My Thoughts Are My Reality Martha Edmond, 2011-11-15 When I was 8 yrs old I started writing poetry about my life experiences growing up poetry has been my stress reliever and great therapy Since I m a thinker 45% of my poetry are about my thoughts or things I would always imagine in my mind Most of the things I write about a lot of people can relate to young or old There are poems I have that will break your heart make you cry and make you smile I think my poetry can put a voice not only to me but people that has been through so much and have felt like they would never feel important or loved

True Infinity Vlad Blaze, 2020-06-12 introduction Ever since I was in my youth I had knowledge that a higher power is at work I didn t know religion or spirituality because I was not brought up on it Until I chose for myself to discover and research behind ancient and sacred practices through the power of the spirit and the balance of nature and life This book True Infinity is a personal perspective and observation on how religion should be portrayed and understood as How life should be lived in accordance to religion This book seeks out to people who have a curiosity for religion or spirituality or someone who wishes to expand their knowledge of wisdom that this book teaches If you are spiritual or follow a religion such as Judaism Christianity or Islam True Infinity speaks in similar terms of the logic of life

and what complex sayings of old are translated to understand what The Word Of GOD is to lead a righteous path life for yourself and be an inspiration of the positive side of life Jesus Christ said my body is my temple meaning one's spirituality comes from within For Jesus followed GOD more than religion and put his perspective of life and logic to teach the people of how to be a selfless being a perfect being in GOD's eyes If you follow a religion and feel that it is right for yourself to embrace higher spirit of GOD's grace be proud of the religion you serve but understand that religion speaks about the balance of freedom and peace This book is a cover of Abrahamic religions that is set to not be of repetitive cause or in contradiction to one of the other religion's beliefs but to explain the laws of action and faith to be of the balance of the universe and how those laws are defined as through a greater wisdom and perception of understanding where the foundation of religion is based on for the value of good nature spirit to be of purity and whole heartedness for the love of peace and positivity The book of True Infinity is about the high points that seem logical to follow in everyday lives to be more spiritual and connected to GOD to feel complete and centered about the stable idea that The Creator GOD Almighty created this universe and gave life to all living and non living things The book is high powered and life changing strengthening one's heart and support to one's life in completion of one's life For it provides peace of mind to one's heart to be filled full of love that GOD provides for for those who can understand peace The book can heal more than your household as you provision the act of faith to receive blessings of GOD and redeem yourself through worship to GOD and GOD alone as well as the acts of being selfless that proclaim one's being to a higher spectrum of positivity For religion is mostly centered about GOD and the commandments that GOD gives us in order to live to the expectation of the test of life to find the greatest peace in the afterlife Heaven For the teaching of weakness to strength from confusion of religion translated into wisdom and knowledge The teachings of GOD are to find GOD and gain intelligence wisdom and perspective For ages religion has been twisted into the words of confusion Separating people from people for the strongest devotion man or woman can find is in religion True Infinity talks about peace and the sacrifices lost to find peace One must find love to find peace one must find GOD to find the greatest peace Any religious book is to provide wisdom and understanding to those who seek healing and spiritual guidance even depression or to seek one's inner purpose and personal insight about life itself There are philosophical aspects about religion for you will not find anything foolish but righteousness For the commandments and prophesy that GOD sends us through the prophets are to prepare oneself for preservation of this life and the next For it is truly great to understand life and its balances

Am I the Only One Crazy? Myron Lee, 2014-07-29 The desire to write this book was at first born out of frustration of yet another failed relationship In the midst of this frustration I attempted to explain what I felt love really was to someone who I thought at that moment to not have a clue From this relationship I began to explore my mind and remember how love first found me From there this book was born In no way am I professing to be an authority on love or relationships I have no degrees or licenses which can validate it I am only sharing my most intimate experiences allowing you

to be there and hopefully feel what I felt and see through my eyes my life as it existed in those moments To say that I m a hopeless romantic is a very accurate description of a huge part of me I believe in the truth of love because love is responsible for our very existence If not for our father in heaven non of us would exit My hope is that you will be inspired by my story and that you will avoid many of the situations I encountered by cherishing yourself and the essence of love If you do this then I will have accomplished my goal May love live on in you
