History of Iranian Literature J. Rypka, 2013-11-11 Some justification seems to be necessary for the addition of yet another History of Iranian Literature to the number of those already in existence Such a work must obviously contain as many novel features as possible so that a short explanation of what my collaborators and I had in mind when planning the book is perhaps not superfluous In the first place our object was to present a short summary of the material in all its aspects and secondly to review the subject from the chronological geo graphical and substantial standpoints all within the compass of a single volume Such a scheme precludes a formal and complete enumeration of names and phenomena and renders all the greater the obligation to accord most prominence to matters deemed to be of greatest importance supplementing these with such figures and forms as will enable an impression to be gained of the period in question all this is far as possible in the light of the most recent discoveries A glance at the table of contents will suffice to give an idea of the multifarious approach that has been our aim We begin at the very first traces of evidence bearing on our subject and

continue the narrative up to the present day Geographically the book embraces Iran and its neighbouring countries while it should be remarked that Iranian literature in its fullest sense also includes Indo Persian and Judeo Persian works [Iranian and Diasporic Literature in the 21st Century](#) Daniel Grassian,2013-02-18 The most populous Islamic country in the Middle East Iran is rife with contradictions in many ways caught between the culture and governments of the Western more dominant and arguably imperialist world and the ideology of conservative fundamentalist Islam This book explores the present day writings of authors who explore these oppositional forces often finding a middle course between the often brutal and demonizing rhetoric from both sides To combat how the West has falsely generalized and stereotyped Iran and how Iran has falsely generalized and stereotyped the West Iranian and diasporic writers deconstruct Western caricatures of Iran and Iranian caricatures of the West In so doing they provide especially valuable insights into life in Iran today and into life in the West for diasporic Iranians *The Mystery of Contemporary Iran* Mahnaz Shirali,2014-10-07 The mystery of how an Islamic dictatorship came to power remains more than thirty years after the Islamic Republic s inception in Iran The precise nature of a regime that calls itself both a republic and Islamic but is neither is little understood The ayatollahs unpopularity may have reached unprecedented heights but their power seems more secure Such paradoxes weigh heavily and judgments diverge While public opinion wonders how an archaic theocratic regime could survive so long some explain it in terms of Iran s continued modernization and the clergy s ability to reconcile itself with politics Understanding the modernization process propelled by the Constitutional Revolution is difficult and raises questions How and why could ideological Islam continue to dominate Iranian society since the late 1970s How did it gain power and influence and overcome the reforms molded by the Constitutional Revolution Mahnaz Shirali analyzes twentieth century Iranian history to understand the Shiite clergy s role in a modernized country s social and political organization She explains what enabled the clergy to take over prevailing political forces and gain control of the state Studying Iran s history for the past one hundred years reveals the force of a religious conservatism opposing political modernity repelling any attempt at democracy by Iranians thanks to its constant metamorphoses Shirali studies the curse of the Shiite clergy on political modernity It is a convincing in depth criticism of the ideological Islam imposed on Iran [Perceptions of Iran](#) Ali M. Ansari,2013-11-30 I B Tauris in association with the Iran Heritage Foundation From the Sasanian to the Safavid Empire and from Qajar Iran to the current Islamic Republic the history of Iran is one which has been coloured by a rich tradition of myths and narratives and shaped by its wealth of philosophers cultural theorists and political thinkers Perceptions of Iran dissects the construction of Iranian identity to reveal how nationalism has been continually re formulated and how Iran s self perception has been moulded by its literary past Here Ali M Ansari gathers together a varied and wide ranging account of the long history of Iranian encounters with the Western world whether via the observations of Herodotus or the knowledge via the Old Testament of Cyrus liberating the Jews from Babylon or into the modern era when nineteenth and twentieth century interactions reflect the unequal power

relationship between Iran and the West Perceptions of Iran also explores the salient elements in the country's narrative which helped to form Iran's identity such as Ferdowsi's creation of the Shahnameh the national epic the exquisite architecture of Safavid Isfahan or the unfulfilled promise of the Constitutional Movement in the early twentieth century It offers analysis of the Qajar Shahs use of a mythical and dynastic past as they drew on the narratives of Jamshid's glory and Khusraw's splendour in order to legitimise their rule At the same time it examines the ways in which foreign travellers and diplomats understood and conceived of the royal courts of Safavid Persia As it covers 2 500 years of political and intellectual history Perceptions of Iran ties together the diverse threads of Iranian experience that have underpinned the country's social and cultural movements spanning Mirza Agha Khan Kermani's writing on Persian history and liberal nationalism through to the strident anti Western discourses of Seyyed Jamal al Afghani Jalal Al e Ahmad and Ayatollah Khomeini The book is therefore vital for researchers of Iranian history and those interested in the use of myth in the construction of national identity more widely

Arab-Iranian Relations Since the Arab Uprisings Mahjoob Zweiri, 2023-09-01 Unlike most writing on Arab Iran relations which looks at specific episodes and specific countries this book taking a long term view assesses the overall dynamics of the relationship discussing in particular how far religion or politics drives the relationship It argues that although Iran asserts that religion is a key factor underpinning a coherent approach to international relations in fact what turns out to be the key factor is the politics of particular circumstances and Iran's specific interests The book considers Iran's differing reactions to the Arab uprisings of 2011 onwards showing that while Iran supported the uprisings in some countries it sided with repressive governments in other countries The book also examines Iran's reaction to its own outbreak of popular discontent in 2009 which was controlled by what has been considered as severe repression and explores how Iran is viewed by ordinary people in different Arab countries Chapter 1 of this book is freely available as a downloadable Open Access PDF at <http://www.taylorfrancis.com> under a Creative Commons Attribution Non Commercial No Derivatives CC BY NC ND 4.0 license
