Friends Help Me:

Poems for You about Me, My Friends and Our Emotions Mark Isbister, 2003-10 How does one summarize an eclectic collection of words that express the jumbled sets of complex emotions spanning a lifetime What they mean to those who were the motivation for their creation cannot begin to be expressed to mere readers who happen upon this book as passersby to a recent accident You see the results but needed to have been there to fully feel the impact on your emotions Yet poetry like art of a more physical nature has meaning to each of us on our own level It is with that thought in mind that the author submits these poems to the world If nothing is gained from the reading but a single laugh a solitary tear or one knowing nod of the head then the job will have been worth the doing Please walk the path of life a little less quickly and hug those you love a bit more often Help Me! I'M a Religious Wreck and You Can Find Me in the Desert Tamara K. Kent, 2011-02-25 Everyday countless numbers of believers experience crisis that tests their faith Once thrust into the storm the sifting begins and we must make a choice to stand on truth To complicate the matter we may respond in sin and continue in error by pointing the blame on others After our faith falters through a trial we may abandon it and suffer the stigma of what the Apostle Paul called a shipwrecked faith Not understanding why this happens to loyal believers who once felt so close to God we turn away from our faith Like spiritual nomads we leave the congregation fleeing for refuge in a desert of our own making What we may not comprehend or appreciate is that God's grace sustains us during our season of separation This book helps the reader to regain stability during a stretch in the desert and see it as an opportunity for refining and redefining our faith Alternatively faith failure occurs when a believer naively misplaces faith to truth in a system of religious works or persons and suffers when they do not uphold the teachings of Jesus When we walk from false religious teachings associates label us as failures and reject us Broken hearted and disillusioned by our situation we give up our religion and turn our back on everything we once believed in We may spend years hiding in the desert making little progress in our faith until we realize that we are spiritually thirsty We long for God's love and wish someone would help us find the way to restore our faith Our cry is like the title of this book Help Me I'm a Religious Wreck and You Can Find Me in the Desert and here it is with care placed into your hands from one who understands the cry **Becoming Friends** Paul J. Magnanimity is a virtue that has led many lives Foregrounded early on by Plato as a philosophical virtue par excellence it became one of the crown jewels in Aristotle's account of human excellence and was accorded equally salient place by other ancient thinkers It is one of the most distinctive elements of the ancient tradition to filter into the medieval Islamic and Christian worlds It sparked important intellectual engagements and went on to carve deep tracks through several of the later philosophies to inherit from this tradition Under changing names and reworked forms it would continue to breathe in the thought of Descartes and Hume Kant and Nietzsche Its many lives have been joined by important continuities yet they have also been fragmented by discontinuities discontinuities reflecting larger shifts in ethical perspectives and competing answers to questions about the nature of the good life the moral nature of human beings and their relationship to the social and natural world they inhabit They have also been punctuated by moments of intense controversy in which the vision of human greatness has itself been called into doubt The aim of this volume is to provide an insight into the complex trajectory of a virtue whose glitter has at times been as dazzling as it has been divisive By exploring the many lives it has lived we will be in a better position to evaluate whether this is a virtue we still want to make central to our own ethical lives and why **Once upon the Tracks of Mumbai** Rishi Vohra, 2015-04-08
