Express Newspapers Andrew Cameron,2000 It will also be of value to those involved with the presentation of news in all its forms and others following the influence of the media on our history and daily lives **BOOK JACKET** Journalism Ian Hargreaves,2003 Hargreaves examines the changing professional culture of journalism and its role in providing us with entertainment keeping us abreast of scientific and medical breakthroughs and reporting from frontlines arguing that the core principles of freedom of the press are as vital now as ever they were **Rejoice! Rejoice!** Alwyn W. Turner,2010-04-25 When Margaret Thatcher became prime minister in 1979 she promised to bring harmony where once there had been discord But Britain entered the 1980s bitterly divided over its future At stake were the souls of the great population boom of the 1960s Would they buy into the free market patriotic agenda of Thatcherism Or the anti racist anti sexist liberalism of the new left From the miners strike the Falklands War and the spectre of AIDS to Yes Minister championship snooker and Boy George Rejoice Rejoice steps back in time to relive the decade when the Iron Lady sought to remake Britain What it discovers is a thoroughly foreign country *American Book Publishing Record* ,2001 **Turbulent Decade** Jiaqi Yan,Gao Gao,1996-02-01 Yan Jiaqi one of the principal leaders of China s pro democracy movement and his wife Gao Gao a noted sociologist set out to write a comprehensive narrative account of the Great Proletariat Cultural Revolution which occurred in the second decade after Mao Zedong and his comrades came to power It appeared in Hong Kong in 1986 and was quickly banned by the Communist government Not surprisingly censorship and restricted circulation in China resulted in underground reproduction and serialization The work was thus widely read coveted and appreciated by a populace who had just freed itself from the cultural drought and political dread of the event Yan and Gao later spent two years revising and expanding their work The present volume *Turbulent Decade A History of the Cultural Revolution* is based on the revised edition and has been masterfully edited and translated by D W Y Kwok in consultation with the authors It makes available for the first time in English Yan and Gao s remarkable record of the traumatic Cultural Revolution decade and remains the only single volume narrative history of the revolution written from an independent and personal perspective It is a sweeping historical account notable for its moral courage for its empathy for the significance of the questions it addresses and for its sobering ultimately tragic view of human behavior *The British National Bibliography* Arthur James Wells,2000 Forthcoming Books Rose Army,2000 *Bulletin of Local History* ,1979 **Architecturing a Destiny** James J. Oluleye,2001 *Surviving in the Newspaper Business* Jim Willis,1988-06-22 Willis almost total textbook analysis of today s newspaper makes *Surviving in the Newspaper Business* precisely what it claims to be A how to guide to newspaper management in the 1980s and beyond a set of unified principles for successful management It explains the supervision and organization of each department and stresses the importance of keeping the paper responsive to the needs of its readers advertisers and somewhat surprisingly even its employees Willis talks about advertising circulation and marketing strategies

and how to deal with competition from TV the suburban weeklies and labor unions He looks at the editor as a people manager something that more than one tradition bound editor has been unable to do for himself The book has sample budgets and organizational charts and even a discussion of the relative merits of adult vs youth carriers Newspaper Research Journal Professor Jim Willis book is a nicely condensed overview of the newspaper as a business Though it is aimed at journalism students enrolled in newspaper management classes it is also worthwhile reading for the curious reporter or copy editor who knows little about how newspapers make and spend money The book is sprinkled with good common sense about balancing newspapers as a business against newspapering as good journalism Professor Willis makes a gallant attempt to make sure students understand that though the newspaper must make a profit to survive it will never truly excel unless it produces a good news editorial product ASNE Bulletin Surviving in the Newspaper Business is a how to do it guide to newspaper management for the 1980s and beyond It presents a set of unified principles for successful management and exposes the student to the primary mission of the newspaper to deliver a quality product to the depth and breadth of the marketplace Stressing the importance of the total newspaper concept Willis portrays the successful newspaper as integrated internally among departments and externally with its readership and advertisers In addition he analyzes the newspaper s industrial environment discusses management survival strategies considers business and finance plans and assesses organizational behavior in the newsroom Included are a series of hands on case studies offering further insights into topics discussed
