Free at Last? Reflections on Freedom and the Abolition of the British Transatlantic Slave Trade Cecily Jones, Amar Nahab, 2011-05-25 The global commemorative events of 2007 that marked the bicentennial anniversary of the parliamentary abolition of the African slave trade provided opportunity for widespread discussion between politicians community groups museums and heritage organisations the clergy and scholars as to the meanings of colonial and post colonial freedom As was evident from the tensions emerging from those debates the subject of the transatlantic slave trade and slavery remains highly charged as does the extent to which its legacy of racism

predicated on theoretical assumptions of European cultural social political and economic superiority continues to maintain and reproduce complex systems of inequalities between peoples and societies

Free at Last is an edited collection of interdisciplinary perspectives that critically reflects on the struggles of enslaved peoples and anti slavery activists to effect the abolition of the British slave trade as well as the post abolition global legacies of those diverse struggles for equality The chapters bring together multiple narratives and discourses about the British abolition to reflect critically and comparatively on the boundaries between slavery and freedom the contestations and championing of freedom and the legacies of slavery and abolition in the contemporary context

Political Poetry as Discourse Angela M. Leonard, 2010-01-01

Political Poetry as Discourse examines the works of the political poets John Greenleaf Whittier and Ebenezer Elliott drawing comparisons to contemporary hip hoppers who take their words from local newspapers and other discursive sources that they read hear and observe Local presses and news vehicles stand as cultural material forms that supply poets with words particularly words that congeal into patterns of language allowing the creation of a poetic discourse As readers of these poets apply techniques and theories of discourse analysis they reveal how poets borrow lift hijack or resituate words from one or more different genres to use as tools of political change Leonard engages with the critical toolboxes of content analysis semiosis and deconstruction to demonstrate how to critically investigate and interrogate the images sounds and words not just of politically engaged poets but also of any disseminator of culture and news Moving beyond theory into praxis this book becomes a model of its own transgressive premise by thinking analyzing writing and teaching against the grain Its focus on language as unbounded discourse makes this book a relevant and insightful

forms and involve distinct emotions Thus it develops the affective bases of seven distinct varieties of alienation This work synthesizes classical and contemporary alienation theory and the sociology of emotions It contributes to political sociology and finds application in social psychiatry and related health and social service fields that treat traumatized and highly alienated individuals **The Marcus Garvey and Universal Negro Improvement Association Papers, Volume XII**

Marcus Garvey, 2014-09-29 Volume XII of the Marcus Garvey and Universal Negro Improvement Association Papers covers a period of twelve months from the opening of the UNIA's historic first international convention in New York in August 1920 to Marcus Garvey's return to the United States in July 1921 after an extended tour of Cuba Jamaica Panama Costa Rica and Belize In many ways the 1920 convention marked the high point of the Garvey movement in the United States while Garvey's tour of the Caribbean in the winter and spring of 1921 registered the greatest outpouring of popular support for the UNIA in its history The period covered in the present volume was the moment of the movement's political apotheosis as well as the moment when the finances of Garvey's Black Star Line went into free fall Volume XII highlights the centrality of the Caribbean people not only to the convention but also to the movement The reports to the convention discussed the range of social and economic conditions obtaining in the Caribbean particularly their impact on racial conditions The quality of the discussions and debates were impressive Contained in these reports are some of the earliest and most clearly enunciated statements in defense of social and political freedom in the Caribbean These documents form an underappreciated and still underutilized record of the political awakening of Caribbean people of African descent **Shakespeare and the**
