A Dutch Modernist Donald Langmead,Willem Marinus Dudok,1996-04-18 This self taught Dutch architect was among the

 that most of his architecture was built in the provincial town of Hilversum Travel word of mouth and literature spread the
 news of his humane modern approach to building design The more than 1 200 bibliographic entries in this work are
 presented alphabetically by decades and further by genres Each is summarized described and evaluated in the context of a
 critical overview of Dudok s career Architectural scholars and students will profit from this comprehensive guide to the
 international literature on one of the most emulated champions of modern architecture For too long much was made in the
 English language architectural literature of Germany s pioneer role in developing Modernism That contribution was
 undeniably valuable but the Dutch were unfairly overlooked however Dudok s work was not Hilversum became a magnet for
 young foreign architects in the 1930s He cast his spell upon much of continental Europe the United States and Britain and
 throughout the 1940s his style was so widely mimicked that a new adjective was coined dudoky This volume will reintroduce
 the importance of Dudok s work to today s scholars and students **British Book News** ,1985 **Behind the Seen** Studio
