Nineteenth Century Americans saw danger lurking everywhere in railway cars and trolleys fireplaces and floods and amid social and political movements from the abolition of slavery to suffrage After the Civil War Americans were shaken by financial panic and a volatile post slave economy They were awe struck and progressively alarmed by technological innovations that promised speed and commercial growth but also posed unprecedented physical hazard Most of all Americans were uncertain particularly in light of environmental disasters like hurricanes and wildfires about their own city on a hill and the once indisputable and protective hand of a beneficent God The disasters accidents and social and political upheavals that characterized nineteenth century culture had enormous explanatory power metaphoric and real Today we speak of similar insecurities financial informational environmental and political and we obsessively express our worry and fear for the future Cultural theorist Paul Virilio refers to these feelings as the threat horizon one that endlessly identifies and produces new dangers Why he asks does it seem easier for humanity to imagine a future shaped by ever deadlier accidents than a decent future *Danger and Vulnerability in Nineteenth Century American Literature* or *Crash and Burn* American invites readers to examine the threat horizon through its nascent expression in literary and cultural history Against the emerging rhetoric of danger in the long nineteenth century this book examines how a vocabulary of vulnerability in the American imaginary promoted the causes of the structurally disempowered in new and surprising ways often seizing vulnerability as the grounds for progressive insight The texts at the heart of this study from nineteenth century sensation novels to early twentieth century journalistic fiction imagine spectacular collisions terrifying conflagrations and all manner of catastrophe social political and environmental Together they write against illusions of inviolability in a growing technological and managerial culture and they imagine how the recognition of universal vulnerability may challenge normative representations of social political and economic marginality *We Are All Shipwrecks* Kelly Grey Carlisle, 2017-09-05 AS SEEN ON DR OZ Moving and complex this is an exquisitely written tale of perseverance and unconditional love A worthwhile addition to any collection Library Journal STARRED Review A mother's murder Her daughter's redemption And the complicated past that belongs to them both Kelly always knew her family was different She knew that most children didn't live with their grandparents and that their grandparents didn't own porn stores Her classmates didn't sleep on a boat in the

Louisa May Alcott Unmasked Louisa May Alcott, 1995 Uncovered by literary sleuths Leona Rostenberg and Madeleine Stern the 29 known thrillers by one of America's most adored juvenile fiction writers are now available in a single volume

Scribbling Women & the Short Story Form Ellen Burton Harrington, 2008 America is now wholly given over to a d d mob of scribbling women and I should have no chance of success while the public taste is occupied with their trash Taking Hawthorne's famous 1855 complaint about women writers as a starting point for consideration *Scribbling Women and the Short Story Form* is a collection of fourteen critical essays about the short fiction of British and American women writers This anthology takes a feminist approach examining the liberating possibilities for women writers of the form of the short story a genre often associated with alienation or subversion

the writer Frank O'Connor describes the form as marginal or outlaw. Covering the work of selected women writers from the 1850s through the late twentieth century, this collection includes essays on well-known authors such as Rebecca Harding Davis, Louisa May Alcott, Kate Chopin, Katherine Anne Porter, Flannery O'Connor, Cynthia Ozick, and Ursula K. Le Guin alongside essays on Harriett Prescott Spofford, Ruth Stewart, L. T. Meade, Alice Dunbar Nelson, Zitkala-Sa, Sui Sin Far, and Lydia Davis. Less-known authors whose stories offer rich ground for consideration: Spaces of the Cinematic Home Eleanor Andrews, Stella Hockenull, Fran Pheasant-Kelly, 2015-07-24. This book examines the ways in which the house appears in films and the modes by which it moves beyond being merely a backdrop for action. Specifically, it explores the ways that domestic spaces carry inherent connotations that filmmakers exploit to enhance meanings and pleasures within film. Rather than simply examining the representation of the house as national symbol, auteur trait, or in terms of genre, contributors study various rooms in the domestic sphere from an assortment of time periods and from a diversity of national cinemas from interior spaces in ancient Rome to the Chinese kitchen from the animated house to the metaphor of the armchair in film noir.

Little Women Louisa May Alcott, 2001-01-09. Introduction by Susan Cheever. Commentary by G. K. Chesterton. Katherine Fullerton Gerould and Madeleine B. Stern. Nominated as one of America's best-loved novels by PBS's The Great American Read. It is no surprise that *Little Women*, the adored classic of four devoted sisters, was loosely based on Louisa May Alcott's own life. In fact, Alcott drew from her own personality to create a heroine unlike any seen before: Jo, willful, headstrong, and undoubtedly the backbone of the March family. Follow the sisters from innocent adolescence to sage adulthood with all the joy and sorrow of life in between and fall in love with them and this endearing story. Praised by Madeleine Stern as a book on the American home and hence universal in its appeal, *Little Women* has been an avidly read tale for generations. This Modern Library edition includes notes that offer more description and insight than those of previous editions. Includes a Modern Library Reading Group Guide.

Jane Eyre's American Daughters John Seelye, 2005. *Jane Eyre's American Daughters* is about the influence of Charlotte Brontë's romance on North American writers including Susan Warner, Louisa May Alcott, Martha Finley, Frances Hodgson Burnett, Kate Douglas Wiggin, Jean Webster, Eleanor Porter, and L. M. Montgomery. John Seelye demonstrates that the reception of Brontë's Gothic romance in America was filtered through Elizabeth Gaskell's biography of the author, published shortly after her friend's death in 1855. A sentimental classic in its day, Gaskell's book promoted an image of Charlotte as a long-suffering creative genius with high moral standards. Her biography necessarily overlooked Brontë's obsessive love for her Belgian professor, Constantin Heger, an older and married man. Though Heger did not return Charlotte's affection, he was the model for the lovers in Brontë's novels, including the passionate adulterous Edward Rochester, who inspired censorious reviews questioning the moral character of the author when *Jane Eyre* was published in 1847, a reputation that Gaskell's biography successfully countered.

the Difference Patricia Horvath, 2017-07-24 Patricia Horvath's transformation from a visibly disabled young woman to someone who abruptly passes for able bodied reveals cultural and personal tensions surrounding disability and creates an arc that connects imprisonment to freedom. What transpires is both suffocating and liberating. Horvath's confinement keeps her from being seen but also cocoons a deeply personal sense of selfhood and relationship. Horvath's lyric account of her experiences with severe scoliosis sings the connective tissue between her physical disability and her powerful interior. She is poorly put together: her body leans sharply to the left; she is brittle boned, stoop shouldered with an S shaped spine; her words flame up, spirited and true. Wry and breathtakingly poignant, this meditative inspirational memoir delves into that most invisible vital structure: identity, whose shaping and disfigurement makes all the difference in our lives. This book will particularly appeal to people interested in disability studies, feminist issues, 1970s popular culture, fairy tales, and survival. Patricia Horvath's stories and essays have been published widely in literary journals including *Shenandoah*, *The Massachusetts Review*, *New Ohio Review*, *The Los Angeles Review*, and *Confrontation*. She is the recipient of New York Foundation for the Arts Fellowships in both fiction and literary nonfiction and of *Bellevue Literary Review's* Goldenberg Prize in Fiction for a story that was accorded a Pushcart Prize Special Mention. She teaches at Framingham State University in Massachusetts.

Pioneers, Passionate Ladies, and Private Eyes Larry E. Sullivan, Lydia C. Schurman, 2013-02-01 Despite efforts of contemporary reformers to curb the availability of dime novels, series books, and paperbacks, *Pioneers, Passionate Ladies, and Private Eyes* reveals how many readers used them as means of resistance and how fictional characters became models for self empowerment. These literary genres, whose value has long been underestimated, provide fascinating insight into the formation of American popular culture and identity. Through these mass produced, widely read books, *Deadwood*, *Dick*, *Old Sleuth*, and *Jessie James* became popular heroes that fed the public's imagination for the last western frontier detective tales and the myth of the outlaw. Women, particularly those who were poor and endured hard lives, used the literature as means of escape from the social, economic, and cultural suppression they experienced in the nineteenth century. In addition to the insight this book provides into texts such as *The Bride of the Tomb*, the *Nick Carter Series*, and Edward Stratemeyer's rendition of the Lizzie Borden case, readers will find interesting information about the roles of illustrations and covers in consumer culture. *Bowling Green's* endeavor to digitize paperback and pulp magazine covers, bibliographical problems in collecting and controlling series books, the effects of mass market fiction on young girls, Louisa May Alcott's pseudonym and authorship of three dime novels, special collections, competition among publishers: A collection of work presented at a symposium held by the Library of Congress. *Pioneers, Passionate Ladies, and Private Eyes* makes an outstanding contribution to redefining the role of popular fiction in American life.
