateral relations on the resolution of transboundary river water disputes even as cordial relationships do not always guarantee the absence of river water disputes between riparian states The book looks at some key questions How political are India's transboundary rivers water disputes in South Asia Why do the roots of India's river water disputes with Bangladesh and Pakistan lie in the partition of the British India in 1947 Why are there reservations against India's hydroelectricity projects or allegations of water theft Is it possible to resolve transboundary river water disputes among these South Asian countries This book will greatly interest scholars and researchers working in the areas of river management environmental politics transnationalism water resources politics and international relations security studies peace and conflict studies geopolitics development studies governance and public administration and South Asian studies in addition to policymakers and journalists *IJER Vol 5-N1* International Journal of Educational Reform, 1996-01-01 The mission of the International Journal of Educational Reform IJER is to keep readers up to date with worldwide developments in education reform by providing scholarly information and practical analysis from recognized international authorities As the only peer reviewed scholarly publication that combines authors voices without regard for the political affiliations perspectives or research methodologies IJER provides readers with a balanced view of all sides of the political and educational mainstream To this end IJER includes but is not limited to inquiry based and opinion pieces on developments in such areas as policy administration curriculum instruction law and research IJER should thus be of interest to professional educators with decision making roles and policymakers at all levels turn since it provides a broad based conversation between and among policymakers practitioners and academicians about reform goals objectives and methods for success throughout the world Readers can call on IJER to learn from an international group of reform implementers by discovering what they can do that has actually worked IJER can also help readers to understand the pitfalls of current reforms in order to avoid making similar mistakes Finally it is the mission of IJER to help readers to learn about key issues in school reform from

China's India War Bertil Lintner,2018-01-25 The Sino Indian War of 1962 delivered a crushing defeat to India not only did the country suffer a loss of lives and a heavy blow to its pride the world began to see India as the provocateur of the war with China merely defending its territory This perception that China was largely the innocent victim of Nehru s hostile policies was put forth by journalist Neville Maxwell in his book India s China War which found readers in many opinion makers including Henry Kissinger and Richard Nixon For far too long Maxwell s narrative which sees India as the aggressor and China as the victim has held court Nearly 50 years after Maxwell s book Bertil Lintner s China s India War puts the border dispute into its rightful perspective Lintner argues that China began planning the war as early as 1959 and proposes that it was merely a small move in the larger strategic game that China was playing to become a world player one that it continues to play even today

Bhoutan, dernier royaume bouddhiste de l'Himalaya Thierry Mathou, 1997-12-31T23:00:00+01:00 Dernier royaume bouddhiste de l'Himalaya le Bhoutan est doté d'une forte identité religieuse sociale et politique héritée d'une histoire remontant au VII^e siècle. Farouchement attaché son indépendance il a su préserver l'originalité de sa culture au prix d'un isolement relatif qui n'a pris fin qu'au tournant des années soixante. Récemment engagé dans un processus de développement respectueux des traditions le Bhoutan s'efforce aujourd'hui d'explorer les voies étroites du bonheur national brut. L'irruption de facteurs exogènes comme l'immigration ainsi que l'ouverture progressive du royaume aux influences étrangères ne sont pas sans poser des questions sur l'évolution de sa société qui tente de réaliser la difficile synthèse entre matérialisme et spiritualité.
