## **From Chains To Bonds The Slave Trade Revisited:**

**From Chains to Bonds** Doudou Diène, 2001 A collection of 38 papers from the Ouidah Conference held in September 1994 in Ouidah Benin as the launching conference for UNESCO's international Slave Route Project **Public Memory of Slavery**, **The Abolitions of Slavery** Marcel Dorigny, 2003 The anti slavery movement which followed in the wake of the European slave trade has attracted much less attention than the latter This is particularly true for the abolition movement in the French colonies **Slavery and its Legacy in Ghana and the Diaspora** Rebecca Shumway, Trevor R. Getz, 2017-10-19 Ghana for all its notable strides toward more egalitarian political and social systems in the past 60 years remains a nation plagued with inequalities stemming from its long history of slavery and slave trading The work assembled in this collection explores the history of slavery in Ghana and its legacy for both Ghana and the descendants of people sold as slaves from the Gold Coast in the era of the transatlantic slave trade The volume is structured to reflect four overlapping areas of investigation the changing nature of slavery in Ghana including the ways in which enslaved people have been integrated into or excluded from kinship systems social institutions politics and the workforce over time the long standing connections forged between Ghana and the Americas and Europe through the transatlantic trading system and the forced migration of enslaved people the development of indigenous and transnational anti slavery ideologies and the legacy of slavery and its ongoing reverberations in Ghanaian and diasporic society Bringing together key scholars from Ghana Europe and the USA who introduce new sources frames and methodologies including heritage gender critical race and culture studies and drawing on archival documents and oral histories **Slavery and Its Legacy in Ghana and the Diaspora** will be of great interest to scholars and students of comparative slavery abolition and West African history **The West and Barbarism** BIDIGA ABDOUL-BASSITI, This book presents a multidimensional study on the origin and manifestations of Western barbarism This cross cutting historical analysis identifies key elements to answer fundamental questions deconstruct preconceptions and anticipate future trends of humanity **Encyclopedia of the Middle Passage** Toyin Falola, Amanda B. Warnock, 2007-08-30 For the first time the Middle Passage the experience of slaves on the trans Atlantic ships receives a full reference treatment in an encyclopedia This A to Z reference consists of 226 signed entries arranged alphabetically exhaustively covering the Middle Passage from a variety of perspectives for student research and browsing Each essay entry concludes with suggestions for further reading The encyclopedia includes an introductory overview of the trans Atlantic slave trade as well as illustrations bibliography and chronology As a handy ready reference the Encyclopedia of the Middle Passage is the first of its kind As schools continue to incorporate slavery in their curriculums the volume will prove to be an essential reference for high school reports and research in History and Social Studies as well as for college students and general readers Its subject is of continuing interest as evidenced by the extraordinary popularity of the film Amistad and the recent HBO special The Middle Passage Sample entries Abolitionism Asante Barracoons Black Sailors Cargoes Christianity Credit

Edgerton, 2024-06-04 This book serves as a basic primer on how one of the world s most mineral rich countries was turned into one of its greatest tragedies Publishers Weekly Written over a century ago Joseph Conrad s *Heart of Darkness* continues to dominate our vision of the Congo unlikely as it might seem that a late Victorian novella could encapsulate a country roughly equal in size to the United States east of the Mississippi Conrad s Congo is hell itself a place where civilization won t take where literal and metaphor darkneses converge and where human conduct unmoored from social Western in other words norms turns barbaric As Robert Edgerton shows in this crisply narrated yet sweeping work of history the Congo is still trying to awaken from the nightmare of its past struggling to pull free from the grip of the heart of darkness cliché Plundered for centuries for its natural resources which remain Africa s most abundant the Congo was not always a place of horror Before the Portuguese landed on its shores at the end of the 15th century it was a prosperous and thriving region The Congo River the world s second longest as well as the deepest and one of the only routes to the continent s interior provided indigenous populations with ample means for living and trading What the Portuguese found first to exploit

were people and with the slave trade began a dizzying downward spiral of conquest and degradation that continued for centuries By the 19th century the race to explore the full length of the legendary river masked a fight for territorial and moral control among the French Arabs British Germans as well as American missionaries all of whom dreamed of possessing Africa's very heart When King Leopold of Belgium managed to solidify control in 1885 the Congo question seemed solved His reign of course was almost pathological in its cruelty the true source of Conrad's horror and its grim legacy endures to this day Edgerton documents the Congo's long sad history with a sense of empathy with and admiration for the character of the land and its inhabitants Since independence in June 1960 the country has endured the machinations and disappointments of one dictator after another beginning with Patrice Lumumba and continuing through Joseph Mobutu Laurent Kabila and today Kabila's son Joseph who assumed power after his father was assassinated in January 2001 Whether called the Congo Free State or Zaire or the Democratic Republic of the Congo the country remains perilously unstable *The Troubled Heart of Africa* is the only book to give a complete history of the Congo filling in the blanks in the country's history before the advent of Henry Stanley David Livingstone King Leopold and other figures and carrying us straight into today's headlines The Congo continues today to be the subject of intense speculation and concern and with good reason upon it hangs the fate of sub-Saharan Africa as a whole Here is a book that helps us face the stark truths of the Congo's past and appreciate both the enormous potential and uncertainty of its future

*Bound Lives* Rachel Sarah O'Toole, 2012-04-15 *Bound Lives* chronicles the lived experience of race relations in northern coastal Peru during the colonial era Rachel Sarah O'Toole examines how Andeans and Africans negotiated and employed *casta* and in doing so constructed these racial categories Royal and viceregal authorities separated Indians from blacks by defining each to specific labor demands *Casta* categories did the work of race yet not all *casta* categories did the same type of work since Andeans Africans and their descendants were bound by their locations within colonialism and slavery The secular colonial legal system clearly favored indigenous populations Andeans were afforded greater protections as threatened native vassals Despite this in the 1640s during the rise of sugar production Andeans were driven from their assigned colonial towns and communal property by a land privatization program Andeans did not disappear however they worked as artisans muleteers and laborers for hire By the late seventeenth and early eighteenth centuries Andeans employed their legal status as Indians to defend their prerogatives to political representation that included the policing of Africans As rural slaves Africans often found themselves outside the bounds of secular law and subject to the judgments of local slaveholding authorities Africans therefore developed a rhetoric of valuation within the market and claimed new kinships to protect themselves in disputes with their captors and in slave trading negotiations Africans countered slaveholders' claims on their time over their supervision of their labor and control of their rest moments by invoking customary practices *Bound Lives* offers an entirely new perspective on racial identities in colonial Peru It highlights the tenuous interactions of colonial authorities indigenous communities and enslaved populations and shows how the

interplay between colonial law and daily practice shaped the nature of colonialism and slavery

**Indigenous and Black Confraternities in Colonial Latin America** Javiera Jaque Hidalgo, Miguel Valerio, 2025-10-01 Employing a transregional and interdisciplinary approach this volume explores indigenous and black confraternities or lay Catholic brotherhoods founded in colonial Spanish America and Brazil between the sixteenth and eighteenth century It presents a varied group of cases of religious confraternities founded by subaltern subjects both in rural and urban spaces of colonial Latin America to understand the dynamics and relations between the peripheral and central areas of colonial society underlying the ways in which colonized subjects navigated the colonial domain with forms of social organization and cultural and religious practices The book analyzes indigenous and black confraternal cultural practices as forms of negotiation and resistance shaped by local devotional identities that also transgressed imperial religious and racial hierarchies The analysis of these practices explores the intersections between ethnic identity and ritual devotion as well as how the establishment of black and indigenous religious confraternities carried the potential to subvert colonial discourse

**Dutch and Portuguese in Western Africa** Filipa Ribeiro da Silva, 2011-07-27 By looking at Dutch and Portuguese systems of settlement and trade in Western Africa this book sheds new light on the formation of Dutch and Portuguese imperial frames forms of commercial organisation and their role on the seventeenth century Atlantic

**Principles of Maritime Power** Bruce A. Elleman, 2022-03-14 Maritime powers dominate the planet from the British empire of the 19th century to the American post World War II domination of global affairs To a large degree their control of the globe is based on control of the seas This book seeks to examine the strengths and weaknesses of maritime power including specific chapters on mutiny blockades coalitions piracy expeditionary warfare commerce raiding and soft power operations but with larger discussion of such sea power characteristics as sea control sea denial and the competition between land powers and sea powers The conclusions will discuss how many other countries including Russia during the Cold War and the PRC today have or are seeking to use sea power to claim regional and then eventually global hegemony

**Edible People** Christian Siefkes, 2022-09-13 While human cannibalism has attracted considerable notice and controversy certain aspects of the practice have received scant attention These include the connection between cannibalism and xenophobia the capture and consumption of unwanted strangers Likewise ignored is the connection to slavery the fact that in some societies slaves and persons captured in slave raids could be and were killed and eaten This book explores these largely forgotten practices and ignored connections while making explicit the links between cannibal acts imperialist influences and the role of capitalist trading practices These are highly important for the history of the slave trade and for understanding the colonialist history of Africa

**Colorblind Shakespeare** Ayanna Thompson, 2006-09-12 The systematic practice of non traditional or colorblind casting began with Joseph Papp s New York Shakespeare Festival in the 1950s Although colorblind casting has been practiced for half a century now it still inspires vehement controversy and debate This collection of fourteen original essays explores both the production

history of colorblind casting in cultural terms and the theoretical implications of this practice for reading Shakespeare in a contemporary context

*The Color of Fascism* Gerald Horne, 2009-09 What does it mean that Lawrence Dennis arguably the brains behind U S fascism was born black but spent his entire adult life passing for white Born in Atlanta in 1893 Dennis began life as a highly touted African American child preacher touring nationally and arousing audiences with his dark skinned mother as his escort However at some point between leaving prep school and entering Harvard University he chose to abandon his family and his former life as an African American in order to pass for white Dennis went on to work for the State Department and on Wall Street and ultimately became the public face of U S fascism meeting with Mussolini and other fascist leaders in Europe He underwent trial for sedition during World War II almost landing in prison and ultimately became a Cold War critic before dying in obscurity in 1977 Based on extensive archival research *The Color of Fascism* blends biography social history and critical race theory to illuminate the fascinating life of this complex and enigmatic man Gerald Horne links passing and fascism the two main poles of Dennis s life suggesting that Dennis s anger with the U S as a result of his upbringing in Jim Crow Georgia led him to alliances with the antagonists of the U S and that his personal isolation which resulted in his decision to pass dovetailed with his ultimate isolationism Dennis s life is a lasting testament to the resilience of right wing thought in the U S The first full scale biographical portrait of this intriguing figure *The Color of Fascism* also links the strange career of a prominent American who chose to pass

*Imagined Identities* Gönül Pultar, 2014-04-14 How are identities being forged during the age of globalization This collection of essays by scholars from various disciplines and regions of the world discusses both the construction and deconstruction of identity in its engagement with culture ethnicity and nationhood The authors explore the tension resulting from the desire to create a new cultural space for identities that are at once national regional linguistic and religious Among the wide ranging approaches Tanja Stampfl looks at the elusiveness of cultural identity in Khaled Hosseini s *The Kite Runner* Dawn Morais investigates issues of ethnicity and nationality in Malaysia s tourism advertising and Cathy Waegner explores ethnic identities as globalized market commodities Throughout the volume identity is approached from a variety of sites fiction news analysis film theme parks and field work to contribute new insight and perspective to the well worn debate over what identity signifies in societies where the existence of minorities both indigenous and immigrant challenges the dominant group

**The Cambridge History of Religions in Latin America** Virginia Garrard-Burnett, Paul Freston, Stephen C. Dove, 2016-04-11 *The Cambridge History of Religions in Latin America* covers religious history in Latin America from pre Conquest times until the present This publication is important first because of the historical and contemporary centrality of religion in the life of Latin America second for the rapid process of religious change which the region is undergoing and third for the region s religious distinctiveness in global comparative terms which contributes to its importance for debates over religion globalization and modernity Reflecting recent currents of scholarship this volume

addresses the breadth of Latin American religion including religions of the African diaspora indigenous spiritual expressions non Christian traditions new religious movements alternative spiritualities and secularizing tendencies *Navigating World History* P. Manning, 2003-05-15 World history has expanded dramatically in recent years primarily as a teaching field and increasingly as a research field Growing numbers of teachers and Ph Ds in history are required to teach the subject They must be current on topics from human evolution to industrial development in Song dynasty China to today s disease patterns and then link these disparate topics into a coherent course Numerous textbooks in print and in preparation summarize the field of world history at an introductory level But good teaching also requires advanced training for teachers and access to a stream of new research from scholars trained as world historians In this book Patrick Manning provides the first comprehensive overview of the academic field of world history He reviews patterns of research and debate and proposes guidelines for study by teachers and by researchers in world history
