Fabled Shore Rose Macaulay, 1959      *Fabled Shore; From the Pyrenees to Portugal* Rose Macaulay (Dame), 1959

Fabled Shore; From the Pyrenees to Portugal Rose Macaulay (Dame), 1959      *Fabled Shore - From the Pyrenees to Portugal* Rose Macaulay, 2011-12-05 A Greek mariner from Marseilles compiled in the sixth century B C a topographical sailing book of his voyage from the Lands of Tin in the northern seas down the western coast of Portugal and round the Sacred Cape and so along the southern coast of the Iberian peninsula through the Pillars and along the Mediterranean coast to Marseilles his home The later part of this sailing book from the Tartessos region near Cadiz to Marseilles had great detail describing each bay each cape each port for the benefit of those Greek merchant mariners who adventured and trafficked down that far and fabulous coast to the Pillars of Hercules and beyond these into the dark and questionable Atlantic where the silver mountains stood back from the Tartessian shore From this sailing log or rather from some later Greek version of it the late Roman poet Rufus Festus Avienus made towards the end of the fourth century A D the poem that he called *Ora Maritima* dull and prosy verse enough but fascinating material to those making part of the same journey every line has interest And from Avienus I had thought to borrow the title of this travel book But it did not go down well with my publishers for the booksellers believed that their clients would take it for a girl's name and when they came to read the book be profoundly disappointed and return it So I renounced *Ora Maritima* for a title less deceiving *Fabled Shore* is a true description of this long strange coast and its haunted hinterland to which Homer sent Odysseus voyaging where in the regions about Tartessos dark Tartarus was placed and the Elysian plains the abode of the blest at the ends of the earth where life is easiest No snow is there nor great storm nor ever any rain but always Oceanus sends forth the breezes of clear blowing Zephyrus That as Strabo observed is obviously Iberia As to the Islands of the Blest they lie opposite Cadiz And it was in the Cadiz region too that Herakles killed Geryon and drove away his cattle Herakles indeed was the hero of all this shore he sought the Hesperides and their golden apples off it and he it was who clove in two the bridge of land that joined Africa to Spain so that to this day its two halves are called the Pillars of Hercules Indeed most Greek legends were at one time placed in that far western land that stretched mysterious and unknown beyond the Pillars and the familiar Mediterranean along the fabulous Outer Ocean to the Sacred Cape      *Sites of Exchange* , 2006-01-01 Crossing borders both physically and imaginatively is part of our nomadic postmodern identity but transcultural and transnational exchanges have also played a major role in the centuries long processes of hybridisation that helped to fashion the vast geographic political and imaginative container of diversity we call Europe This volume gathers together the work of scholars from several European countries in an attempt to encourage a collective reflection upon historical and often mythical locations and landscapes as well as upon the thresholds and faultlines that unite or separate them The issues the volume tackles are delicate and complex for the encounter of differences engenders both curiosity and suspicion and there is no easy way to create a new synthesis

while respecting and promoting diversity However since Europe is inevitably a cultural and political entity in the making Europeans should embrace the great narrative of a utopian project uniting their efforts to work towards a civilisation that is grounded on plurality and openness

*Art in Spain and Portugal from the Romans to the Early Middle Ages* Rose Walker,2025-10-01 For generations maps of the pilgrimage roads and of the reconquista have bedevilled the study of Spanish art and architecture They have also infiltrated the popular imagination and come to dominate the ways we think about Spain and Portugal *Art in Spain and Portugal from the Romans to the Early Middle Ages Routes and Myths* sets out to diminish the power of these images and to enrich the wider English language literature on early medieval art Starting with the Romans and working through the vertical layers to the early Romanesque period Rose Walker draws

together scholarly work hitherto confined within disciplinary boundaries specialist regional studies and findings familiar only to Spanish speaking audiences The author builds on these studies and her own research to present narratives that question art historical and archaeological orthodoxies New perspectives emerge from the routes along which wealth and artistic expertise crossed the peninsula showing the endurance of the north south axis and the strength of networks and pragmatic alliances that often operated without regard for religious difference **Margaret Storm Jameson** Jennifer
