action networking and constant negotiation with landlords and public officials During the height of the movement protesters forced revolutionary elites to respond by requiring them either to negotiate co opt and or repress members of independent grassroots organizations in order to maintain their rule The tenant movements demonstrate how ordinary women and men contributed to the remaking of state and civil society relations in post revolutionary Mexico This book analyzes the critical roles that women played as leaders and as rank and file agitators to keep the movements alive The author has used a wide variety of primary sources to provide a vibrant portrayal of these urban social protesters On a larger scale this book shows that the voices of the urban poor were able to become part of the revolutionary dialogue and ideology While others have highlighted the role of rural folk such as the Zapatistas this work allows readers to appreciate the urban side of the po

**El"extra"** Fernando Checa Montúfar, 2003 Este trabajo explora el car cter popular y ambivalente del sensacionalismo Analiza al Extra las relaciones entre su producci n y consumo las pr cticas y relaciones que se dan en y a prop sito de l En la primera parte la hip tesis central es que este diario hace una incorporaci n distorsionante de lo popular como negocio y negociaci n cultural que produce una sintaxis popular Adem s hay una visibilizaci n ambivalente de los sectores populares son protagonistas cotidianos de la noticia pero con un enfoque estigmatizador Sin embargo el Extra tiene una funci n impugnadora por la

exposición masiva del lado oscuro de la sociedad En la segunda parte se hace una aproximación al newsmaking del Extra para entender la lectura que el medio hace del acontecer y la lógica de sus representaciones de los sectores populares también al consumo y percepciones de sus lectores y no lectores para establecer la negociación del diario con las matrices culturales y expectativas populares sus conexiones con la complejidad y tensiones de la cultura popular y sus prácticas y a los gustos y disgustos que su consumo provoca En suma el autor propone que si bien en el Extra hay una sintaxis popular y tiene un carácter impugnador también infama a los sectores populares desde la picota de una visibilización abyecta Y en el proceso ubica a la estigmatización de su consumo como una marca de la infamia
