# From Doctor To Healer The Transformative Journey

**Robbie E. Davis-Floyd, Lesley  
Barclay, Jan Tritten, Betty-Anne Daviss**

## **From Doctor To Healer The Transformative Journey:**

From Doctor to Healer Robbie Davis-Floyd, Gloria St. John, 1998 Why would a successful physician who has undergone seven years of rigorous medical training take the trouble to seek out and learn to practice alternative methods of healing such as homeopathy and Chinese medicine From Doctor to Healer answers this question as it traces the transformational journeys of physicians who move across the philosophical spectrum of American medicine from doctor to healer Robbie Davis Floyd and Gloria St John conducted extensive interviews to discover how and why physicians make the move to alternative medicine what sparks this shift and what beliefs they abandon or embrace in the process After outlining the basic models of American health care the technocratic humanistic and holistic the authors follow the thoughts and experiences of forty physicians as they expand their horizons in order to offer effective patient care The book focuses on the radical shift from one end of the spectrum to the other from the technocratic approach to holism made by most of the interviewees Because many American physicians find such a drastic change too threatening the authors also address the less radical transition to humanism a movement toward compassionate care arising from within the medical system Moral Laboratories Cheryl

Mattingly, 2014-10-03 Moral Laboratories is an engaging ethnography and a groundbreaking foray into the anthropology of morality It takes us on a journey into the lives of African American families caring for children with serious chronic medical conditions and it foregrounds the uncertainty that affects their struggles for a good life Challenging depictions of moral transformation as possible only in moments of breakdown or in radical breaches from the ordinary it offers a compelling portrait of the transformative powers embedded in day to day existence From soccer fields to dinner tables the everyday emerges as a moral laboratory for reshaping moral life Cheryl Mattingly offers vivid and heart wrenching stories to elaborate a first person ethical framework forcefully showing the limits of third person renderings of morality **Birth Models That**

**Work** Robbie E. Davis-Floyd, Lesley Barclay, Jan Tritten, Betty-Anne Daviss, 2009-04-06 This groundbreaking book takes us around the world in search of birth models that work in order to improve the standard of care for mothers and families everywhere The contributors describe examples of maternity services from both developing countries and wealthy industrialized societies that apply the latest scientific evidence to support and facilitate normal physiological birth deal appropriately with complications and generate excellent birth outcomes including psychological satisfaction for the mother The book concludes with a description of the ideology that underlies all these working models known internationally as the midwifery model of care Unitary Developmental Theory and Psychological Development Across the Lifespan, Volume 1

Myles Sweeney, 2022-11-30 This book introduces Unitary Developmental Theory UDT to the field of psychology The first of two volumes it introduces the UDT model and examines its application to psychological development and mental health recovery The book presents a comprehensive model of UDT using 15 phases showing how this model can be applied to fields including psychoanalysis cognitive psychology and humanist psychology It outlines how UDT was developed and can be used

as an overarching model from which different schools of psychology can extrapolate process thereby offering improved structure for all types of interventions including mental health recovery This book is designed to precede Volume 2 which details the model's equal applicability to organization development Offering an innovative way of modeling developmental learning this book will be of great interest to researchers scholars and postgraduate students in the fields of developmental psychology applied psychology and mental health recovery Ways of Knowing about Birth Robbie Davis-Floyd,2017-10-11 There is no other living scholar with Davis Floyd's solid roots activism and scholarly achievements on the combined subjects of childbirth midwifery obstetrics and medicine Ways of Knowing about Birth brings together an astounding array of her most popular and essential works all updated for this volume spanning over three decades of research and writing from the perspectives of cultural medical and symbolic anthropology The 16 essays capture Robbie Davis Floyd's unique voice which brims with wisdom compassion and deep understanding Intentionally cast as stand alone pieces the chapters offer the ultimate in classroom flexibility and include discussion questions and recommended films Birthing Techno-Sapiens Robbie Davis-Floyd,2021-03-31 This ground breaking book challenges us to re think ourselves as techno sapiens a new species we are creating as we continually co evolve ourselves with our technologies While some of its chapters are imaginary they are all empirically grounded in ethnography and richly theorized from diverse disciplines The authors go far beyond a techno optimism vs techno pessimism stance stretching our thinking about birthing techno sapiens to consider not only how our cyborgian reproductive lives are constrained and or enabled by technology but are also about emotions and spirit The world of reproductive health care and particularly that of genetic engineering is developing exponentially and current challenges are vastly different from those of a decade ago The book is provocative intended to generate debate ideas and future research and to influence ethical policy and practice in human techno reproduction It will be of interest across the social sciences and humanities for reproductive scholars bioethicists techno scientists and those involved in the development and delivery of maternity services **Appraising Research into Childbirth** Sara Wickham,2006-03-29 The eBook version of this title gives you access to the complete book content electronically Evolve eBooks allows you to quickly search the entire book make notes add highlights and study more efficiently Buying other Evolve eBooks titles makes your learning experience even better all of the eBooks will work together on your electronic bookshelf so that you can search across your entire library of Midwifery eBooks Please note that this version is the eBook only and does not include the printed textbook Alternatively you can buy the Text and Evolve eBooks Package which gives you the printed book plus the eBook Please scroll down to our Related Titles section to find this title Concentrating specifically on research into midwifery and related disciplines Appraising Research into Childbirth is designed to equip midwives and midwifery students with the necessary tools to navigate the maze of evidence informed practice and the very different kinds of research that are published in midwifery medical and related journals The book appraises eight previously published research articles that present both

qualitative and quantitative research studies Each of the various elements is analysed from the methodology through to the interpretation of the results Each article is annotated with notes and questions thereby enabling the reader to actively participate in the appraisal Tips tools and checklists aid orientation and quick recall of salient advice and a guide to statistics helps to demystify what is generally considered to be a daunting element of most research Each chapter is pulled together by the ongoing discussion about how we can find out and know by doing research and the advantages disadvantages potential for philosophical and methodological bias and political ramifications of such work Presents a range of quantitative and qualitative research articles relevant to midwifery practice in a unique workbook format Enables readers to gain hands on practical experience of critiquing research Supplementary tools checklists mnemonics and tables enable deeper understanding of the process of appraising research Commentary and expert critique provided by lecturers in midwifery research Contains a user friendly guide to statistics

**Birth Models on the Human Rights Frontier** Betty-Anne

Daviss,Robbie Davis-Floyd,2020-12-29 This book addresses the politics of global health and social justice issues around birth focusing on dynamic communities that have chosen to speak truth to power by reforming dysfunctional health care systems or creating new ones outside the box The chapters present models of childbirth at extreme ends of a spectrum from the conflict zones and disaster areas of Afghanistan Israel Palestine and Indonesia to high risk tertiary care settings in China Canada Australia and Turkey Debunking notions about best care the volume illustrates how human rights in health care are on a collision course with global capitalism and offers a number of specific solutions to this ever increasing problem This volume will be a valuable resource for scholars and students in anthropology sociology health and midwifery as well as for practitioners policy makers and organizations focused on birth or on social activism in any arena

*The SAGE Handbook of Social Studies in Health and Medicine* Susan C. Scrimshaw,Sandra D. Lane,Robert A. Rubinstein,Julian Fisher,2021-12-01 With new chapters on key topics such as mental health the environment race ethnicity and health and pharmaceuticals this new edition maintains its multidisciplinary framework and bridges the gap between health policy and the sociology of health It builds upon the success of the first by encompassing a range of issues studies and disciplines The broad coverage of topics in addition to new chapters present an engagement with contemporary issues resulting in a valuable teaching aid This second edition brings together a diverse range of leading international scholars with contributors from Australia Puerto Rico USA Guatemala Germany Sri Lanka Botswana UK South Sudan Mexico South Korea Canada and more The second edition of this Handbook remains a key resource for undergraduates post graduates and researchers across multidisciplinary backgrounds including medicine health and social care sociology and anthropology PART ONE Culture Society and Health PART TWO Lived Experiences PART THREE Health Care Systems Access and Use PART FOUR Health in Environmental and Planetary Context

**Unitary Developmental Theory and Organization Development, Volume 2** Myles

Sweeney,2022-11-30 This book introduces Unitary Developmental Theory UDT to the field of organization development The

second of two volumes it introduces the UDT model and examines its application to organization development and change management The book presents UDT comprising seven developmental levels showing how using its methodical progression can help to avoid issues such as unsustainable growth and change failure while examining how the model improves collaboration digital transformation change management and team development It shows how the model clinically transforms concepts such as culture which is often cited as the cause of failure for change re defining it as habituated maturation stage and simplifying culture change accordingly This book is designed to accompany Volume 1 which details the psychology of the model and its equal applicability to mental health recovery Showing how UDT can be used as an overarching model to optimize organization development this book will be of great interest to researchers scholars and postgraduate students from the fields of organizational psychology organization development and change management

**Birth as an American Rite of Passage** Robbie Davis-Floyd, 2022-05-05 This classic book first published in 1992 and again in 2003 has inspired three generations of childbearing people birth activists and researchers and birth practitioners midwives doulas nurses and obstetricians to take a fresh look at the standard procedures that are routinely used to manage American childbirth It was the first book to identify these non evidence based obstetric interventions as rituals that enact and transmit the core values of the American technocracy thereby answering the pressing question of why these interventions continue to be performed despite all evidence to the contrary This third edition brings together Davis Floyd s insights into the intense ritualization of labor and birth and the technocratic humanistic and holistic models of birth with new data collected in recent years

Expert Guide to Pain Management Bill H. McCarberg, Steven D. Passik, 2005 A comprehensive and practical reference on the assessment of acute and chronic pain this is an authoritative and practical guide to the safe and effective management of pain The concisely written text addresses the nature of pain the pathophysiology and pharmacological treatment of pain the psychological aspects of chronic pain and the psychosocial factors in chronic pain patients Geared to clinicians in all disciplines the chapters in this book written by leading experts explain the most useful diagnostic tests describe the entire spectrum of pain syndromes and discuss all currently available drugs and other treatment options Some of the chapters included are Chronic Pain as Disease Headache Osteoarthritis and Fibromyalgia Neuropathic Pain and Addiction in Pain Management

*Culture and Health* Michael Winkelman, 2008-12-05 Culture and Health offers an overview of different areas of culture and health building on foundations of medical anthropology and health behavior theory It shows how to address the challenges of cross cultural medicine through interdisciplinary cultural ecological models and personal and institutional developmental approaches to cross cultural adaptation and competency The book addresses the perspectives of clinically applied anthropology trans cultural psychiatry and the medical ecology critical medical anthropology and symbolic paradigms as frameworks for enhanced comprehension of health and the medical encounter Includes cultural case studies applied vignettes and self assessments

**Unhealthy Health Policy** Arachu Castro, Merrill Singer, 2004-09-17 This new

collection turns a critical anthropological eye on the nature of health policy internationally The authors reveal that in light of prevailing social inequalities health policies may intend to protect public health but in fact they often represent significant structural threats to the health and well being of the poor ethnic minorities women and other subordinate groups The volume focuses on the anthropology of policy which is concerned with the process of decision making the influences on decision makers and the impact of policy on human lives This collaboration will be a critical resource for researchers and practitioners in medical anthropology applied anthropology medical sociology minority issues public policy and health care issues

Empathy Jean Decety, 2014-01-10 Recent work on empathy theory research and applications by scholars from disciplines ranging from neuroscience to psychoanalysis There are many reasons for scholars to investigate empathy Empathy plays a crucial role in human social interaction at all stages of life it is thought to help motivate positive social behavior inhibit aggression and provide the affective and motivational bases for moral development it is a necessary component of psychotherapy and patient physician interactions This volume covers a wide range of topics in empathy theory research and applications helping to integrate perspectives as varied as anthropology and neuroscience The contributors discuss the evolution of empathy within the mammalian brain and the development of empathy in infants and children the relationships among empathy social behavior compassion and altruism the neural underpinnings of empathy cognitive versus emotional empathy in clinical practice and the cost of empathy Taken together the contributions significantly broaden the interdisciplinary scope of empathy studies reporting on current knowledge of the evolutionary social developmental cognitive and neurobiological aspects of empathy and linking this capacity to human communication including in clinical practice and medical education

**The ^AOxford Handbook of Religion, Conflict, and Peacebuilding** Atalia Omer, R. Scott Appleby, David Little, 2015-03-02 The book provides a comprehensive overview of the literature on religion conflict and peacebuilding With a focus on structural and cultural violence the volume also offers a cutting edge interdisciplinary reframing of the scope of scholarship in the field

*Obstetric Violence and Systemic Disparities* Robbie Davis-Floyd, Ashish Premkumar, 2023-06-11 The final volume in this landmark 3 volume series The Anthropology of Obstetrics and Obstetricians The Practice Maintenance and Reproduction of a Biomedical Profession looks at the challenges and even violence that obstetricians face across the world Part I of this volume addresses obstetric violence and systemic racial ethnic gendered and socio structural disparities in obstetricians practices in the Dominican Republic Mexico Peru and the US Part II addresses decolonizing and humanizing obstetric training and practice in the UK Russia Brazil New Zealand and the US Part 3 presents the ethnographic challenges that the chapter authors in Volumes II and III of this series faced in finding surveying interviewing and observing obstetricians in various countries This book is a must read for students social scientists and all maternity care practitioners who seek to understand the diverse challenges that obstetricians must overcome An excerpt In our Series Overview in Volume 1 we asked the question Can a book create a field and answered that question with a

resounding Yes For us the official creation of the field of the Anthropology of Obstetrics and Obstetricians has taken not one but the 3 volumes that constitute this Book Series      *Cyborg Babies* Robbie Davis-Floyd, Joseph Dumit, 2013-08-21 First Published in 1998 Routledge is an imprint of Taylor Francis an informa company      **Shadow Medicine** John S. Haller, Jr., 2014-07-08 Can Evidence Based Medicine EBM and Complementary and Alternative Medicine CAM find common ground A distinguished historian of medicine John S Haller Jr explores the epistemological foundations of EBM and the challenges these conceptual tools present for both conventional and alternative therapies As he explores a possible reconciliation between their conflicting approaches Haller maintains a healthy scientific skepticism yet finds promise in select complementary and alternative CAM therapies Haller elucidates recent research on the placebo effect and shows how a new engagement between EBM and CAM might lead to a more productive medical practice that includes both the objectivity of evidence based medicine and the subjective truth of the physician patient relationship Haller s book tours key topics in the standoff between EBM and CAM how and why the double blinded randomized clinical trial RCT came to be considered the gold standard in modern medicine the challenge of postmodern medicine as it counters the positivism of evidence based medicine and the politics of modern CAM and the rise of the National Center for Complementary and Alternative Medicine He conducts an in depth case study of homeopathy explaining why it has emerged as a poster child for CAM and assesses CAM s popularity despite its poor performance in clinical trials Haller concludes with hope showing how new experimental protocols might tease out the evidentiary basis for the placebo effect and establish a foundation for some reconciliation between EBM and CAM      *Heart and Hands, Fifth Edition [2019]* Elizabeth Davis, 2012-06-19 A fully revised and updated 2019 edition of the classic guide to birth assisting for midwives and parents to be from an internationally renowned expert and certified midwife The wisdom of this work is as old as time Christiane Northrup MD author of *Women s Bodies Women s Wisdom* For more than three decades *Heart Hands* has been a trustworthy and beloved resource for parents and professionals alike delivering invaluable knowledge on what to expect during each stage of pregnancy birth and postpartum recovery This completely revised edition includes the latest research on the microbiome updated lab tests vaginal birth after cesarean VBAC and help for trauma survivors Aspiring and veteran midwives alike will appreciate Davis s emphasis on non intervention and the woman centered birth experience and expectant parents will find comprehensive answers to their questions about natural approaches to pregnancy birth and working with a midwife Parents will also learn about the home birth process which allows them to plan their own unique birth experience in a more personalized and intimate birthing environment Combining time honored teachings with the most current obstetric techniques this essential reference empowers birthing helpers and parents to embrace the full childbearing experience

From Doctor To Healer The Transformative Journey: Bestsellers in 2023 The year 2023 has witnessed a remarkable surge in literary brilliance, with numerous captivating novels captivating the hearts of readers worldwide. Lets delve into the realm of popular books, exploring the captivating narratives that have charmed audiences this year. The Must-Read : Colleen Hoover "It Ends with Us" This poignant tale of love, loss, and resilience has captivated readers with its raw and emotional exploration of domestic abuse. Hoover skillfully weaves a story of hope and healing, reminding us that even in the darkest of times, the human spirit can prevail. From Doctor To Healer The Transformative Journey : Taylor Jenkins Reids "The Seven Husbands of Evelyn Hugo" This spellbinding historical fiction novel unravels the life of Evelyn Hugo, a Hollywood icon who defies expectations and societal norms to pursue her dreams. Reids compelling storytelling and compelling characters transport readers to a bygone era, immersing them in a world of glamour, ambition, and self-discovery. Discover the Magic : Delia Owens "Where the Crawdads Sing" This mesmerizing coming-of-age story follows Kya Clark, a young woman who grows up alone in the marshes of North Carolina. Owens crafts a tale of resilience, survival, and the transformative power of nature, entrancing readers with its evocative prose and mesmerizing setting. These top-selling novels represent just a fraction of the literary treasures that have emerged in 2023. Whether you seek tales of romance, adventure, or personal growth, the world of literature offers an abundance of captivating stories waiting to be discovered. The novel begins with Richard Papen, a bright but troubled young man, arriving at Hampden College. Richard is immediately drawn to the group of students who call themselves the Classics Club. The club is led by Henry Winter, a brilliant and charismatic young man. Henry is obsessed with Greek mythology and philosophy, and he quickly draws Richard into his world. The other members of the Classics Club are equally as fascinating. Bunny Corcoran is a wealthy and spoiled young man who is always looking for a good time. Charles Tavis is a quiet and reserved young man who is deeply in love with Henry. Camilla Macaulay is a beautiful and intelligent young woman who is drawn to the power and danger of the Classics Club. The students are all deeply in love with Morrow, and they are willing to do anything to please him. Morrow is a complex and mysterious figure, and he seems to be manipulating the students for his own purposes. As the students become more involved with Morrow, they begin to commit increasingly dangerous acts. The Secret History is a exceptional and thrilling novel that will keep you wondering until the very end. The novel is a warning tale about the dangers of obsession and the power of evil.
