The Strange Case of Dora Fabian and Mathilde Wurm Charmian Brinson, 1997 Fabian Tract , 1969 **Fabian Research Series** , 1978 *Race and Class Distinctions Within Black Communities* Paul Camy Mocombe, Carol Tomlin, Cecile Wright, 2013-12-17 This book offers both a philosophical and sociological model for understanding the constitution of identity in general and black social identity in particular without reverting to either a social or racial deterministic view of identity construction Using a variant of structuration theory phenomenological structuralism this work against contemporary postmodern and post structural theories seeks to offer a dialectical understanding of the constitution of black American and British life within the class division and social relations of production of the global capitalist world system while accounting for black social agency *The Book News Monthly* , 1916 **A matter of intelligence** Charmian Brinson, Richard Dove, 2016-05-16 This is an unusual book telling a story which has hitherto remained hidden from history the surveillance by the British security service MI5 of anti Nazi refugees who came to Britain fleeing political persecution in Germany and Austria Based on the personal and organisational files that MI5 kept on political refugees during the 1930s and 1940s which have only recently been released into the public domain this study also fills a considerable gap in historical research Telling a story of absorbing interest which at times reads more like spy fiction it is both a study of MI5 and of the political refugees themselves The book will interest academics in the fields of history politics intelligence studies Jewish studies German studies and migration studies but it is also accessible to the general reader interested in Britain before during and after the Second World War *Book News* , 1917 *Women at the Early Modern Swedish Court* Fabian Persson, 2025-10-01 What was possible for a woman to achieve at an early modern court By analysing the experiences of a wide range of women at the court of Sweden this book demonstrates the opportunities open to women who served at and interacted with the court the complexities of women s agency in a court society and ultimately the precariousness of power In doing so it provides an institutional context to women s lives at court charting the full extent of the rewards that they might obtain alongside the social and institutional constrictions that they faced Its longue dur e approach moreover clarifies how certain periods such as that of the queens regnant brought new possibilities Based on an extensive array of Swedish and international primary sources including correspondence financial records and diplomatic reports it also takes into account the materialities used to create hierarchies and ceremonies such as physical structures and spaces within the court Comprehensive in its scope the book is divided into three parts which focus respectively on outsiders at court insiders and members of the royal family *Dictionary Catalog of the Research Libraries of the New York Public Library, 1911-1971* New York Public Library. In Transit Ruth Schwertfeger, 2012-01-01 Contents The title of the book In Transit as a reference to the novel written by Anna Seghers functions on two levels On a narrative level it is a primary metaphor for the fate of all German Jews who fled from the Third Reich and found themselves in France doubly stigmatized as Germans the despised boches and as juifs On another level In Transit offers perspectives on the Occupation of France and the Vichy regime the so called Dark Years that have not been part of the Vichy debate So how did German Jews who fled from Nazi Germany to France narrate and document their experiences This book tells their stories and in a sense brings them back home to Germany where they always wanted to belong It is high time to bring these narratives out of exile and place them firmly on the ground of the Vichy regime The Author Ruth Schwertfeger is Professor of German at the University of Wisconsin Milwaukee Her dissertation at Oxford on the German Expressionist Georg Kaiser led to her engagement with exile studies and with the Holocaust Schwertfeger is the author of *Women of Theresienstadt* and *Else Lasker-Schölerer* both published by Berg Publishers Oxford and *The Wee Wild One* Stories of Belfast and Beyond published by the University of Wisconsin Press

Avoiding the News Benjamin Toff, Ruth Palmer, Rasmus Kleis Nielsen, 2023-12-26 Winner 2025 Hazel Gaudet Erskine Best Book Award International Journal of Press Politics Winner 2024 Choice Outstanding Academic Title A small but growing number of people in many countries consistently avoid the news They feel they do not have time for it believe it is not worth the effort find it irrelevant or emotionally draining or do not trust the media among other reasons Why and how do people circumvent news Which groups are more and less reluctant to follow the news In what ways is news avoidance a problem for individuals for the news industry for society and how can it be addressed This groundbreaking book explains why and how so many people consume little or no news despite unprecedented abundance and ease of access Drawing on interviews in Spain the United Kingdom and the United States as well as extensive survey data *Avoiding the News* examines how people who tune out traditional media get information and explores their folk theories about how news organizations work The authors argue that news avoidance is about not only content but also identity ideologies and infrastructures who people are what they believe and how news does or does not fit into their everyday lives Because news avoidance is most common among disadvantaged groups it threatens to exacerbate existing inequalities by tilting mainstream journalism even further toward privileged audiences Ultimately this book shows persuading news averse audiences of the value of journalism is not simply a matter of

adjusting coverage but requires a deeper more empathetic understanding of people's relationships with news across social political and technological boundaries
