## **Fritz Perez Naphtali Sozialdemokrat Und Zionist:**

**A History of Jews in Germany Since 1945** Michael Brenner, 2018-11-01 A comprehensive account of Jewish life in a country that carries the legacy of being at the epicenter of the Holocaust Originally published in German in 2012 this comprehensive history of Jewish life in postwar Germany provides a systematic account of Jews and Judaism from the Holocaust to the early 21st Century by leading experts of modern German Jewish history Beginning in the immediate postwar period with a large concentration of Eastern European Holocaust survivors stranded in Germany the book follows Jews during the relative quiet period of the 50s and early 60s during which the foundations of new Jewish life were laid Brenner s volume goes on to address the rise of anti Israel sentiments after the Six Day War as well as the beginnings of a critical confrontation with Germany s Nazi past in the late 60s and early 70s noting the relatively small numbers of Jews living in Germany up to the 90s The contributors argue that these Jews were a powerful symbolic presence in German society and sent a meaningful signal to the rest of the world that Jewish life was possible again in Germany after the Holocaust This volume which illuminates a multi faceted panorama of Jewish life after 1945 will remain the authoritative reading on the subject for the time to come Frankfurter Allgemeine Zeitung An eminently readable work of history that addresses an important gap in the scholarship and will appeal to specialists and interested lay readers alike Reading Religion

Comprehensive meticulously researched and beautifully translated CHOICE     **Germans against Germans** Moshe Zimmermann, 2022-12-06 Among the many narratives about the atrocities committed against Jews in the Holocaust the story about the Jews who lived in the eye of the storm the German Jews has received little attention Germans against Germans The Fate of the Jews 1938 1945 tells this story how Germans declared war against other Germans that is against German Jews Author Moshe Zimmermann explores questions of what made such a war possible How could such a radical process of exclusion take place in a highly civilized modern society What were the societal mechanisms that paved the way for legal discrimination isolation deportation and eventual extermination of the individuals who were previously part and parcel of German society Germans against Germans demonstrates how the combination of antisemitism racism bureaucracy cynicism and imposed collaboration culminated in the final solution

### **Supremo Tribunal Federal: Prússia contra Reich**

Martonio Mont'Alverne Barreto Lima, 2022-10-21 A Editora Contracorrente tem a satisfação de anunciar a publicação do livro Supremo Tribunal Federal Prússia contra Reich do aclamado jurista Martonio Mont Alverne Barreto Lima. A obra mobiliza um vasto repertório histórico e bibliográfico para investigar a multiplicidade de significados e consequências do julgamento conhecido como Preu en contra Reich concluído pelo Tribunal do Estado com sede em Leipzig em 25 de outubro de 1932. Iniciado em razão dos confrontos de nazistas contra trabalhadores e comunistas que resultou em 26 mortes o caso passou a ser chamado de domingo sangrento. Naquele contexto então sob a Constituição de Weimar o governo central já com forte inclinação nazista encorajava nos sociais democratas prussianos um obstáculo a ser superado nesse cenário a remo dos sociais democratas dar-se-ia com a utilização do Direito como arma política contra adversários com participação do Poder Judiciário. Além da referida análise o livro busca ainda traçar paralelos entre o caso alemão e experiências na América Latina e sobretudo no Brasil pós-1988 com as devidas ressalvas para cada contexto histórico. Nas palavras do autor trata-se de compreender como se comportam Poder Judiciário e seus tribunais em momentos de crise e de instabilidade. Trata-se de investigar as fraquezas institucionais que tornaram possíveis os resultados. A discussão aqui trazida sobre como reagem o Poder Judiciário e seus tribunais perante tentativas constitucionais com fortes compromissos sociais e intervencionistas especialmente na redefinição do conceito de propriedade quando a tensão interna ao processo constitucional e político se estabelece de tal maneira que a escolha entre um lado e outro significa a escolha pela sobrevivência pela meia vida ou pela morte de um sistema constitucional dirigente e social a quem está vinculado o mesmo Poder Judiciário com seus tribunais.

### **História del Pensamiento Económico Mundial**

Barnett (editor), Vincent, 2017-01-01 Esta História del Pensamiento Económico Mundial ofrece la primera revisión global de la larga historia del pensamiento económico desde una verdadera perspectiva internacional. Aunque la globalización ha facilitado la difusión de ideas entre naciones la historia económica ha tendido a ser estudiada bien temáticamente por concepto en términos de diferentes corrientes de pensamiento bien individualmente por economistas. En el pasado se han publicado bastantes trabajos sobre las tradiciones del pensamiento económico de países concretos pero esta obra es pionera y única al dar cuenta de forma comparativa de un amplio rango del desarrollo de las ideas y filosofías económicas en el mundo internacional. El libro agrupa a reconocidos expertos del desarrollo de las ideas económicas de todo el mundo con el fin de ofrecer una verdadera comparación internacional de la economía dentro de las naciones estados. Cada autor presenta una perspectiva en el largo plazo de la economía de su zona y muestra patrones globales en el progreso de las ideas económicas a lo largo del tiempo identificado. Esta rigurosa y ambiciosa obra con marcado carácter académico será de máximo interés para estudiantes profesores profesionales especializados así como para el público general interesado en el desarrollo del pensamiento económico en el mundo. Esta edición española incluye un estudio introductorio de Luis Perdices de Blas catedrático de Historia del Pensamiento Económico en la Universidad Complutense de Madrid.
