Biblical Metaphor Reconsidered Job Y. Jindo, 2018-07-17 How do we understand the characteristically extensive presence of imagery in biblical prophecy Poetic metaphor in prophetic writings has commonly been understood solely as an artistic flourish intended to create certain rhetorical effects It thus appears expendable and unrelated to the core content of the composition however engaging it may be aesthetically or otherwise Job Jindo invites us to reconsider this convention Applying recent studies in cognitive science he explores how we can view metaphor as the very essence of poetic prophecy namely metaphor as an indispensable mode to communicate prophetic insight Through a cognitive reading of Jeremiah 1 24 Jindo amply demonstrates the advantage and heuristic ramifications of this approach in biblical studies

All the Boundaries of the Land Nili Wazana, 2013-11-14 What are the borders of the Promised Land in the Hebrew Bible What drives and characterizes the descriptions given of them The starting point for this research lies in the premise that despite their detailed geographical nature the biblical texts are not genuinely geographical documents They are more appropriately to be understood and examined as literary texts composed in the service of an ideological agenda In order to comprehend properly the idea of the Promised Land presented in the Hebrew Bible its definitions dimensions and significance we must understand that the descriptions belong to diverse literary genres were composed according to various literary devices that require decoding and that reflect a range of perspectives outlooks and notions All the Boundaries of the Land provides engaging fresh perspectives on the variant views of the Promised Land in the interface between literature history geography and ideology It does not intend to answer the question of how the borders of the land altered throughout the course of history The reader will find no maps or outlines in this book The emphasis is on the literary tools that were employed by the biblical authors who described the borders and the ideological motives that guided them Erratum All the Boundaries of the Land The Promised Land in Biblical Thought in Light of the Ancient Near East was published with the support of the Israel Science Foundation ISF They funded the translation of the book into English and enabled Nili Wazana to make her research accessible to the wider scientific community The preface to the book mistakenly fails to mention their contribution thanking instead the Israel Academy of Science Future editions will acknowledge the author's gratitude to the Israel Science Foundation
