## **Extreme Nationalist Threat In Russia The Growing Influence Of Western Rightist Ideas:**

*Russian Mass Media and Changing Values* Arja Rosenholm, Kaarle Nordenstreng, Elena Trubina, 2010-10-04 This book provides a multi faceted picture of the many complex processes taking place in the field of contemporary Russian media and popular culture Based on extensive original research by scholars in both Russia itself and in Finland it discusses new developments in the media industry and assesses a wide range of social and cultural changes many of which are related to and to an extent generated by the media

**The Russian Presidency of Dmitry Medvedev, 2008-2012** J. L. Black, 2014-08-21 The term tandem was used to describe the Putin Medvedev combination which ruled Russia from 2008 to 2012 when Medvedev was president and Putin prime minister Many people saw Putin as the real wielder of power with Medvedev as his puppet Others however saw Medvedev as a visionary someone who envisioned large scale schemes even though these schemes have not yet come to fruition At the same time many in the West regarded Medvedev favourably and gave him credit for raising expectations among both the elite and the middle classes in Russia in such a way as to make it difficult for the Russian state to return to its old ways This book presents a comprehensive survey of the Medvedev presidency covering all areas including politics the economy international relations and social developments The author concludes that it is still too early to assess Medvedev s achievements definitively

*Russian Borderlands in Change* Tiina Sotkasiira, 2016-04-20 While moving across borders has been made easier for some in Russia in recent years for others physical as well as socio cultural borders are proving to be more and more difficult to cross Tackling the differences between the ways in which official discourses construct borders and the ways people who live there experience them in their everyday lives this book uses innovative theoretical approaches and empirical work with young North Caucasian migrants to explore issues of identity citizenship exclusion and belonging The Chechen war terrorist attacks and confrontations between Caucasian migrants and local residents have served as touchstones for intense public debates about who belongs in Russian society and who does not Young people of North Caucasian origin are experiencing the effects of such debates as they learn to negotiate and maintain their identities in an environment in which they are defined as a threat to national security whilst simultaneously being pressured to align with core civic values of the state This book reflects on the notion that the cultural borders which define civic liberties and people s right to belong are increasingly being defined within society and not by the external borders of states

*Putinism - Post-Soviet Russian Regime Ideology* Mikhail Suslov, 2024-02-23 A key question for the contemporary world What is Putin s ideology This book analyses this ideology which it terms Putinism It examines a range of factors that feed into the ideology conservative thought in Russia from the nineteenth century onwards Russian and Soviet history and their memorialisation Russian Orthodox religion and its political connections a focus on traditional values and Russia s sense of itself as a unique civilisation different from the West and due a special respected place in the world The book highlights that although the resulting ideology lacks coherence and universalism comparable to that of Soviet era

Marxism Leninism it is nevertheless effective in aligning the population to the regime and is flexible and applicable in different circumstances And that therefore it is not attached to Putin as a person is likely to outlive him and is potentially appealing elsewhere in the world outside Russia especially to countries that feel belittled by the West and let down by the West's failure to resolve problems of global injustice and inequality

**Putin's Dark Ages** Dina Khapaeva, 2023-10-26 Two decades before the war against Ukraine a special operation was launched against Russian historical memory aggressively reshaping the nation's understanding of its history and identity The Kremlin's militarization of Russia through World War II propaganda is well documented but the glorification of Russian medieval society and its warlords as a source of support for Putinism has yet to be explored This book offers the first comparison of Putin's political neomedievalism and re-Stalinization and introduces the concept of mobmemory to the study of right wing populism It argues that the celebration of the oprichnina Ivan the Terrible's regime of state terror 1565-1572 has been fused with the rehabilitation of Stalinism to reconstruct the Russian Empire The post-Soviet case suggests that the global obsession with the Middle Ages is not purely an aesthetic movement but a potential weapon against democracy The book is intended for students scholars and non-specialists interested in understanding Russia's anti-modern politics and the Russians' support for the terror unleashed against Ukraine

In the Name of the Nation M. Laruelle, 2009-10-26 This book deconstructs the equation of nationalism with the extreme right in Russia Nationalism now extends throughout all of the country and can not be seen as a phenomenon confined to the margins of society This study rejects the interpretation that understands Kremlin-backed patriotism as simply part of a fascist trend in Russia and as a rapprochement between the political authorities and the extreme right A simplistic analysis of such a paradoxical phenomenon addresses neither the basic issue of social consensus nor that of the inherent relationship between national identity and citizenship

**Fault Lines in the Orthodox World** Sebastian Rimestad, Emil Hilton

Saggau, 2025-03-06 Throughout the past years the Orthodox world has seen numerous political and theological confrontations New borders have been shaped by churches and states This only increased in light of the Russian-backed conflict in Ukraine from 2014 and onwards which has led to new theological lines of thinking geopolitical confrontations and an acute need for diplomatic handling of crisis At the centre is the Russian Orthodox Church's global role and its effects in Ukraine The confrontations are born out of a complex entanglement of church politics theological differences legal tensions national allegiances and the very concrete political and military clashes between nation-states In light of the war in Ukraine Global Orthodoxy has seen new fault lines in the making This volume gathers chapters that shed light on these entanglements and their political theological and geopolitical consequences The book is not limited to the Russian-Ukrainian conflict but also includes papers focusing on other nations churches and aspects theological theoretical geopolitical empirical etc

**Islam, Security and Television News** C. Flood, S. Hutchings, G. Miazhevich, H. Nickels, 2012-05-08 Focusing on British French and Russian television news coverage of Islam as a security threat this book provides the first comparative

account of how television broadcasting in different geo and socio political environments integrates discourses on Islam into nationally oriented representational systems      *Contemporary Russian Cinema* Vlad Strukov, 2016-04-12 Analysing films by established directors such as Sokurov and Zeldovich as well as lesser known filmmakers like Balabanov and Kalatozishvili this book explores the particular style of film presentation that has emerged in Russia since 2000 characterised by its use of highly abstract concepts and visual language      **Paganism, Traditionalism, Nationalism** Kaarina Aitamurto, 2016-05-05 Rodnoverie was one of the first new religious movements to emerge following the collapse of the Soviet Union its development providing an important lens through which to view changes in post Soviet religious and political life Rodnovers view social and political issues as inseparably linked to their religiosity but do not reflect the liberal values dominant among Western Pagans Indeed among the conservative and nationalist movements often associated with Rodnoverie in Russia traditional anti Western and anti Semitic rhetoric has recently been overshadowed by anti Islam and anti migrant tendencies Providing a fascinating overview of the history organisations adherents beliefs and practices of Rodnoverie this book presents several different narratives as a revival of the native Russian or Slavic religion as a nature religion and as an alternative to modern values and lifestyles Drawing upon primary sources documents and books this analysis is supplemented with extensive fieldwork carried out among Rodnoverie communities in Russia and will be of interest to scholars of post Soviet society new religious movements and contemporary Paganism in general      **The Return of the Cold War** J. L. Black, Michael Johns, 2016-04-14 This book examines the crisis in Ukraine tracing its development and analysing the factors which lie behind it It discusses above all how the two sides have engaged in political posturing accusations escalating sanctions and further escalating threats arguing that the ease with which both sides have reverted to a Cold War mentality demonstrates that the Cold War belief systems never really disappeared and that the hopes raised in the aftermath of the collapse of the Soviet Union for a new era in East West relations were misplaced The book pays special attention to the often ignored origins of the crisis within Ukraine itself and the permanent damage caused by the fact that Ukrainians are killing Ukrainians in the eastern parts of the country It also assesses why Cold War belief systems have re emerged so easily and concludes by considering the likely long term ramifications of the crisis arguing that the deep rooted lack of trust makes the possibility of compromise even harder than in the original Cold War      *Russia and East Asia* Tsuneo Akaha, Anna Vassilieva, 2014-02-05 Russia has generally been neglected in the academic and policy discourse on regional integration in East Asia This book fills this gap with particular attention to the role of Pacific Russia in the deepening regional integration in East Asia It examines the increasingly diverse foreign policy interests of Russia related to emerging economic and political realities of the world and Russia's potential role in the regional integration in East Asia Topics discussed include Russian strategic interests and security policy in East Asia generally Russia's bilateral relations with China Japan and the Korean Peninsula opportunities and challenges energy and immigration presents for Russia and its engagement with East Asia and

Russia's present and future roles in regional integration in East Asia

**Punk in Russia** Ivan Gololobov, Hilary

Pilkington, Yngvar B Steinholt, 2014-04-24 Punk culture is currently having a revival worldwide and is poised to extend and mutate even more as youth unemployment and youth alienation increase in many countries of the world. In Russia its power to have an impact and to shock is well illustrated by the state response to activist collective and punk band Pussy Riot. This book based on extensive original research examines the nature of punk culture in contemporary Russia. Drawing on interviews and observation it explores the vibrant punk music scenes and the social relations underpinning them in three contrasting Russian cities. It relates punk to wider contemporary culture and uses the Russian example to discuss more generally what constitutes punk today.

*Russia after 2012* J.L. Black, Michael Johns, 2013-05-02 This book provides an overview of the state of Russia after the 2012 presidential election. It considers a wide range of both domestic and international issues examining both the run up to and the consequences of the election. It covers political, economic and social topics. It assesses the political scene both before and after the election and discusses the nature of and likely future of democracy in Russia. The election's impact on the Russian economy is discussed in detail as are Russia's relationships with the United States, the European Union and other parts of the world.

*Russian Military Reform* Carolina Vendil Pallin, 2008-08-29 This book examines reform of the Russian military since the end of the Cold War. It argues that Putin's policies of bolstering central control has left untouched many key problems including infighting between different forces, lack of transparency over defence spending and absence of consensus on the main threats.

**Managing Ethnic Diversity in Russia** Oleh Protsyk, Benedikt Harzl, 2013-05-07 This book provides a comprehensive overview of the norms and practices of ethnic diversity management in the Russian Federation in the last twenty years. It examines the evolution of the legal framework, the institutional architecture and the policies intended to address the large number of challenges posed by Russia's immense ethno-cultural diversity. It analyses the legal, social and political changes affecting ethno-cultural relations and the treatment of ethnic minorities and assesses how ethnic diversity both influences and is shaped by transformations in Russian politics and society. It concludes by appraising how successful or otherwise policies have been so far and by outlining the challenges still faced by the Russian Federation.

**Chinese Migrants in Russia, Central Asia and Eastern Europe** Felix B. Chang, Sunnie T. Rucker-Chang, 2013-03-01 Much of the former Soviet bloc has become a destination for new Chinese migrants. Throughout Russia, Eastern Europe and Central Asia Chinese migrants are engaged in entrepreneurial activities, primarily as petty merchants of consumer goods in unsteady economies. This book situates these migrants within the broader context of Chinese globalization and China's economic rise. It traces the origins of Chinese migration into the region as well as the conditions that have allowed migrants to thrive. Furthermore, it discusses the perception that Chinese globalization is purely economic and explores the relationship among petty merchants, labourers and institutional investors. Finally, by examining the movement of China's minorities into Central Asia, this book challenges the ethnic construct of new Chinese

migration      Russian Energy and Security up to 2030 Susanne Oxenstierna, Veli-Pekka Tynkkynen, 2014-01-03 The challenges in Russia's energy sector are changing On the demand side Europe is seeking to limit its dependence on Russian oil and gas with the result that China and other Asian countries are likely to eventually become growing export markets for Russian energy On the supply side oil and gas fields in West Siberia are diminishing and in future Russia's energy will have to come more from East Siberia and the Arctic which will necessitate new infrastructure development and the employment of advanced technologies which may increase Russia's dependence on commercial partners from outside Russia This book explores the challenges facing Russia's energy sector and the resulting security implications It includes a discussion of how far the Russian state is likely to continue to monopolise the energy sector and how far competition from private and foreign companies might be allowed      *Russia's European Agenda and the Baltic States* Janina Šleivyte, 2009-12-16 This book analyses recent Russian European interaction including Russia's relations with the Baltic States it discusses the development of Russia's approach to the new security architecture in Europe resulting from the enlargement of both the EU and NATO and assesses the prospects for greater Russian engagement in European security frameworks      *The Religious Factor in Russia's Foreign Policy* Alicja Curanović, 2012-03-15 This book examines how religion interacts with Russian foreign policy arguing that religion is an important and neglected factor in shaping Russia's outlook towards international relations It surveys the importance of religion for social life in Russia both historically and at present and considers a wide range of Russian attitudes which are affected by religion such as Russian nationalism notions of Slavic solidarity the divine mission of Russian Orthodox civilisation Russian imperialism Russia's special approach towards Islam The book discusses how religious organizations especially the Russian Orthodox Church operate in international relations pursuing their own interests and those of the Russian state explores how religious ideas and culture linked to religion impinge on Russian attitudes and identity and thereby affect policy and demonstrates how policy influenced by religion impacts on Russian foreign policy in practice in a wide range of examples including Russia's relations with other orthodox countries non orthodox Western countries Muslim countries Israel and the Vatican
