Anti-Access Warfare Sam J Tangredi, 2013-10-15 This is the first book to examine the concept of anti access and area denial warfare providing a definitive introduction to both conceptual theories and historical examples of this strategy Also referred to by the acronym A2 AD anti access warfare has been identified in American strategic planning as the most likely strategy to be employed by the People s Republic of China or by the Islamic Republic of Iran in any future conflict with the United States While previous studies of the subject have emphasized the effects on the joint force and air forces in particular this important new study advances the understanding of sea power by identifying the naval roots of the development of the anti access concept The study of anti access or area denial strategies for use against American power projection capabilities has strong naval roots which have been largely ignored by the most influential commentators Sustained long range power projection is both a unique strength of U S military forces and a requirement for an activist foreign policy and forward defense In more recent years the logic of the anti access approach has been identified by the Department of Defense as a threat to this U S capability and the joint force The conclusions in Anti Access Warfare differ from most commentary on anti access strategy Rather than a technology driven post Cold War phenomenon the anti access approach has been a routine element of grand strategy used by strategically weaker powers to confront stronger powers throughout history But they have been largely unsuccessful when confronting a stronger maritime power Although high technology weapons capabilities enhance the threat they also can be used to mitigate the threat Rather than arguing against reliance on maritime forces presumably because they are no longer survivable the historical analysis argues that maritime capabilities are key in breaking the great walls of countries like Iran and China

Dubious Battles: Aggression, Defeat, And The International System John Arquilla, 2017-09-29 First Published in 1992 Routledge is an imprint of Taylor Francis an informa company

The Spanish Armada of 1588 Eugene L. Rasor, 1993 This is the most comprehensive bibliography of the Spanish Armada of 1588 in recent years and the only up to date reference which provides a critical assessment of important source materials and an annotated bibliography of all genres of literature in Western languages Eugene Rasor describes 1114 titles and is the first to assess the vast collection of writings that have accompanied the recent 400th anniversary of the Armada campaign Cross references from the narrative to bibliographical entries and a full index make the guide easy for researchers at all levels to use in their study of naval and European history This authoritative reference covers one of the most important campaigns in naval history The first part of the book consists of a narrative assessing the literature on the Spanish Armada in terms of background history leaders preparations and tactics and the consequences of the conflict Source materials include all published books monographs official histories government publications dissertations bibliographies pertinent journals and periodicals and related articles collections of archival and research sources and their locations other significant holdings published and broadcasted interviews fiction drama and art English Spanish French Dutch and other Western languages are covered in a comprehensive manner and both English and Spanish perspectives are presented carefully The book also offers a short chronology The index cites authors and subjects both

From Merciless Invaders Alexander McKee, 2024-01-29 This is a fresh interesting and richly detailed account of the Armada campaign The New York Times A dramatic narrative account of the 1588 English victory over the Spanish Armada Perfect for fans of John Barratt N A M Rodger Ben Wilson and everyone interested in naval history The overthrow of the Spanish Armada in 1588 has come down in history as one of England's finest hours A small inadequately equipped fleet put to rout the mightiest naval force ever assembled great squadrons of ships drawn from all the provinces of the Spanish empire were sent scuttling in disarray round the north of Scotland many to founder on the shores of Ireland Drawing upon contemporary reports diaries and letters as well as original eyewitness accounts Alexander McKee presents a dramatic reconstruction described by those who actually took part in the campaign on both sides The result is living history a reassessment that reveals many parallels with the critical summer of 1940 Four hundred year old voices speak to us of armies massing on the coast of the Low Countries of the bumbling incompetence that eventually brought the cumbersome Armada within sight of England of swift and devastating assaults by the English galleons of the panic stricken flight into the North Sea and of hardship and death and throughout the action a desperate need for more ammunition and food Seen as a

vivid documentary the reasons why the deadly threat of Spain collapsed in ruins are thrown into high relief Written by the discoverer and excavator of the Mary Rose an historian and diver well able to understand the eccentricities of wind and current that Drake and Hawkyns used to such good effect From Merciless Invaders is an outstanding contribution to the study of naval warfare

From Merciless Invaders An Eyewitness: Bestsellers in 2023 The year 2023 has witnessed a remarkable surge in literary brilliance, with numerous compelling novels captivating the hearts of readers worldwide. Lets delve into the realm of top-selling books, exploring the engaging narratives that have charmed audiences this year. From Merciless Invaders An Eyewitness : Colleen Hoover "It Ends with Us" This heartfelt tale of love, loss, and resilience has gripped readers with its raw and emotional exploration of domestic abuse. Hoover expertly weaves a story of hope and healing, reminding us that even in the darkest of times, the human spirit can triumph. From Merciless Invaders An Eyewitness : Taylor Jenkins Reids "The Seven Husbands of Evelyn Hugo" This captivating historical fiction novel unravels the life of Evelyn Hugo, a Hollywood icon who defies expectations and societal norms to pursue her dreams. Reids compelling storytelling and compelling characters transport readers to a bygone era, immersing them in a world of glamour, ambition, and self-discovery. From Merciless Invaders An Eyewitness : Delia Owens "Where the Crawdads Sing" This captivating coming-of-age story follows Kya Clark, a young woman who grows up alone in the marshes of North Carolina. Owens crafts a tale of resilience, survival, and the transformative power of nature, entrancing readers with its evocative prose and mesmerizing setting. These bestselling novels represent just a fraction of the literary treasures that have emerged in 2023. Whether you seek tales of romance, adventure, or personal growth, the world of literature offers an abundance of captivating stories waiting to be discovered. The novel begins with Richard Papen, a bright but troubled young man, arriving at Hampden College. Richard is immediately drawn to the group of students who call themselves the Classics Club. The club is led by Henry Winter, a brilliant and charismatic young man. Henry is obsessed with Greek mythology and philosophy, and he quickly draws Richard into his world. The other members of the Classics Club are equally as fascinating. Bunny Corcoran is a wealthy and spoiled young man who is always looking for a good time. Charles Tavis is a quiet and reserved young man who is deeply in love with Henry. Camilla Macaulay is a beautiful and intelligent young woman who is drawn to the power and danger of the Classics Club. The students are all deeply in love with Morrow, and they are willing to do anything to please him. Morrow is a complex and mysterious figure, and he seems to be manipulating the students for his own purposes. As the students become more involved with Morrow, they begin to commit increasingly dangerous acts. The Secret History is a masterful and thrilling novel that will keep you wondering until the very end. The novel is a cautionary tale about the dangers of obsession and the power of evil.
