Art and Psychoanalysis Maria Walsh, 2012-11-20 Often derided as unscientific and self-indulgent psychoanalysis has been an invaluable resource for artists art critics and historians throughout the twentieth century Art and Psychoanalysis investigates these encounters The shared relationship to the unconscious severed from Romantic inspiration by Freud is traced from the Surrealist engagement with psychoanalytic imagery to the contemporary critic's use of psychoanalytic concepts as tools to understand how meaning operates Following the theme of the object with its varying materiality Walsh develops her argument that psychoanalysis like art is a cultural discourse about the mind in which the authority of discourse itself can be undermined provoking ambiguity and uncertainty and destabilising identity The dynamics of the dream work Freud's familiar unfamiliar fetishism visual mastery abjection repetition and the death drive are explored through detailed analysis of artists ranging from Max Ernst to Louise Bourgeois including 1980s postmodernists such as Cindy Sherman the performance art of Marina Abramovic and post-minimalist sculpture Innovative and disturbing Art and Psychoanalysis investigates key psychoanalytic concepts to reveal a dynamic relationship between art and psychoanalysis which goes far beyond interpretation There is no cure for the artist but art can reconcile us to the traumatic nature of human experience converting the sadistic impulses of the ego towards domination and war into a masochistic ethics of responsibility and desire

Eisenman,Odilon Redon,1992-12-15 Bristling with demons grotesques and bizarre apparitions the graphic work of Odilon Redon has often seemed to be the product of a mind unhinged In The Temptation of Saint Redon Stephen F Eisenman argues instead that these works are Redon s conscious and considered

response to changing social realities an attempt to find refuge from the forces of modernization in an imaginative world of the macabre and the fantastic Eisenman's careful attention to the circumstances of Redon's life 1840-1916 allows him to bring into focus the interconnections between Redon's complex style and the culture and society of his time Born and raised on a sixteenth century estate near Bordeaux Redon was immersed as a child in traditional rural culture I spent my entire childhood in the M doc completely free among peasant children he recalled in his memoirs I heard them tell supernatural tales witches still exist there Indeed local tales and legends of witches ghosts one eyed monsters evil eyes and wood fairies figure prominently in Redon's graphic works which he called his noirs or blacks After formal training at Bordeaux and Paris in the 1850s and 1860s Redon began to chart his independent artistic course Eisenman shows how rejecting both naturalism and classicism Redon a prototypical Symbolist found in grotesque and epic genres the expression of organic communities and precapitalist societies He places Redon's desire for this imagined world of superstitious simplicity a desire manifest in his entire mature artistic practice in the context of contemporary avant garde movements Redon's great noirs of the 1870s and 1880s dreamlike configurations of seemingly irreconcilable elements from portraits still lifes and landscapes show an increasingly subtle control of connotation and a complex indebtedness to caricature allegory and puns Many of the noirs also visually interpret works by like minded authors including Baudelaire Flaubert Poe and Mallarm one of Redon's close friends Eisenman's analysis of the noirs underscores Redon's interest in creating an imaginative even fantastic art that could act directly on the human spirit In addition to deepening our understanding of Redon and his art **The Temptation of Saint Redon** exposes a link between place politics personal history and the artistic imagination **Jet Lag** Christopher J. Lee, 2017-09-07 Jet lag is a physical ailment a temporal condition a political effect and ultimately a cultural moment in sum a universal yet under examined object of study that serves as an allegory of our human limitations in the face of the advances of technology in the modern world **The Graphic Works of Odilon Redon** Odilon Redon, 2013-02-20 A prominent Symbolist and a precursor to the Surrealists Redon transformed common subjects into fantastic images depicting serpents skeletons and monsters with a distinctive style of realism 172 lithographs plus 37 etchings and engravings
