

# FACES OF REVOLUTION

Personalities  
and Themes in  
the Struggle  
for American  
Independence

"The foremost historian of the American Revolution, winner of two Pulitzer Prizes, provides an extraordinarily lucid and informative representation of the revolutionary age...elegant and persuasive."

—Chicago Tribune

*The Century Book of the American Revolution* Elbridge Streeter Brooks, 1897 *Contextual Theology and Revolutionary Transformation in Latin America* Angel D. Santiago-Vendrell, 2010-06-01 U S audiences know Latin American liberation

theologies largely through translations of Latin American Catholics from the 1970s and beyond. Most of the few known Protestant authors were students of Richard Shaull whose critical thinking on social change, prophetic Christianity and dialogue with Marxism and Christian use of Marxist analysis precedes the emergence of the formal schools of liberation theology by two decades. His own education at Princeton and the education he provided in Brazil charts the course of Protestant influences into this stream of theological reflection that became a global phenomenon in the latter decades of the twentieth century. Also, Shaull's career roughly parallels the emergence of the World Council of Churches and the engagement of the Catholic Church in Latin America and around the world after the Second Vatican Council. He himself was engaged and became the flash point in some of the major conferences, movements and institutions of the 1960s and beyond. Santiago Vendrell documents the entrance of the ecumenical movement in Brazil among the most dramatic transformations in Catholic-Protestant relations around the globe as well as Shaull's role in that development. Along the way, he notes Shaull's prophetic and destabilizing role in the worldwide student movement in the 60s and 70s, charting decisions that mark the ecumenical movement. Shaull's contributions are important for an understanding of the ethical debates in the worldwide ecumenical Protestant and Orthodox communities. Santiago Vendrell examines primary, secondary and historical documents that shine a light on Shaull's transformation into a contextual theologian of the poor. He offers a definitive view of this North American Protestant missionary who wrote extensively on Latin American liberation theology, the base Christian communities and how conversion to solidarity with the poor offers transforming possibilities for the mainline churches' theological identity and practical faith.

*Sensibility and the American Revolution* Sarah Knott, 2012-12-01. In the wake of American independence, it was clear that the new United States required novel political forms. Less obvious but no less revolutionary was the idea that the American people needed a new understanding of the self. Sensibility was a cultural movement that celebrated the human capacity for sympathy and sensitivity to the world. For individuals, it offered a means of self-transformation. For a nation lacking a monarch, state religion or standing army, sensibility provided a means of cohesion. National independence and social interdependence facilitated one another. What Sarah Knott calls the sentimental project helped a new kind of citizen create a new kind of government. Knott paints sensibility as a political project whose fortunes rose and fell with the broader tides of the Revolutionary Atlantic world. Moving beyond traditional accounts of social unrest, republican and liberal ideology and the rise of the autonomous individual, she offers an original interpretation of the American Revolution as a transformation of self and society.

**Caribbean Revolutions and Revolutionary Theory** Brian Meeks, 2001. This volume re-examines the meaning of revolution as a useful concept in politics. It traces the history of the concept from its ancient beginnings but especially in connection with the idea of progress since the French Revolution. More recent statements are examined as a prelude to arriving at a less deterministic, entrenched definition than has often been the case but which retains the idea of revolution as a potential window and facilitator of change.

*Indiana Society of the Sons*

*of the American Revolution Register for Nineteen Hundred and Eight with Roll of Members and Their Revolutionary Ancestors and Other Information of Interest to the Society*, 1908      *Revolution in Higher Education* Richard A.

Demillo, 2017-03-03 A report from the front lines of higher education and technology that chronicles efforts to transform teaching learning and opportunity Colleges and universities have become increasingly costly and except for a handful of highly selective elite institutions unresponsive to twenty first century needs But for the past few years technology fueled innovation has begun to transform higher education introducing new ways to disseminate knowledge and better ways to learn all at lower cost In this impassioned account Richard DeMillo tells the behind the scenes story of these pioneering efforts and offers a roadmap for transforming higher education Building on his earlier book *Abelard to Apple* DeMillo argues that the current system of higher education is clearly unsustainable Colleges and universities are in financial crisis Tuition rises inexorably Graduates of reputable schools often fail to learn basic skills and many cannot find suitable jobs Meanwhile student loan default rates have soared while the elite Ivy and near Ivy schools seem remote and irrelevant Where are the revolutionaries who can save higher education DeMillo's heroes are a small band of innovators who are bringing the revolution in technology to colleges and universities DeMillo chronicles among other things the invention of MOOCs Massive Open Online Courses by professors at Stanford and MIT Salman Khan's Khan Academy the use of technology by struggling historically black colleges and universities to make learning more accessible and the latest research on learning and the brain He describes the revolution's goals and the entrenched hierarchical system it aims to overthrow and he reframes the nature of the contract between society and its universities The new institutions of a transformed higher education promise to demonstrate not only that education has value but also that it has values virtues for the common good      **Alexander**

**Herzen and the Role of the Intellectual Revolutionary** Edward Acton, 1979-02-22 Alexander Herzen 1812-70 was the most outstanding figure in the early period of the Russian revolutionary movement Dr Acton provides a compelling intellectual biography which focuses on the years between 1847 and 1863      *Documents Relating to the Revolutionary History of the State of New Jersey*, 1914      *The Legends of the American Revolution "1776."* George Lippard, 1876

**Principles of Mechanism** Robert Willis, 1870      **Beyond the Vanguard** Marian E. Schlotterbeck, 2018-05-25 For a thousand days in the early 1970s Chileans experienced revolution not as a dream but as daily life Alongside Salvador Allende's attempt to democratically bring about a socialist regime new understandings of the meaning of revolutionary change emerged In her groundbreaking book *Beyond the Vanguard* Marian E Schlotterbeck explores popular politics in Chile in the decade before Augusto Pinochet's dictatorship and provides an in depth account of how working class people transformed the existing social order by embracing radical politics Schlotterbeck eloquently examines the lost opportunities for creating a democratic revolution and the ways that the legacy of this period continues to resonate in Chile and beyond Learn more about the author and this book in an interview published online with Jacobin      **Socioeconomic Dynamics of the**

**COVID-19 Crisis** Nezameddin Faghih, Amir Forouharfar, 2022-01-13 This book depicts and reveals the socioeconomic dynamics of the COVID 19 crisis and its global regional and local perspectives Explicitly interdisciplinary this volume embraces a wide spectrum of topics across economics business public management psychology and public health Written by global experts each chapter offers a snapshot of an emerging aspect of the COVID 19 crisis for the benefit of academics and students as well as the institutional economic social and developmental policymakers and health practitioners on the ground
