Rowen Herbert Harvey Rowen,1963 Ideas and Institutions in Western Civilization: From absolutism to revolution, 1648-1848, edited by H. R. Rowen Norman F. Cantor,1963 **Ideas and Institutions in Western Civilization** Herbert H. Rowen,1963 *Ideas and Institutions in Western Civilization* ,1963 **Political Economy from Below** Rob

Knowles,2017-07-05 Communitarian anarchism is a generic form of socialism that denies the need for a state or any other authority over the individual from above and which requires absolute belief that the individual cannot exist outside of a community of others This book suggests that the communitarian anarchists of the nineteenth century developed and articulated a distinct tradition of economic thought The period of this study begins with the first major writing of the French communitarian anarchist Pierre Joseph Proudhon in 1840 and ends with the temporary burial of anarchist theorizing at the beginning of the First World War in 1914 However he tradition of communitarian anarchist economic thought did not end in 1914 The economic thought explored in this book provides a fresh perception of the fragmentation evident in many societies today especially where there is a substantial informal economy The Europe Illusion Stuart Sweeney,2019-04-01 In The Europe Illusion Stuart Sweeney considers Britain s relationships with France and Prussia Germany since the map of Europe was redrawn at Westphalia in 1648 A timely and far sighted study it argues that integration in Europe has evolved through diplomatic economic and cultural links cemented among these three states Indeed as wars became more destructive and economic expectations were elevated these states struggled to survive alone Yet it has been rare for all three to be friends at the same time Instead apparent setbacks like Brexit can be seen as reflective of a more pragmatic Europe where integration proceeds within variable geometry *WORLD HISTORY, JOURNEYS* Candice Goucher,Linda Walton,2013-09-13 Using a thematic approach this innovative textbook explores the history of the world from its earliest prehistory to the present age of globalization *The Rhyme and Reason of Politics in Early Modern Europe* C.E. Harline,2012-12-06 Herbert Rowen has always insisted that historians don t need biographers Outside a small circle of family friends and students what matters most is not the individual but his or her work Thus the main purpose of the present volume is to highlight Professor Rowen s contributions to the political history of early modern Europe Part I includes assessment of his work by others while Parts II V contain examples of his best articles papers and reviews some published here for the first time most previously hard to get These essays not only add substantively to our understanding of early modern politics but treat both implicitly and explicitly

the historian's task per se Hence this is not biography much less innocuous laudation or hagiography which Herb would not forgive Yet it is only fitting that someone who lays so much stress on the human side of History should by way of introduction have something said about his person as well as his work **An Historical Introduction to Western Constitutional Law**

R. C. van Caenegem, 1995-03-23 Professor van Caenegem's new book addresses fundamental questions of constitutional organization democracy versus autocracy unitary versus federal organization pluralism versus intolerance by analyzing different models of constitutional government through a historical perspective The approach is chronological constitutionalism is explained as the result of many centuries of trial and error through a narrative that begins in the early Middle Ages and concludes with contemporary debates focusing on Europe the United States and the Soviet Union *Iran*
Homa Katouzian, 2013-03-05 This book offers a view of Iran through politics history and literature showing how the three angles combine Iran being a revolutionary society experienced two great revolutions within the short span of just seventy years from the 1900s to the 1970s Both were massive revolts of the society against the state the main objective of the first being to establish lawful government to make modernisation possible and the second to overthrow the absolute and arbitrary state though this time mainly under the banner of religion and Marxism Leninism and anti Westernism Neither of them succeeded in their lofty ideals for reasons that are explained and analysed within The author also offers a detailed description of Iran's short term society examining the political and intellectual lives of two of the most remarkable intellectuals cum politicians of the twentieth century This book provides an overview of modern Persian literature both poetry and prose and discusses the works of three of the most remarkable Persian poets and writers of the period It considers classical Persian literature through the great variety of its form and substance and neo classical literary developments in the nineteenth century covering the whole history of Persian literature This is crowned in the last chapter by the love poetry of one of the greatest Persian poets Iran will be of interest to students and scholars of Iranian studies and Middle East Politics **Taming the Sovereigns** K. J. Holsti, 2004-01-22 Many analysts claim that international politics has recently entered a new era following the end of the Cold War and then the events of September 11th In this book Kalevi Holsti asks what we mean by change in international politics How do we identify it How do we distinguish between significant and unimportant changes Do we really live in a new era or do we see more continuity than transformation in the texture of international politics Combining theoretical and empirical argument Holsti investigates eight major international institutions including the state sovereignty territoriality international law diplomacy trade and war Having identified the types of change these institutions have undergone during the last three centuries Holsti analyses the sources of those changes and speculates on their consequences This is a major book likely to have lasting influence in the study of international politics *Catalog of Copyright Entries. Third Series* Library of Congress. Copyright Office, 1965 Includes Part 1 Number 2 Books and Pamphlets Including Serials and Contributions to Periodicals July December **Religion,**

Community and Development Gurpreet Mahajan, Surinder S. Jodhka, 2010-06-02 Papers presented at a seminar organized at Jawaharlal Nehru University on Mar 2007 *Creational Theology and the History of Physical Science: The Creationist Tradition from Basil to Bohr* Christopher B. Kaiser, 2021-12-06 This volume documents the role of creational theology in discussions of natural philosophy medicine and technology from the Hellenistic period to the early twentieth century Four principal themes are the comprehensibility of the world the unity of heaven and earth the relative autonomy of nature and the ministry of healing Successive chapters focus on Greco Roman science medieval Aristotelianism early modern science the heritage of Isaac Newton and post Newtonian mechanics The volume will interest historians of science and historians of the idea of creation It simultaneously details the persistence of tradition and the emergence of modernity and provides the historical background for later discussions of creation and evolution **An Introduction To Nineteenth-century Russian Slavophilism** Peter K. Christoff, 2019-03-07 This book is written based on vigorous and prolonged debates between the Slavophiles and proponents of Russian Slavophilism's principal ideological rival Westernism in the mid nineteenth century It presents the analysis and evaluation of Iu F Samarin's dissertation
