God Bless America Kathleen E.R. Smith, 2014-10-17 After Pearl Harbor Tin Pan Alley songwriters rushed to write the Great American War Song an Over There for World War II The most popular songs however continued to be romantic ballads escapist tunes or novelty songs To remedy the situation the federal government created the National Wartime Music Committee an advisory group of the Office of War Information OWI which outlined proper war songs along with tips on how and what to write The music business also formed its own Music War Committee to promote war songs Neither group succeeded The OWI hoped that Tin Pan Alley could be converted from manufacturing love songs to manufacturing war songs just as automobile plants had retooled to assemble planes and tanks But the OWI failed to comprehend the large extent by which the war effort would be defined by advertisers and merchandisers Selling merchandise was the first priority of Tin Pan Alley and the OWI never swayed them from this course Kathleen E R Smith concludes the government's fears of faltering morale did not materialize Americans did not need such war songs as Goodbye Mama I'm Off To Yokohama There Are No Wings On a Foxhole or even The Sun Will Soon Be Setting On The Land Of The Rising Sun to convince them to support the war The crusade for a proper war song was misguided from the beginning and the music business then and now continues to make huge profits selling love not war songs

The Art of God Jimi Calhoun, 2015-04-07 In The Art of God pastor and musician Jimi Calhoun suggests that the master artist God programmed diversity into every aspect of the natural order Today more of us than ever live in closer proximity to people once viewed as different The multicultural conversation of the recent past has proven to be inadequate to address the present intercultural reality in which we live The question then becomes how will we live together Quite often the presence of difference results in the avoidance of the other Many accept this as simply a natural occurrence but in the world of art difference does not always

trigger division Art encompasses multiple disciplines and forms Art welcomes diversity within its borders This book traces the evolution of art and music then extracts principles from a musical motif to encourage the development of an artistic worldview that recognizes the beauty residing in everything and everybody *When You're Down to Nothing, God Is Up To Something* Barbara Washington Franklin,2008-08 BARBARA WASHINGTON FRANKLIN helps millions of people enjoy life manage their problems and achieve colossal success through the use of biblical principles presented in *When You're Down To Nothing God Is Up To Something* She shows her readers how a time of hardship pain and suffering is no more than a planned prelude engineered and orchestrated by God to develop them into godly men and women She masterfully persuades her readers to begin to see their down to nothing time as designed by God to equip them to handle victoriously the challenges that confront them and to know for all time that WHEN YOU'RE DOWN TO NOTHING GOD IS UP TO SOMETHING **God the What?** Carolyn Jane Bohler,2011-03-31 Challenge our common images of God by blowing the lid off conventional God descriptors We do not have to let go of one sense of God to take up another Neither do we need to go about challenging old metaphors What is crucial is to find a metaphor or two or six that creatively point toward what we believe from Chapter 1 Let Carolyn Jane Bohler inspire you to consider a wide range of images of God in order to refine how you imagine God to have and use power and how God wills and makes divine will happen or not By tapping into your God given ability to re imagine God you will have a better understanding of your own beliefs and how you God and the world relate to each other Wonderfully fresh and down to earth Bohler uses playful images moving stories and solid scholarship to empower you to break free of old habits and assumptions whatever your faith tradition She encourages you to explore new names for God that are not only more consistent with what you believe but will also deepen and expand your experience of God Think about God the Choreographer of Chaos God the Nursing Mother God the Jazz Band Leader God the Divine Blacksmith God the Divine Physical Therapist God the Team Transformer and more [American Popular Music and Its Business: From 1900 to 1984](#) Russell Sanjek,1988 Volume three of this work focuses on developments in the music business in the twentieth century from its earliest days to the present era **God Says Something Bad Is Going to Happen to You** Sarah Bass,2012-03-15 none **American Decline** Innocent Emechete,2025-11-06 In *American Decline* Father Innocent Emechete delivers a passionate examination of America's cultural and moral transformation from a nation firmly rooted in Judeo Christian values to one increasingly defined by secularism moral relativism and progressive politics Drawing from his unique perspective as a Catholic priest with experience in both Nigeria and the United States Emechete traces America's journey from the post WWII era of traditional values through the societal upheavals of the 1960s to today's conflicts over abortion LGBTQ issues and religious expression in public life He argues that the removal of God from America's schools families and public discourse has directly contributed to increasing rates of crime addiction homelessness and moral confusion With unflinching criticism of progressive policies and what he sees as the damaging effects of political

correctness Emechete challenges readers to consider how America might return to what he views as its founding principles His analysis covers hot button issues including transgender rights education policies the breakdown of traditional families and the proper role of government in addressing social problems This unapologetically conservative Christian critique offers a counterpoint to progressive narratives about American culture and provides a rallying cry for those who believe America's future depends on reclaiming its religious heritage and traditional moral framework If you enjoyed *The Right Side of History* by Ben Shapiro *The Death of Right and Wrong* by Tammy Bruce or *How the West Really Lost God* by Mary Eberstadt you'll love *American Decline*

God's Image and Global Cultures Kenneth Nehrbass, 2016-08-26 Globalization has raised numerous questions about theology and culture for Christians How should we respond to outsourcing and immigration How does anti Western sentiment affect the proclamation of the gospel What is the role of the church in society This book argues that Christians will be most fulfilled and most effective if they embrace their cultural activity rather than feel ambivalent about it The central question of this book is how does bearing God's image relate to cultural activity Nehrbass explains that spheres of culture such as political technological and social structures are systems that God has instilled in humans as his image bearers so that they can glorify and enjoy him forever Therefore a theology of culture involves recognizing that the kingdom of God

encompasses heaven and Earth rather than pitting heaven against Earth The text surveys anthropological explanations for humanity's dependence on culture and shows that each explanation provides only partial explanatory scope The most satisfying explanation is that a major functional aspect of bearing God's image is engaging in culture since the Trinity has been eternally engaged in cultural functions like ruling communicating and creating Each chapter contains a summary and questions about what it means to be a world changer in the twenty first century
