F M Wibaut Mens En Magistraat:

F.M. Wibaut, mens en magistraat G. W. B. Borrie, 1987 Studie over de activiteiten van de Amsterdamse wethouder 1859 1936 en zijn betekenis voor de ontwikkeling van de sociaal democratische gemeentepolitiek in Nederland *Women and Socialism - Socialism and Women* Helmut Gruber, Pamela Graves, contributors, 1999-03-01 Until recently histories of women tended to be segregated from the larger historical context This pioneering volume places the role of women within the history of the interwar years when both the women's and socialist movements became prominent and raises the key question of how power was distributed between the genders in a historical setting The emblematic title of this volume highlights the fundamental conception of this comparative study of eleven West European countries that in the interwar decades two great movements gained in strength converged diverged competed and cooperated Each of these movements is viewed as a complex matrix of organized and unorganized participants However by far the most provocative questions deal with gender relations Central to these are definitions of femininity and masculinity in terms of mechanisms of inclusion and exclusion at the workplace in the home and in the political arena The mystique of the new woman in the 1920s and the 1930s challenged traditional notions of gender identity and relations not the least of which was the redefinition of the role of men The main issue addressed in this volume is not how male socialists dealt with the woman question or how women functioned in or outside left wing parties it rather centers on illustrating the power distribution between the sexes in specific political and cultural contexts This rigorously focused and coherent volume to which some of the best known scholars in the field have contributed will no doubt establish itself as the standard reference work for years to come **Jewish Workers and the Labour Movement** Karin Hofmeester, 2017-05-15 During the late nineteenth century many Jewish workers and intellectuals considered their integration into the general labour movement as a good way to counter the double disadvantage they suffered in society as Jews and workers Whilst in Amsterdam this process encountered few obstacles it was more problematical in London and Paris Through a detailed examination of the collaborative efforts of Jewish labour in these three cities Jewish Workers and the Labour Movement reveals the multi layered and unique position of Jewish workers in the labour market It shows how various factors such as economic change political upheaval state intervention and anti-Semitism all affected the pace of integration and draws conclusions that highlight the similarities as well as the differences between the efforts of Jewish workers to improve their lot in France Britain and Holland Housing Design and Society in Amsterdam Nancy Stieber, 1998-07-20 Winner of the 1999 Spiro Kostof Book Award from the Society of Architectural Historians During the early 1900s Amsterdam developed an international reputation as an urban mecca when invigorating reforms gave rise to new residential neighborhoods encircling the city's dispirited nineteenth century districts This new housing built primarily with government subsidy not only was affordable but also met rigorous standards of urban planning and architectural design Nancy Stieber explores the social and political developments that fostered this innovation in public

housing Drawing on government records professional journals and polemical writings Stieber examines how government supported large scale housing projects how architects like Berlage redefined their role as architects in service to society and how the housing occupants were affected by public debates about working class life the cultural value of housing and the role of art in society Stieber emphasizes the tensions involved in making architectural design a social practice while she demonstrates the success of this collective enterprise in bringing about effective social policy and aesthetic progress **We Lived with Dignity** Selma Leydesdorff,1994 She found that the processing of practically every interview every fact involved a struggle between reality distortion and myth **The Dutch and German Communist Left (1900-68)** Philippe Bourrinet,2016-11-01 The Dutch German Communist Left represented by the German KAPD AAUD the Dutch KAPN and the Bulgarian Communist Workers Party separated from the Comintern 1921 on questions like electoralism trade unionism united fronts the one party state and anti proletarian violence It attracted the ire of Lenin who wrote his Left Wing Communism An Infantile Disorder against the Linkskommunismus while Herman Gorter wrote a famous response in his pamphlet Reply to Lenin The present volume provides the most substantial history to date of this tendency in the twentieth century Communist movement It covers how the Communist left with the KAPD AAU denounced party communism and state capitalism in Russia how the German left survived after 1933 in the shape of the Dutch GIK and Paul Mattick s councils movement in the USA and also how the Dutch Communistenbond Spartacus continued to fight after 1942 for the world power of the workers councils as theorised by Pannekoek in his book Workers Councils 1946 **Cities Beyond Borders** Dr Nicolas Kenny,Dr Rebecca Madgin,2015-12-28 Drawing on a body of research covering primarily Europe and the Americas but stretching also to Asia and Africa from the mid eighteenth century to the present Cities Beyond Borders explores the methodological and heuristic implications of studying cities in relation to one another **A Tiny Spot on the Earth** Piet Rooy,2025-10-01 In this survey of the Dutch political culture of the nineteenth and twentieth centuries Piet de Rooy reveals that the polder model often used to describe economic and social policymaking based on consensus is a myth Instead modern political culture in the Dutch Low Countries began with a revolution and is rife with rivalries among political and ideological factions De Rooy argues that because of its extremely open economy the country is vulnerable to external political cultural and economic pressures and Dutch politics is a balancing act between profiting from international developments and maintaining sovereignty The sudden rise of populism and Euroscepticism at the turn of the millennium then indicated a loss of this balance Shining new light on the political culture of the Netherlands this book provides insights into the polder model and the principles of pillarization in Dutch society The Dutch edition of this book Ons stipje op de wereldkaart was awarded the Prinsjesboekenprijs for the best book on Dutch national politics in 2014 Survey of the Dutch political culture of the nineteenth and twentieth centuries Intellectuals and Cultural Policy Jeremy Ahearne,Oliver Bennett,2007-06-14 Intellectuals and policy analysts might appear to inhabit two different worlds Intellectuals aspire to articulate issues of
