**Harry Potter** , **The Delectable Negro** Vincent Woodard, 2014 Scholars of US and transatlantic slavery have largely ignored or dismissed accusations that Black Americans were cannibalized Vincent Woodard takes the enslaved person OCOs claims of human consumption seriously focusing on both the literal starvation of the slave and the tropes of cannibalism on the part of the slaveholder and further draws attention to the ways in which Blacks

experienced their consumption as a fundamentally homoerotic occurrence The Delectable Negro explores these connections between homoeroticism cannibalism and cultures of consumption in the context of American literature and US slave culture Utilizing many staples of African American literature and culture such as the slave narratives of Olaudah Equiano Harriet Jacobs and Frederick Douglass as well as other less circulated materials like James L Smith OCOs slave narrative runaway slave advertisements and numerous articles from Black newspapers published in the nineteenth century Woodard traces the racial assumptions political aspirations gender codes and philosophical frameworks that dictated both European and white American arousal towards Black males and hunger for Black male flesh Woodard uses these texts to unpack how slaves struggled not only against social consumption but also against endemic mechanisms of starvation and hunger designed to break them He concludes with an examination of the controversial chain gang oral sex scene in Toni Morrison OCOs Beloved suggesting that even at the end of the twentieth and beginning of the twenty first century we are still at a loss for language with which to describe Black male hunger within a plantation culture of consumption
