Spectacular Blackness Amy Abugo Ongiri, 2010 Exploring the interface between the cultural politics of the Black Power and the Black Arts movements and the production of postwar African American popular culture Amy Ongiri shows how the reliance of Black politics on an oppositional image of African Americans was the formative moment in the construction of authentic blackness as a cultural identity While other books have adopted either a literary approach to the language poetry and arts of these movements or a historical analysis of them Ongiri s captures the cultural and political interconnections of the postwar period by using an interdisciplinary methodology drawn from cinema studies and music theory She traces the emergence of this Black aesthetic from its origin in the Black Power movement s emphasis on the creation of visual icons and the Black Arts movement s celebration of urban vernacular culture *The Eyes on the Prize Civil Rights Reader* Clayborne Carson, 1991 This is an anthology of primary material important in the historiography of America s civil rights movement and an updated revision of the 1987 *Eyes on the Prize America s Civil Rights Years* which appeared in conjunction with the acclaimed 14 part PBS television series *Eyes on the Prize* It brings together such essential documents as landmark Martin Luther King Jr speeches the text of the Brown v Board of Education case excerpts from significant writings of Malcolm X and Nelson Mandela s address delivered in 1980 in Atlanta ISBN 0 670 84217 6 25 00 *Let Nobody Turn Us Around* Manning Marable, 2003 One of America s most prominent historians and a noted feminist bring together the most important political writings and testimonials from African Americans over three centuries *Black Knowledges/Black Struggles* Jason R. Ambrose, Sabine Bröck-Sallah, 2015 *Black Knowledges Black Struggles Essays in Critical Epistemology* explores the central but often critically neglected role of knowledge and epistemic formations within social movements for Black freedom and emancipation The collection examines the structural subjugation and condemnation of Black African and Afro mixed descent peoples globally within the past 500 years of trans Atlantic societies of Western modernity doing so in connection to the population s dehumanization and or invisibilization within various epistemic formations of the West In turn the collection foregrounds the extent to which the ending of this imposed subjugation condemnation has necessarily entailed critiques of challenges to and counter formulations against and beyond knowledge and epistemic formations that have worked to naturalize this condition within the West s various socio human formations The chapters in the collection engage primarily with knowledge formations and practices generated from within the discourse of race but also doing so in relation to other intersectional socio human discourses of Western modernity They engage as well the critiques challenges and counter formulations put forth by specific individuals schools movements and or institutions historic and contemporary of the Black world Through these examinations the contributors either implicitly point towards or explicitly take part in the formation of a new kind of critical but also emancipatory epistemology What emerges is a novel and more comprehensive view of what it

means to be human a formulation that can aid in the unlocking and fashioning of species oriented ways of knowing and being much needed within the context of ending the continued overall global subjugation condemnation of Black peoples as a central part of ending the global problematique that confronts humankind as a whole **"Wake Up, Mr. West"** Joshua K. Wright,2022-01-27 Black celebrities in America have always walked a precarious line between their perceived status as spokespersons for their race and their own individual success and between being not black enough for the black community or too black to appeal to a broader audience Few know this tightrope walk better than Kanye West who transformed hip hop pop and gospel music redefined fashion married the world s biggest reality TV star and ran for president all while becoming one of only a handful of black billionaires worldwide Despite these accomplishments his polarizing behavior controversial alliances and bouts with mental illness have made him a caricature in the media and a disappointment among much of his fanbase This book examines West s story and what it reveals about black celebrity and identity and the American dream
