**Fabulosas narraciones por historias** Antonio Orejudo Utrilla,1996      Nueva biblioteca de autores españoles ,1905

Nueva biblioteca de autores españoles: Orígenes de la novela ,1905      **Archipiélago ,1996**      *Fabulosas narraciones por historias* Antonio Orejudo,1996      *El poder de la lectura* Cordón García, José Antonio,Muñoz-Rico, María,2023-10-01

Comparado con otros países de nuestro entorno España presenta importantes problemas económicos y sociales que han estado presentes en las últimas décadas y que derivan en buena medida de una deficiente calidad de gobierno. Este déficit de gestión se manifiesta en particular en una visión cortoplacista en la que la racionalidad estratégica de los agentes políticos conduce de forma parajica e ineludible a la irracionalidad del sistema político. Esto es a su incapacidad para solucionar aquellos problemas estructurales. Con el propósito de hacer un diagnóstico de esta situación la obra analiza los fallos más relevantes del sistema: la ceguera del corto plazo debida en buena medida a la insuficiencia de procedimientos de evaluación de los efectos de las normas; la existencia de mecanismos que dificultan la adopción de decisiones que, aun siendo beneficiosas en el largo plazo, suponen costes políticos inmediatos; la falta de continuidad de las políticas más allá de los ciclos electorales, debida a la ausencia de consensos entre partidos y a la inexistente separación entre líneas políticas y burocráticas; y la colonización política de las instituciones arbitrales e independientes. Estos fallos provocan una dinámica de círculo vicioso en la que los fallos estructurales del sistema social y económico se hacen cada vez más difíciles de corregir. Partiendo de dicho diagnóstico y del carácter prioritario de la racionalización del sistema político como condición para la mejora de la situación económica y social, la obra hace algunas propuestas articuladas como cambios institucionales y pone de manifiesto la necesidad de replantear las relaciones entre sistema político y sociedad.

**Ahogados** Carlos Eugenio López,2000      **Delirios de grandeza** Carlos Eugenio López,1998      **Biblioteca de autores españoles** Benito Jerónimo Feijoo,1863 Desde la formación del lenguaje hasta nuestros días      La noche de las doscientas estrellas Nicolás Casariego,1998      Lost in Transition H. Rosi Song,2016 This book examines how the political period in Spain following Franco's death, known as the Transición, is being remembered by a group of writers, filmmakers and TV producers born in the sixties and early seventies. Reading against the dominant historical account that celebrates Spain's successful democratisation, this study reveals how recent television film and fiction recreate this past from a generational perspective, linking the experience of the Transición to the country's present political and financial crises. Privileging above all an emotional connection, these artists use personal feelings about the past to analyse and revisit the history of their coming-of-age years. Lost in Transition considers the implications of adopting such a subjective positioning towards history that encourages an unending narrative always in search of more meaningful and intimate connections with the past. Taking into account recent theoretical approaches to memory studies, this book proposes a new look at the production of memory in contemporary Spain and its close relationship to popular culture, shifting the focus from what is remembered to how the past
