Face Down In A Coffin:

The Coffin of James Genius Jeff Petrill, 2008-03 James Genius is a traveler hiding a secret While trying to fit into a community that thrives off death James begins building a new life that quickly turns into a personal hell in futuristic America A new Civil War brews in America while James simultaneously fights his own internal demons and hallucinations as he attempts to locate the survivors of his hidden family While the government promises to protect and separate citizens from one another obsessive political control and suspicious behavior begins to confuse and upset the public As a result survival groups start preparing for the collapse of the government while a news organization The Zoo Trials tries to explain and solve the country's seemingly inevitable demise James holds the key to a major change but in a futile attempt to protect himself he pretends he doesn't recall his past Meanwhile others encourage James to reveal his true self but he waits for the right moment to fuel his transformation Only time will tell if James finds the real life he's been desperately seeking and if the citizens of this revolutionary community will pull together and plant the seeds of positive change Coffin's Ghost Gwendoline Butler, 2025-06-25 Everyone has a few ghosts in their closets but John Coffin Chief Commander of the Second City of London's Police believes that his are all safely tucked away In fact recently recovered from a gunshot wound Coffin is hoping for a calmer life with his actress wife Stella Pinero However life has other plans for him Coffin learns that all of his ghosts are not behind him when a parcel containing dismembered limbs is found outside a woman's refuge The Serena Seddon Shelter for battered wives is located on Barrow Street not far from Coffin's own home But the link to Coffin is more sinister than mere proximity his initials are written on the package and the shelter is housed in the building where he lived when he first arrived in the Second City This discovery opens a door through which troop a succession of horrible and violent events including sudden death Coffin's Ghost is another sterling entry in a series that has been continually praised for its ability to delve into the darker side of life and will leave readers wondering just how safe their secrets are

of allure and revulsion and the uncanny attraction to death In each case there is a desire for the dead to speak in a contemporary voice each historical personage becomes symbolic of larger aspects of the contemporary culture The discourse of the noble body in death is reconfigured to validate English nationalist ideals and to establish the past as a Golden Era of unimpeachable superiority It was not enough simply to study the lives and deaths of historical figures It was necessary to disinter the corpses engage physically with the dead and experience the discourse of validation THEA TOMAINI is Associate Professor of English Teaching at the University of Southern California [Chin Up, Head Down](#) Helena Tym, 2012-09-11 On 2nd June 2009 two men knocked on our door bringing with them the news that our nineteen year old son Cyrus had been killed that morning by an IED while serving with 2 Rifles in Afghanistan Our family as we knew it was destroyed in an instant I had three sons a job as a manager in a day centre for people with acquired brain injuries and suddenly this had changed for ever People ask me how I've coped and my answer is that I have written it all down partly for fear of losing those memories too and also to try to make some sense of what has happened This process of madness continues to be part of what has become my new normal I have a new life now which I'm trying desperately to come to terms with and follow Cyrus's words from his last letter to us *Kentucky Book of the Dead* Keven McQueen, 2019-10-07 This illustrated compendium by the author of *Horror in the Heartland* reveals macabre tales of death hauntings and unexplained events in Kentucky's past Author Keven McQueen specializes in uncovering local legends strange but true incidents and outright hoaxes that newspapers of the past found fit to print In his *Kentucky Book of the Dead* McQueen resurrects creepy stories of life and death in the Bluegrass State each presented with commentary as well as line drawing by illustrator Kyle McQueen In these pages readers will discover the Grim Reaper's creative side meet the disgusting ghosts of Louisville and find out more than they thought they knew about old fashioned embalming techniques *Kentucky Book of the Dead* is by turns spine tingling and entertaining engrossing and just plain gross [Buried Alive](#) AJ Griffiths-Jones, 2025-02-13 A spine chilling exploration of premature burials miraculous escapes and humanity's deep fear of being buried alive throughout history The macabre meets the factual in this spine chilling exploration of humanity's darkest fear being buried alive From ancient folklore to modern medical marvels *Buried Alive* delves deep into the annals of history uncovering tales of premature interment and miraculous escapes Imagine the horror of waking up in a coffin surrounded by suffocating darkness with no hope of escape Drawing on historical records and eyewitness accounts this book reveals the grim reality of those who were inadvertently entombed before their time From cases of war where whole battalions have been covered in earth whilst still living to ritual and superstition from voodoo to suttee in Haiti and India as well as the immurement in walls of errant monks and convent sisters Less known cases of burials of the living through murderous intentions and natural disasters are also told alongside tales of fakirs and hypnotists whose challenges were to have themselves put into a grave and left for days Amidst tales of terror this book also celebrates the resilience and heroism of those who defied death's grasp providing a wealth of historical detail and
