Faberge In America:

Fabergé in America Géza von Habsburg, David Park Curry, Fabergé (Firm), Fine Arts Museums of San Francisco, 1996
The outstanding legacy of the Russian goldsmith and jeweler Carl Faberge has captured the public's imagination for many years. During his lifetime Faberge's exquisitely made jewelry and fantastically extravagant objets d'art brought him patronage from the world's most affluent people including royalty and throughout this century his work has been avidly collected. *Faberge in America* is the first book dedicated to the works that have been amassed by American collectors. More than just an assembly of objects and names it places the social history of American collecting against the backdrop of the nation's ongoing fascination with imperial Russia. Spanning almost a century of collecting the book combines biographical accounts of the most important American Faberge clients and collectors with exceptional photographs of the treasures. Following a brief background history of the House of Faberge the first section of the book is devoted to the period before World War I and the objects acquired by Americans in St Petersburg and London during Faberge's lifetime. The second part covers the years between 1930 and 1950 when in the aftermath of the Russian Revolution members of the royal family and Russian aristocrats brought Faberge treasures to America. It was during this period that the first great American collections were formed including those of Matilda Geddings Gray, India Early Minshall, Lillian Thomas Pratt and Marjorie Merriweather Post. A final section looks at the collections formed between 1950 and the present day with particular emphasis on Malcolm S. Forbes who built up what is undoubtedly the biggest and most impressive Faberge collection in the world. Published to accompany a traveling exhibition organized by the Fine Arts Museums of San Francisco and commemorating the 150th anniversary of the jeweler's birth *Faberge in America* provides both a spectacular survey of some of the most beautiful and intriguing objects ever created and an unrivaled history of art collecting in America. **Fabergé in America**, 1997

Fabergé Eggs Will Lowes, Christel Ludewig McCanless, 2001 This work presents detailed technical descriptions of 66 Faberge eggs as well as the stories of people involved in their making or presentation. **Fabergé** Géza von Habsburg, 1996
Carl Faberge's unparalleled creativity and craftsmanship won him the recognition of the Russian Imperial Court at the turn of the last century. Few objects are as universally loved as his jewel encrusted Easter eggs crafted for the last two czars of Russia each containing a surprise. Featured in this delightful introduction to the House of Faberge is a selection of his most celebrated works that have found their way into American collections. Easter eggs are just a portion of this master's prodigious production which comprised over 150 000 jewels, silver pieces and objects of art. The latter are fantasies in gold, enamel and hardstone and include elegant picture frames and cigarette cases created for the ruling families of Europe and other wealthy patrons. Intimate glimpses into the world of this ingenious designer are captured through excerpts from letters and quotes from an adoring press. The Dowager Empress Maria Feodorovna exclaimed upon receiving a Faberge egg: "It is an unbelievably beautiful and superbly fine piece of work. Faberge is the greatest genius of our time." The fifty-four choice objects

beautifully photographed are from American public and private collections The book also contains a chronology and a reading list

Faberge's Eggs Toby Faber, 2008-10-07 In *Stradivari's Genius* Toby Faber charted the fascinating course of some of the world's most prized musical instruments Now in this enthralling new book he tells the story of objects that are to many the pinnacle of the jeweler's art the Fabergé imperial eggs The Easter presents that Russia's last two czars gave to their czarinas have become synonymous with privilege beauty and an almost provocative uselessness They are perhaps the most redolent symbols of the old empire's phenomenal craftsmanship of the decadence of its court and of the upheavals that brought about its inevitable downfall *Fabergé's Eggs* is the first book to recount the remarkable story of these masterpieces taking us from the circumstances that inspired each egg's design through their disappearance in the trauma of revolution to their eventual reemergence in the global marketplace In 1885 Carl Fabergé created a seemingly plain white egg for Czar Alexander III to give to his beloved wife Marie Fedorovna It was the surprises hidden inside that made it special a diamond miniature of the Imperial crown and a ruby pendant This gift began a tradition that would last for more than three decades lavishly extravagant eggs commemorating public events that in retrospect seem little more than staging posts on the march to revolution Above all the eggs illustrate the attitudes that would ultimately lead to the downfall of the Romanovs their apparent indifference to the poverty that choked their country their preference for style over substance and during the reign of Nicholas II their all-consuming concern with the health of the czarévitch Alexis the sickly heir to the throne a preoccupation that would propel them toward Rasputin and the doom of the dynasty More than a superb new account of a classic tragedy *Fabergé's Eggs* illuminates some fascinating aspects of twentieth-century history The eggs' amazing journey from revolutionary Russia features a cast of characters including embattled Bolsheviks acquisitive British royals eccentric artifact salesmen and such famous business and society figures as Arm and Hammer Marjorie Merriweather Post and Malcolm Forbes Finally Toby Faber tantalizingly suggests that some of the eggs long thought lost may eventually emerge Darting from the palaces of a besieged Russia to the showcases of New York's modern mega-wealthy *Fabergé's Eggs* weaves a story unparalleled in its drama and extravagance Praise for *Stradivari's Genius* Fascinating lively more enthralling earthy and illuminating than any fiction could be The New York Times Book Review A celebration of six instruments and the master craftsman who made them Faber brings to the subject an infectious fascination with *Stradivari's* life and trade He writes with clarity and fluency Chicago Tribune An extraordinary accomplishment and a compelling read Like strange totems that cast an irresistible spell these instruments bring out the best and the worst of those who would own them and Faber deftly tells the stories in all their rich and surprising detail Thad Carhart author of *The Piano Shop on the Left Bank* A worthy contribution to the ongoing legend of *Stradivari* Minneapolis Star Tribune Fascinating accessible and enjoyable Tracy Chevalier author of *Girl with a Pearl Earring*

Imperial Russian Journal ,1994 *Russian Fractals in Indigenous Artifacts* Abdul Karim Bangura,Leonid A. Zhigun,2025-06-22 This book is the first comprehensive work on Russian Fractals in indigenous artifacts While existing works focus on universal phenomena such as liquid crystal or finance none explore the intersection between Fractals and Russia Russian Fractals in Indigenous Artifacts therefore investigates how indigenous Russian cultures have a wonderful Fractal heritage that was originally tied to socially just and ecologically sustainable social practices including those of indigenous northern groups such as the Yakut Fractal designs originally allowed unalienated value both human and nonhuman to be visible thereby enabling just and sustainable living This book also examines how the tsarist elite encouraged the creation of unique creative masterpieces developing and strengthening traditional crafts and art of indigenous people hence Fabergé or imperial architecture Today the challenge for contemporary Russia is to reestablish the relationship between the social and ecological sustainability of indigenous cultures and practices for which we can now provide modeling

and analysis Lay attempts at this have only limited success as they have based the attempts on a purely religious basis which recognizes the ecological aspects but often succumbs to authoritarian nationalism However the freely accession of indigenous peoples to Russia for the sake of national liberation has had a positive effect on enriching them with spirituality and creativity by Fractal artifacts through friendly exchanges with one another In Russian Fractals in Indigenous Artifacts Bangura and Zhigun express why there is a need for a forward thinking Fractal renaissance in Russia bringing together contemporary computational and scientific analyses with these ecologically and socially sustainable traditions *Calendar* Virginia Museum of Fine Arts,1996 **Canadian-American Slavic Studies** ,2009 A quarterly journal devoted to Russia and East Europe **Official Gazette of the United States Patent and Trademark Office** ,1989 **Faberge** Dr. Geza Von Habsburg,A. von Solodkoff,2000-09 The World of Faberge contains over 750 images accompanies one of the most ambitious exhibitions ever mounted on the jewelers of the Russian Imperial Court Many images are from private collections have never been seen before **International Arbitration in the United States** Laurence Shore,Tai-Heng Cheng,Jenella E.
