

All The World's Alive Again

by Jennifer Gunner

The rabbit hops its gentle step
The lark sings lyric songs
All the world's alive again
Spring rights the winter wrongs.

Mother hen protects her chicks
White blossoms are in bloom
All the world's alive again
No snowy clouds to loom.

A kitten chirps her tiny mew
The child blinks his eyes
All the world's alive again
A new world crystalized.

Face At The Bottom Of The World And Other Poems:

Face at the Bottom of the World and Other Poems Hagiwara Sakutarō, 1969 *Face at the Bottom of the World and Other Poems* Hagiwara Sakutarō, 2008-12-15 *Face at the Bottom of the World and Other Poems* is a collection of Japanese poetry by master poet Hagiwara Sakutarō. Hagiwara Sakutarō (1886-1942) is generally recognized in Japan as the best poet to have emerged since contact was re-established with the outside world. His work represents the astonishing achievement in the poetic field of General Meiji's endeavor to blend Western learning with the Japanese spirit. He and perhaps he alone have successfully combined the lyric intensity characteristic of the short forms of traditional Japanese poetry with the freedom of length, form, and rhythm which characterizes the poetry of the West. In him East and West, despite Kipling's dictum, have indeed met, and from him the future poets of both traditions have much to learn. For all the startling beauty and originality of his work, Hagiwara remains a poet of the dark, shiveringly sensitive to loveliness in all its million modes; he finds it not only in its familiar haunts but even in such unexpected subjects as rotten calm or the dead body of an alcoholic. A man intensely aware that the sun, that symbol of Japan, rises as much to cast shadows as to give light. *Face at the Bottom of the World & Other Poems* Betsy Adams, 198? *Chicorel Index to Poetry in Anthologies and Collections in Print* Marietta Chicorel, 1974

The Oxford Guide to Literature in English Translation Peter France, 2000 This guide highlights the place of translation in our culture, encouraging awareness of the process of translating and the choices involved in making the translator more visible. Concentrating on major writers and works, it covers translations out of many languages from Greek to Hungarian, Korean to Turkish. For some works, e.g., Virgil's *Aeneid*, which have been much translated, the discussion is historical and critical, showing how translation has evolved over the centuries and bringing out the differences between versions. Elsewhere, with less familiar literatures, the Guide examines the extent to which translation has done justice to the range of work available. **Face at the Bottom of the World** Sakutarō Hagiwara, 1969 **Fictions, Philosophies, and the Problems of Poetics** Peter J. Miller, 2010-04-01 With the Meiji Restoration in 1868, Japan opened its doors to the West and underwent remarkable changes as it sought to become a modern nation. Accompanying the political changes that Western trade ushered in were widespread social and cultural changes. Newspapers, novels, poems, and plays from the Western world were soon adapted and translated into Japanese. The combination of the rich storytelling tradition of Japan with the realism and modernism of the West produced some of the greatest literature of the modern age. *The A to Z of Modern Japanese Literature and Theater* presents a broad perspective on the development and history of literature, narrative, poetry, and drama in modern Japan. This book offers a chronology, introduction, bibliography, and over 400 cross-referenced dictionary entries on authors, literary and historical developments, trends, genres, and concepts that played a central role in the evolution of modern Japanese literature. *The Columbia*
