Antisemitism in North America Steven K. Baum, Neil J. Kressel, Florette Cohen, Steven Leonard Jacobs, 2016-01-27 In *Antisemitism in North America* the editors have brought together an impressive array of scholars from diverse disciplines and political orientations to assess the condition of the Jews in the United States Canada Mexico and the Caribbean The

contributors do not always agree with each other but they offer perspectives of why the Jewish experience in North America has neither been free from antisemitism nor ever so unwelcoming and dangerous as the countries from which they came Contributors examine antisemitism in culture politics religion law and higher education *A History of the Jews in the Modern World* Howard M. Sachar, 2007-12-18 The distinguished historian of the Jewish people Howard M Sachar gives us a comprehensive and enthralling chronicle of the achievements and traumas of the Jews over the last four hundred years Tracking their fate from Western Europe's age of mercantilism in the seventeenth century to the post Soviet and post imperialist Islamic upheavals of the twenty first century Sachar applies his renowned narrative skill to the central role of the Jews in many of the most impressive achievements of modern civilization whether in the rise of economic capitalism or of political socialism in the discoveries of theoretical physics or applied medicine in higher literary criticism or mass communication and popular entertainment As his account unfolds and moves from epoch to epoch from continent to continent from Europe to the Americas and the Middle East Sachar evaluates communities that until lately have been underestimated in the perspective of Jewish and world history among them Jews of Sephardic provenance of the Moslem regions and of Africa By the same token Sachar applies a master's hand in describing and deciphering the Jews unique exposure and functional usefulness to totalitarian movements fascist Nazi and Stalinist In the process he shines an unsparing light on the often widely dissimilar behavior of separate European peoples and on separate Jewish populations during the Holocaust A distillation of the author's lifetime of scholarly research and teaching experience *A History of the Jews in the Modern World* provides a source of unsurpassed intellectual richness for university students and educated laypersons alike

Contemporary Israel Frederick E. Greenspahn, 2016-08-09 7 Jewish Ideological Killers Religious Fundamentalism or Ethnic Marginality 8 Israeli Fiction National Identity and Private Lives 9 Israeli Hebrew National Identity and Language 10 The Politics of Israel Relations with the American Jewish Community Conclusion Imagination and Reality in Scenarios of Israel's Future Landscaping the Human Garden Amir Weiner, 2003 This volume is an ambitious study of efforts by twentieth century states to reshape either through social policy or brute force their societies and populations according to ideologies based on various theories of human perfectibility *A History of Israel* Howard M. Sachar, 2013-07-31 First published in 1976 Howard M Sachar's *A History of Israel From the Rise of Zionism to Our Time* was regarded one of the most valuable works available detailing the history of this still relatively young country Decades later readers can again be immersed in this monumental work The second edition of this volume covers topics such as the first of the Aliyahs in the 1880s the rise of Jewish nationalism the beginning of the political Zionist movement and later how the movement changed after Theodor Herzl the Balfour Declaration the factors that led to the Arab Jewish confrontation Palestine and its role both during the Second World War and after the war of independence and the many wars that followed it over the next few decades and the development of the Israeli republic and the many challenges it faced both domestic and foreign and still

faces today This is a truly enriching and exhaustive history of a nation that holds claim to one of the most complicated and controversial histories in the world **The Army Lawyer** ,2010 **Blood Libel** Hannah Johnson,2021-03-11 The first book investigating the recent historiography of the ritual murder accusation **The Idea of Israel** Ilan Pappé,2016-01-05 A major history of Zionism and the state of Israel for anyone interested in deepening their knowledge of the Israel Palestine conflict and Middle Eastern politics Ilan Pappé is one of the few Israeli students of the conflict who write about the Palestinian side with real knowledge and empathy Guardian Since its foundation in 1948 Israel has drawn on Zionism the movement behind its creation to provide a sense of self and political direction In this groundbreaking new work Ilan Pappé looks at the continued role of Zionist ideology The Idea of Israel considers the way Zionism operates outside of the government and military in areas such as the country s education system media and cinema and the uses that are made of the Holocaust in supporting the state s ideological structure In particular Pappé examines the way successive generations of historians have framed the 1948 conflict as a liberation campaign creating a foundation myth that went unquestioned in Israeli society until the 1990s Pappé himself was part of the post Zionist movement that arose then He was attacked and received death threats as he exposed the truth about how Palestinians have been treated and the gruesome structure that links the production of knowledge to the exercise of power The Idea of Israel is a powerful and urgent intervention in the war of ideas concerning the past and the future of the Palestinian Israeli conflict **The Israel-Palestine Conflict** Neil Caplan,2011-09-19 The Israel Palestine Conflict Contested Histories provides non specialist readers with an introduction and historical overview of the issues that have characterized and defined 130 years of the still unresolved Israeli Palestinian conflict Provides a fresh attempt to break away from polemical approaches that have undermined academic discussion and political debates Focuses on a series of core arguments that the author considers essentially unwinnable Introduces readers to the major historiographical debates sparked by the dispute Encourages readers to consider more useful ways of explaining and understanding the conflict and to go beyond trying to prove who is right and wrong This volume suggests a fresh and original interpretation to the history of the Arab Israeli conflict Caplan juggles skillfully and even handedly between the two narratives reflecting the parties own views without embracing the cause of any party Joseph Nevo University of Haifa An impressive and very valuable work One could not ask for a better short history of the conflict Caplan offers readers a study that is extremely well informed resolutely fair minded and filled with thoughtful insights Mark Tessler University of Michigan Politics and Government in Israel Gregory S. Mahler,2011 This even handed and thorough text explores Israeli government and politics First tracing the history and development of the state Mahler then examines the social religious economic and cultural contexts within which Israeli politics takes place The book explains the operation of political institutions and behavior in Israeli domestic politics as well as Israel s foreign policy setting and apparatus the Palestinian conflict and the question of Jerusalem and the Middle East peace process overall This clear and concise text provides an

invaluable starting point for all readers needing a cogent introduction to Israel today **Israel: the First Hundred Years**

Efraim Karsh, 2014-02-25 The Zionist Movement was born in the wake of Jewish emancipation in Western Europe and at a time of increased persecution in Eastern Europe This volume addresses the intellectual social and political ramifications of Jewish settlement in Eretz Israel before the creation of the State of Israel The Politics of Denial Nur Masalha, 2003-10-20

The 1948 war ended in the expulsion of hundreds of thousands of Palestinians from their homes Israeli settlers moved in to occupy their land and the Palestinian refugees found themselves expelled Today there are nearly four million Palestinian refugees and they want the right to go home Since 1948 Israeli refugee policy has become a classic case of denial the denial that Zionist transfer committees had operated between 1937 and 1948 denial of any wrong doing or any historical injustice denial of the right of return denial of restitution of property and compensation and indeed denial of any moral responsibility or culpability for the creation of the refugee problem This book analyses Israeli policies towards the Palestinian refugees as they evolved from the 1948 catastrophe or nakba to the present It is the first volume to look in detail at Israeli law and policy surrounding the refugee question Drawing on extensive primary sources and previously classified archive material Masalha discusses the 1948 exodus Israeli resettlement schemes since 1948 Israeli approaches to compensation and restitution of property Israeli refugee policies towards the internally displaced present absentees and Israeli refugee policies during the Madrid and Oslo negotiations The Jewish Divide Over Israel Paul Bogdanor, 2017-07-05 Before 1967 Israel had the

overwhelming support of world opinion So long as Israel's existence was in harmony with politically correct assumptions it was supported or at least accepted by the majority of progressive Jews especially in the wake of the Holocaust This is no longer the case The Jewish Divide Over Israel explains the role played by prominent Jews in turning Israel into an isolated pariah nation After their catastrophic defeat in 1967 Arabs overcame inferiority on the battlefield with superiority in the war of ideas Their propaganda stopped trumpeting their desire to eradicate Israel Instead in a calculated appeal to liberals and radicals they redefined their war of aggression against the Jews as a struggle for the liberation of Palestinian Arabs The tenacity of Arabs rejection of Israel and their relentless campaign in schools universities churches professional organizations and above all the news media to destroy Israel's moral image had the desired impact Many Jewish liberals became desperate to escape from the shadow of Israel's alleged misdeeds and found a way to do so by joining other members of the left in blaming Israeli sins for Arab violence Today Jewish liberals rationalize violence against the innocent as resistance to the oppressor excuse Arab extremism as the frustration of a wronged party and redefine eliminationist rhetoric and physical assaults on Jews as criticism of Israeli policy Israel's Jewish accusers have played a crucial and disproportionate role in the current upsurge of antisemitism precisely because they speak as Jews The essays in this book seek to understand and throw back the assault on Israel led by such Jewish liberals and radicals as Tony Judt Noam Chomsky George Steiner Daniel Boyarin Marc Ellis Israel Shahak and many others Its writers demonstrate that the foundation of the state of Israel far from

being the primal sin alleged by its accusers was one of the few redeeming events in a century of blood and shame *Israel in History* Derek Penslar, 2007-01-24 This collection of essays provide a comparative historical analysis of Israel s history In particular they tackle the often contentious issues of the nature of Zionism whether Israel is a colonial state historiography and antisemitism as well social and cultural developments **Constructing Boundaries** Deborah Bernstein, 2000-03-31 An interdisciplinary study discussing the impact of the national crisis in Mandatory Palestine on relations between Jewish and Arab workers and their respective labor movements
