## **From Nation To Diaspora:**

**From Nation to Diaspora** Curdella Forbes, 2005 Situating Selvon's and Lamming's work within the wider field of West Indian social thought and practice Forbes demonstrates that gender is foundational within West Indian revolutionary action from slavery onwards and that these writers' treatment of gender belongs to a revolutionary poetics compromised by the nationalist engagements of the 1950s-1970s

**Cultural Grammars of Nation, Diaspora, and Indigeneity in Canada** Christine Kim, Sophie McCall, Melina Baum Singer, 2012-05-09 Cultural Grammars of Nation, Diaspora and Indigeneity in Canada considers how the terms of critical debate in literary and cultural studies in Canada have shifted with respect to race, nation and difference. In asking how Indigenous and diasporic interventions have remapped these debates, the contributors argue that a new cultural grammar is at work and attempt to sketch out some of the ways it operates. The essays reference pivotal moments in Canadian literary and cultural history and speak to ongoing debates about Canadian nationalism, postcolonialism, migrancy and transnationalism. Topics covered include the Asian race riots in Vancouver in 1907, the cultural memory of internment and dispersal of Japanese Canadians in the 1940s, the politics of migrant labour and the domestic labour scheme in the 1960s, and the trial of Robert Pickton in Vancouver in 2007. The contributors are particularly interested in how diaspora and indigeneity continue to contribute to this critical reconfiguration and in how conversations about diaspora and indigeneity in the Canadian context have themselves been transformed. Cultural Grammars is an attempt to address both the interconnections and the schisms between these multiply fractured critical terms, as well as the larger conceptual shifts that have occurred in response to national and postnational arguments

**Modern Scottish Diaspora** Murray Stewart Leith, 2014-07-21 Brings together well established and emerging scholars from a variety of disciplines to present a contemporary diasporic perspective on national affairs for Scotland. **Latin American Diasporas in Public Diplomacy** Vanessa Bravo, Maria De Moya, 2021-07-08 This book on Latin American Diasporas in Public Diplomacy explains and illustrates through case studies the different strategic roles that diaspora groups play in modern public diplomacy efforts. These are categorized by being participatory, having a strong involvement of non-state actors, involving frequent partnerships and placing an increased focus on global issues. In particular, this book provides in its 13 chapters the perspective of Latin American diasporas and nations which are severely underrepresented in the public

diplomacy literature Additionally because it is written from a strategic communication perspective this book provides insight into a variety of public diplomacy approaches employed by modern day diasporas from Latin America It also describes some examples of diaspora targeted state led public diplomacy efforts in the region Taking a regional focus to the exploration of diasporas in public diplomacy this edited book facilitates cross country comparisons and the understanding of the phenomena beyond the country specific cases

**Alien-nation and Repatriation** Patricia Joan Saunders,2007-01-01  
AlienNation and Repatriation is a critical examination of race sexuality gender and migration in Caribbean nationalist literatures The more complex contribution made in this book however is its insistence on centering the philosophical implications of interpreting or translating black female subjectivity back into the literary landscapes of Caribbean literary and cultural texts from which they were erased or disciplined into silence This book suggests that reading strategies reproduce hegemonic constructions of black women s identities and positionalities as subjects and citizens in Caribbean literature

**Diaspora and Nation in the Indian Ocean** Ned Bertz,2015-09-30 The vibrant Swahili coast port city of Dar es Salaam literally the Haven of Peace hosts a population reflecting a legacy of long relations with the Arabian Peninsula and a diaspora emanating in waves from the Indian subcontinent By the 1960s after decades of European imperial intrusions Tanzanian nationalist forces had peacefully dismantled the last British colonial structures of racial segregation and put in place an official philosophy of nonracial nationalism Yet today more than five decades after independence race is still a prominent and publicly contested subject in Dar es Salaam What makes this issue so dizzyingly elusive for government bureaucrats and ordinary people alike is East Africa s location on the Indian Ocean a historic crossroads of diverse peoples possessing varied ideas about how to reconcile human difference social belonging and place of origin Based on a range of archival oral and newspaper sources from Tanzania and India this book explores the history of cross cultural encounters that shaped regional ideas of diaspora and nationhood from the earliest days of colonial Tanganyika when Indian settlement began to expand dramatically to present day Tanzania a nation always under construction The book focuses primarily on two prominent city spaces schools and cinemas the one a site of education the other a site of leisure one typically a programmatic entity of government the other usually a bastion of commercial enterprise Nonetheless the forces shaping schools and cinemas as they developed into busy centers of urban social interaction were surprisingly similar the state community organizations nationalist movements economic change and the transnational winds of Indian Ocean culture and capital Whether in the form of institutional apparatuses like networks of Indian teacher importation and curricula adoption or through the market predominance of the Indian film industry schools and cinemas in East Africa historically were influenced by actions and ideas from around the Indian Ocean Diaspora and Nation in the Indian Ocean argues that an Indian Ocean wide perspective enables an examination of the transnational production of ideas about race against a backdrop of changing relationships and claims of belonging as new notions of nationhood and diaspora emerged It bridges an academic divide because historians often either focus on the Indian diaspora in isolation or write it out of the story of African nation building Further in contrast to the swell of publications on global Indian or South Asian diasporas that highlight longings for and contacts with the homeland the book also demonstrates that much of the creative production of diasporic Indian identities formed in East Africa was a result of local albeit cosmopolitan encounters across cities like Dar es Salaam

**(In)between Nation and Diaspora** Micaela Díaz-Sánchez,2009 *The Nation's Tortured Body* Brian Keith Axel,2001 A theoretical account of the formation of Sikh diaspora and Sikh nationalism arguing that the diaspora rather than originating from the nation has a major role in the nation s creation

**Greece in Crisis** Dimitris Tziouvas,2017-08-30 Since 2010 Greece has been experiencing the longest period of austerity and economic downturn in its recent history Economic changes may be

happening more rapidly and be more visible than the cultural effects of the crisis which are likely to take longer to become visible however in recent times both at home and abroad the Greek arts scene has been discussed mainly in terms of the crisis While there is no shortage of accounts of Greece's economic crisis by financial and political analysts the cultural impact of austerity has yet to be properly addressed This book analyses hitherto uncharted cultural aspects of the Greek economic crisis by exploring the connections between austerity and culture Covering literary artistic and visual representations of the crisis it includes a range of chapters focusing on different aspects of the cultural politics of austerity such as the uses of history and archaeology the brain drain and the Greek diaspora Greek cinema museums music festivals street art and literature as well as manifestations of how the crisis has led Greeks to rethink or question cultural discourses and conceptions of identity

Diaspora, Politics, and Globalization M. Laguerre, 2006-08-01 Laguerre proposes a relationship among migrants and their home society that transcends current views in migration studies The relationship among Haitians who live outside Haiti reflects a web rather than a radial relationship with the home country Haitian migrants communicate among themselves and the home country simultaneously In viewing the Haitian diaspora from a global perspective the author reveals a new theory of interconnectedness in migration which marks a significant move away from transnationalism

Nation, Diaspora, Trans-nation Ravindra K. Jain, 2012-03-12 Research articles on Indian diaspora

Politics of Rightful Killing Sima Shakhsari, 2020-01-17 In the early 2000s mainstream international news outlets celebrated the growth of Weblogistan the online and real life transnational network of Iranian bloggers and depicted it as a liberatory site that gave voice to Iranians As Sima Shakhsari argues in *Politics of Rightful Killing* the common assumptions of Weblogistan as a site of civil society consensus and resistance to state oppression belie its deep internal conflicts While Weblogistan was an effective venue for some Iranians to practice democracy it served as a valuable site for the United States to surveil bloggers and express anti Iranian sentiment and policies At the same time bloggers used the network to self police and enforce gender and sexuality norms based on Western liberal values in ways that unwittingly undermined Weblogistan's claims of democratic participation In this way Weblogistan became a site of cybergovernmentality where biopolitical security regimes disciplined and regulated populations Analyzing online and off line ethnography Shakhsari provides an account of digital citizenship that raises questions about the internet's relationship to political engagement militarism and democracy

**Diaspora** Emma Patchett, 2017-06-26 This work attempts to counteract the essentialism of originary thinking in the contemporary era by providing a new reading of a relatively understudied corpus of literature from a ambivalently stereotyped diasporic group in order to rethink and problematise the concept of diaspora as a spatial concept As work situated in the Law in Literature movement beyond the disciplinary boundaries of scholarship this book aims to construct a literary jurisprudence of diaspora space deconstructing space in order to question what it means to be settled in literary refractions of the lawscape by drawing on refractions of case law in a corpus of texts by Romani authors These texts are used

as hermetic framings to draw unique spatio temporal landscapes through which the reader can explore the refractive reflective interpretative conditions of legality as a crucible in which to theorise law The radical intent of this work therefore is to deconstruct jurisprudential spatial order in order to theorize diaspora space in the context of the Roma Diaspora This work will offer readers new possibilities to re imagine diaspora through law and literature and provides an innovative critical interdisciplinary analysis of the shaping of space

**Literature and Nation-Building in Vietnam** Chi P. Pham,2021-06-17 This book analyzes why Indians have been made invisible in Vietnamese society and historiography It argues that their invisibilization originates in the formulaic metaphor Vietnamese nation makers have used to portray Indians in their quest for national sovereignty and socialism The book presents a complex view on colonial legacies in Vietnam which suggests that Vietnamese nation makers associate Indians with colonialism and capitalism ultimately viewed as non socialist and non hegemonic state structures Furthermore the book demonstrates how Vietnamese nation makers achieve the overriding socialist and independent goal of historically differing Indians from Vietnamese nationalisms whilst simultaneously making them invisible In addition to primary Vietnamese texts which demonstrate the performativity of language and the Vietnamese traditional belief in writing as a sharp weapon for national and class struggles the author utilizes interviews with Indians and Vietnamese authorities in charge of managing the Indian population Bringing to the surface the ways through which Vietnamese intellectuals have invisibilized the Indians for the sake of the visibility of national hegemony and prosperity this book will be of interest to scholars of Southeast Asian Studies and South Asian Studies Vietnam Studies including nation building literature and language

**Diaspora and Citizenship** Claire Sutherland,Elena Barabantseva,2013-09-13 This collection of papers discusses the impact of diasporas on the articulations and practices of legal political cultural and social citizenship in their country of origin While the majority of current citizenship debates focus on the challenges and directions in which diasporic and migrant communities impact on the citizenship regime in their country of settlement the papers in this volume approach the study of citizenship from the perspective of the link between the sending state and its diasporic communities abroad The papers discuss the role of language religion kinship and other ethnic markers in diaspora politics and trace their implications for the articulations and practices of citizenship Through discussing cases across political and geographical spectrums and from different historical epochs the book broadens and enriches the debate on citizenship by demonstrating important ways in which diasporas impact on the delineation of citizenship regimes and the politics of national identity in their homeland This links to the continued use of language as an ethnic marker but also one which may be learned allowing a certain degree of choice and shifting affiliations amongst putative members of a diaspora This book was published as a special issue of Nationalism and Ethnic Politics

**The Postdiaspora Condition** Michel S. Laguerre,2017-06-28 This book aims to fill a void in the literature on the contributions of the state to the social protection educational training and human security of its overseas citizens Additionally Michel S Laguerre seeks to explain the rise of the postdiaspora condition

an emancipatory metamorphosis of diaspora status Laguerre pays particular attention to the crossborder services that the state provides transfrontier mechanisms developed by various institutions as well as extraterritorial forms of management and governance He sheds light on complex crossborder arrangements and management the multiplicity of crossborder agencies and organizations and the promulgation of new laws that provide a legal basis for these extraterritorial undertakings by the state The ability of emigrants to hold citizen status and to enjoy access to the same rights and privileges as those offered to residents of the homeland sets the cosmopolitan context for the performance of the postdiaspora condition
