*Grieving Well* Terri DeBoer, Janet Jaymin, 2023-02-21 Death is a part of life Even though it is a certainty most of us are unequipped and ill prepared for it When we consider the timeline of life it is clear that life unfolds in a series of seasons Each of those seasons has a beginning middle and end It's easy to celebrate birth and the start of a new life because with birth comes so much optimism hope and joy The majority of life takes place in the seasons of growing up and becoming an adult becoming a parent and perhaps a grandparent this part of life is typically busy and filled with activities and lots of distractions The most difficult part comes at the end of life's journey Whether the end comes suddenly or over a period of time it comes with a sense of loss and emptiness when we lose someone we love According to the Faith Hospice website a three year study was conducted by Amerispeak and WebMD prior to COVID 19 in which they found that 57% of Americans are grieving in some way the loss of a loved one patients human connection at any given time That means if you're walking down the street or shopping at the store every other person you see is dealing with grief In *Grieving Well* storyteller Terri DeBoer has teamed up with Janet Jaymin It is from Janet's personal journey as a grief counselor helping thousands of individuals and families that allows her to validate that what was will never be the same These thoughts and feelings can be a complete sense of doom and gloom for the individual but through *Grieving Well* they can realize that while grief cannot be cured peace can be found
