Lexical Errors and Accuracy in Foreign Language Writing María del Pilar Agustín Llach,2011-07-18 Lexical errors are a determinant in gaining insight into vocabulary acquisition vocabulary use and writing quality assessment Lexical errors are very frequent in the written production of young EFL learners but they decrease as learners gain proficiency Misspellings are the most common category but formal errors give way to semantic based lexical errors as proficiency increases likewise the direct influence of the L1 also reduces in favour of more elaborated transfer mechanisms and L2 influence The different categories of lexical errors indicate the stage of learning This book uses a study of young EFL learners to suggest that lexical accuracy is a crucial component of writing assessment and that lexical errors are useful in predicting writing quality

Foreign Correspondence Jan Borm,2014-10-16 Though writers and readers have long agreed that travel does not only broaden the mind but that it is also useful to report on such an experience the question of what to report on and how has remained a matter of debate To think of travel and travel writing as foreign correspondence is to apply metaphorically a phrase that has its own complex and overlapping history in journalism politics and international culture The chapters of this volume focus on this notion seen here as a dual problematic oscillating between the private and the public whether as letters or other forms of writing sent from abroad From Mandeville s notorious Travels to fin de si cle Hispanic writing this volume offers readings of accounts by early modern and more recent Lithuanian and Polish travellers representations of the Polish Lithuanian Commonwealth the Ottoman Empire and India

Quixotic tropes in English travel writing about Spain Galignani's newspaper aesthetics and several contributions on translation issues and the foreign as an idiom to be rendered in more familiar terms The essays collected here thus all take foreign correspondence as their starting point whether as letters or in other narrative forms These texts are involved in complex webs of personal political social and cultural negotiations between travellers and their hosts as well as their presumed target audience a key aspect of the rhetorics of foreign correspondence as the chapters of this volume also go to show Estudios de literatura norteamericana: Nabokov y otros autores contemporáneos Juan José Torres Núñez

neamente por las problemáticas locales y las latinoamericanas. Que balance logran como para apelar al interés de un estudiantado estadounidense crecientemente transnacionalizado a la vez manteniendo la aspiración de que el conocimiento que produzcan también contribuya a las culturas latinoamericanas. Tienen conciencia de la manera con que las generaciones anteriores enfrentaron estas cuestiones. Que relación hay con su práctica presente. Esta edición busca no sólo esbozar una memoria histórica sino también potenciar discusiones para animar proyecciones futuras en un momento de colapso de tantas de las utopías que antes dinamizaron los estudios literarios culturales latinoamericanistas.

Latin American literary cultural studies in Spanish and Portuguese programs in the United States are conducted by faculty members from different generations different national origins and varying times of entering the university system. They come from multiple intellectual and theoretical traditions and are motivated by multiple aesthetic and social concerns. In the United States they are prompted simultaneously by local and Latin American issues. What balance do they strike in order to appeal to the interest of an increasingly transnational US student body while maintaining the hope that works they produce will also contribute to Latin American cultures. Are they aware of the way previous generations dealt with these issues? And how does it relate to their current practices? This edition seeks not only to outline a historical memory but also to foster discussions that encourage future creation of work at a time when so many of the utopias that previously energised Latin American literary cultural studies are collapsing.

ELOGIO DEL ITALIANISMO. ESTUDIOS DE LITERATURA, LENGUA Y TRADUCCIÓN

BARTOLOTTA, Salvatore; LOPEZ, Martina; RE, Matteo; MAROTTA PERAMOS, Mirella, 2025-03-17. El texto se construye con imágenes con palabras con descripciones del espacio y con evocaciones del tiempo. Luego se transmite a otras culturas y a otros lectores mediante la traducción. Es un proceso completo un ciclo que hará que la obra perdure a través de los siglos y se difunda por lugares que exceden las fronteras en las que se dio a la luz. Este volumen quiere recoger todo este proceso, quiere estudiar la pervivencia de textos italianos antiguos, analizar las estructuras compositivas y la estética de los creados en pocas muñecas cercanas a nosotros, comprobar cómo las palabras de una lengua representan su esencia y su identidad, dar voz a autores y de especial manera a autoras que la historia ha relegado injustamente a un segundo plano para, en fin, ver cómo el proceso traductor es parte integrante del perfecto círculo de la recepción de una obra.
