From Creation To Consumption Volume II:

Sustainable Consumption and Production, Volume II Ranjula Bali Swain, Susanne Sweet, 2020-11-07 Circular economy principles are driving to overcome the challenges of today's linear take make dispose production and consumption patterns through keeping the value of products materials and resources circulating in the economy as long as possible Sustainable Consumption and Production Volume II Circular Economy and Beyond aims to explore the sustainable consumption and production transition to a circular economy while addressing critical global challenges by innovating and transforming product and service markets towards sustainable development This book explores how consumers private sector relevant international organizations and governments can play an active role in innovating businesses to help companies individuals consumers and citizens organizations and sectors to remain competitive while transitioning towards sustainable markets and economies It is of interest to economists students businesses and policymakers Chapter Tourism as Un sustainable Production and Consumption is available open access under a Creative Commons Attribution 4.0 International License via link.springer.com

Drawing the Past, Volume 2 Dorian L. Alexander, Michael Goodrum, Philip Smith, 2022-01-04 Contributions by Dorian L. Alexander, Chris Bishop, David Budgen, Lewis Call, Lillian C. Spedes, Gonzaléz Dominic Davies, Sean Eedy, Adam Fotos, Michael Goodrum, Simon Gough, David Hitchcock, Robert Hutton, Iain A. MacInnes, Małgorzata Olsza, Philip Smith, Edward Still, and Jing Zhang In *Drawing the Past Volume 2 Comics and the Historical Imagination in the World* contributors seek to examine the many ways in which history worldwide has been explored and re-represented through comics and how history is a complex construction of imagination, reality, and manipulation Through a close analysis of such works as *V for Vendetta*, *Maus*, and *Persepolis* this volume contends that comics are a form of mediation between sources both primary and secondary and the reader Historical comics are not drawn from memory but offer a nonliteral interpretation of an object re-constructed in the creator's mind Indeed when it comes to history stretching the limits of the imagination only serves to aid in our understanding of the past and through that understanding shape ourselves and our futures This volume the second in a two-volume series is divided into three sections History and Form, Historical Trauma, and Mythic Histories The first section considers the relationship between history and the comic book form The second section engages academic scholarship on comics that has recurring interest in the representation of war and trauma The final section looks at mythic histories that consciously play with events that did not occur but nonetheless inflect our understanding of history Contributors to the volume also explore questions of diversity and relationality addressing differences between nations and the cultural, historical, and economic threads that bind them together however loosely and however much those bonds might chafe Together both volumes bring together a range of different approaches to diverse material and feature remarkable scholars from all over the world

Studies in Applied Economics, Volume II Léon Walras, 2007-11-21 This is Volume II in a series on Studies in Applied Economics and looks at the theory of the production of social wealth in the areas of
