Friedrich Nietzsche Germany 1844-1900:

Friedrich Nietzsche (1844-1900) Jürgen Backhaus, Wolfgang Drechsler, 2006-10-11 Nietzsche Economy and Society The Closed and the Open Questions a b Jürgen G Backhaus and Wolfgang Drechsler a University of Erfurt Germany b Tallinn University of Technology Estonia Nietzsche's impact and influence anywhere in and on our civilization was and is immense This has by now been widely recognized in almost all areas even in the hard sciences see Babich 1999 but Nietzsche is still completely understudied in the field of economics This is all the more surprising because in science paths both serious e.g. Joseph A Schumpeter and popular ones e.g. Ayn Rand seem obvious and because in some of his works especially Menschliches Allzumenschliches 1878-1886 a focus on economics is hard to miss It would thus be only likely that he had some sort of significant influence there yet one can find hardly any references in the Nietzsche or economics literature on what kind of influence that might have been or still is To remedy this situation the idea to plan an exploratory conference on Nietzsche and Economics arose Because of the difficult and indeed unusual topic we found it necessary to even start with a pre conference where the issues questions sources and possible approaches would be discussed This pre conference took place in Heilbronn in the framework of the Heilbronn Symposia on Economics and the Social Sciences in June 2000 [The National Union Catalog, Pre-1956 Imprints](#), 1968 [Famous and Infamous Quotes](#) Raymond a.
