## **Faber Of Blue Verse:**

*T. S. Eliot, Anti-Semitism, and Literary Form* Anthony Julius, 1995 Julius's critically acclaimed study looking both at the detail of Eliot's deployment of anti-Semitic discourse and at the role it played in his greater literary undertaking has provoked a reassessment of Eliot's work among poets, scholars, critics, and readers which will invigorate debate for some time to come

**The Columbia Granger's Guide to Poetry Anthologies** William A. Katz, Linda Sternberg Katz, Esther Crain, 1994 Reference guide to poetry anthologies with descriptions and evaluations of each anthology

**Lord Gnome's Literary Companion** Francis Wheen, 1994 His review has got to be in by mid-day tomorrow at about 9 pm his mind will grow relatively clear and until the small hours he will sit skipping expertly through one book after another and laying each one down with the comment God what tripe Then suddenly he will snap into it All the stale old phrases a book that no one should miss something memorable on every page jump into their places like iron filings obeying the magnet Thus did George Orwell writing forty years ago in *Confessions of a Book Reviewer* describe the labours of a typical literary hack Precious little has changed over the intervening decades the servility of the satirical magazine *Private Eye* Lord Gnome's *Literary Companion* assembles in thematic order the best of these columns to present an astringent, rude and funny survey of publishers and the published

**Italian Literature before 1900 in English Translation** Robin Healey, 2011-12-15 Italian Literature before 1900 in English Translation provides the most complete record possible of texts from the early periods that have been translated into English and published between 1929 and 2008 It lists works from all genres and subjects and includes translations wherever they have appeared across the globe In this annotated bibliography Robin Healey covers over 5 200 distinct editions of pre 1900 Italian writings Most entries are accompanied by useful notes providing information on authors, works, translators, and how the translations were received Among the works by over 1 500 authors represented in this volume are hundreds of editions by Italy's most translated authors Dante Alighieri, Machiavelli, and Boccaccio and other hundreds which represent the author's only English translation A significant number of entries describe works originally published in Latin Together with Healey's *Twentieth Century Italian Literature in English Translation* this volume makes comprehensive information on translations accessible for schools, libraries, and those interested in comparative literature

**The Columbia Granger's Index to Poetry**, 1994

Sordid Images Steve Clark, 2003-09-02 In this extraordinary and bold book S H Clark explores and constructs a history of poetic misogyny For the first time a wide range of English poetry by men is examined for evidence of the articulation of heterosexual masculine desires But Clark goes beyond a straightforward oppositional model of reading the male canon to ask how we read this work after feminism and whether it is possible to value these texts as misogynist texts in the light of feminist theory *Sordid Images* is a challenging, controversial book It will excite and unsettle its readers and inspire many to look again at some of the cornerstone works of English literature

Canada and the Idea of North Sherrill E

Grace,2002-04-15 Canada and the Idea of North examines the ways in which Canadians have defined themselves as a northern people in their literature art music drama history geography politics and popular culture From the Franklin Mystery to the comic book superheroine Nelvana Glenn Gould s documentaries the paintings of Lawren Harris and Molson beer ads the idea of the north has been central to the Canadian imagination Sherrill Grace argues that Canadians have always used ideas of Canada as North to promote a distinct national identity and national unity In a penultimate chapter The North Writes Back Grace presents newly emerging northern voices and shows how they view the long tradition of representing the North by southern activists artists and scholars With the recent creation of Nunavut increasing concern about northern ecosystems and social challenges and renewed attention to Canada s role as a circumpolar nation Canada and the Idea of North shows that nordicity still plays an urgent and central role in Canada at the start of the twenty first century **Even Odder**

**Perceptions** Richard L. Gregory,2017-03-27 Why did Newton struggle for thirty years to make gold by alchemy and then become Master of the Mint Why do we blush Why do we have illusions In this collection of essays originally published in 1994 Richard Gregory once again delights and tantalizes with tales of his childhood his family and friends the famous and the infamous and weaves them into a rich pattern to illuminate scientific principles and puzzles If you can put the book down each essay is complete on its own but they are united by the magic of human perception From seeing and hearing to feeling and believing from the shape of traffic signs to knowledge of quantum mechanics all our interactions with the outside world are mediated by perception Our knowledge is further distilled by the machines which help our own biological mechanisms like microscopes and telescopes electric light and even more powerfully by computer technology But if the natural structures of perception can affect our interpretation of the world how much more dramatically might science education and tools of information technology enhance though sometimes mislead our perception of reality Even Odder Perceptions may not have all the answers but it certainly poses more questions **Collecting Modern First Editions** Joseph Connolly,1977

*Americanizing Britain* Genevieve Abravanel,2012-04-06 Americanizing Britain anatomizes the various ways British writers responded to the ever increasing influence of U S culture on England and the rest of the world *Hermaphroditus* Antonio Beccadelli,2001-01-01 Eugene O Connor s superb translation of Antonio Panormita s Hermaphroditus brings to life this little known Renaissance writer s bawdy masterpiece Modeled on the writings of the Roman poet Martial Panormita s work was initially greeted with enthusiasm by humanist scholars upon publication in 1425 only to be reviled and censured as obscene by Christian apologists O Connor s excellent introduction offers a wealth of historical and literary information on Panormita s often profane poetry presented here in both English and the Latin original This new translation will be a delight to classical neo Latin and Renaissance scholars interested in tracing the development of the epigram from Latin to the vernacular and to scholars of gender and gay studies seeking to understand the popular portrayal of women and sexual themes in the early Renaissance **Blow the Candle Out (c)** , Unprintable Ozark Folksongs and Folklore Volume II Folk
