Naik, Guy Parker-Rees, 1997      **Friends and Enemies** Norman Birnbaum, 1960      *Oppenheimer and Heisenberg: Friends, Enemies and Architects of Destiny* David Montaigne, 2023-07-17 Most people know that Oppenheimer ran the Manhattan Project the organization that developed the atomic bomb for the United States in World War II Some also recognize the name Heisenberg Not the Walter White character from Breaking Bad but Nazi Germany's top theoretical physicist who had the Allies so worried he would make the first atomic bombs for Hitler that they sent assassins to make sure he didn't In 1928 these two were friends working on co-authoring research together by 1942 they were on opposite sides of an atomic arms race One of them made sure Hitler was unable to win the war by dropping atomic bombs on Moscow and New York It was much closer than most people realize      Live and Learn, or the first John Brown, his friends, enemies and acquaintances, in town and country. Moghaddam, 2013-10-21 This two volume exploration of what might be termed interpersonal war and peace reveals why individuals and groups coalesce or collide and how more positive relationships can be achieved In this two volume set the most comprehensive treatment of its subject to date eminent social scientists explore the processes involved in becoming friends or enemies Volume 1 Interpersonal and Intrapersonal Insights focuses on friendship and enmity between individuals examining situations that arise in romances at school at work and between races genders and sexual identities The text is enriched by a discussion of individual interactions in classic books and movies what those stories reflect and what they teach about human nature Volume 2 Group and Intergroup Understanding focuses on group dynamics across time and around the globe Topics range from group interactions before and after the American Civil War to friendship and enmity between Afghans and Americans today The work's ultimate concern however is to present ways in which individuals groups and nations can learn to be friends      Violence and Nihilism Luís Aguiar de Sousa, Paolo Stellino, 2022-07-05 Nihilism seems to be per definition linked to violence Indeed if the nihilist is a person who acknowledges no moral or religious authority then what does stop him from committing any kind of crime Dostoevsky precisely called attention to this danger if there is no God and no immortality of the soul then everything is permitted even anthropophagy Nietzsche too emphasised although in different terms the consequences deriving from the death of God and the collapse of Judeo-Christian morality This context

shaped the way in which philosophers writers and artists thought about violence in its different manifestations during the 20th century The goal of this interdisciplinary volume is to explore the various modern and contemporary configurations of the link between violence and nihilism as understood by philosophers and artists in both literature and film     **A Study of Resemblances and Differences Between Friends and Enemies** Frederick C.
