Francis A. Sullivan, S.J. and Ecclesiological Hermeneutics Michael M. Canaris, 2016-09-27 In Francis A Sullivan S J and Ecclesiological Hermeneutics Canaris traces the significant contributions that Francis A Sullivan S J has made to Catholic ecclesiology paying particular attention to the method and application of his hermeneutical approach to the writings of the magisterium Though highly esteemed by professional theologians in both Catholic and ecumenical circles Sullivan is less well known among general audiences than many of his peers The author addresses this lacuna by arguing that Sullivan s work when viewed through an interpretive lens can aid the faithful to engage seriously with magisterial texts of various genres and levels of authority find meaning within them and encourage an active reception process whereby contemporary understanding of the teaching and learning role of the entire church becomes possible **Early Church Understandings** of Jesus as the Female Divine Sally Douglas, 2016-05-19 Central to debates about Jesus is the issue of whether he uniquely embodies the divine While this discussion continues unabated both those who affirm and those who dismiss Jesus divinity regularly eclipse the reality that in many of the earliest strands of the Christian tradition when Jesus divinity is proclaimed Jesus is imaged as the female divine Sally Douglas investigates these early texts excavates the motivations for imaging Jesus as Woman Wisdom and the complex reasons that this began to be suppressed in the 2nd and 3rd centuries The work concludes with an exploration of the powerful implications of engaging with the ancient proclamation of Jesus Woman Wisdom in contemporary context T&T Clark Handbook of the Early Church Ilaria L.E. Ramelli, J.A. McGuckin, Piotr Ashwin-Siejkowski, 2021-12-16 Exploring the key documents authors and themes of Early Christian traditions this volume traces the vital trajectories of emerging distinctive Christian identity in the Graeco Roman world Special attention is given to the coherent growth of Christian faith in connection with worship alongside the crucial transformation of Christian life and doctrine under the Christian Emperors As well as offering a chronological development of the Early Church the book examines the interaction between Christian worship and faith In addition readers interested in systematic theology can refer to chapters on the roots of some significant theological notions in Christian Antiquity also with reference to ancient philosophy Issues addressed include Distinctiveness of the Christian identity during the first centuries Diversity of communities and their theologies Connection between faith and worship Transition from the persecuted minority to

Van Kirk, 2008-02-18 The bold thesis of Canonical Theism is that the good and life giving Holy Spirit has equipped the church not only with a canon of scripture but also with an abundant canonical heritage of materials persons and practices However much of the latter has been ignored or cast aside The authors call for the retrieval and redeployment of the full range of this rich legacy Voices from across the spectrum here chart that mine of opportunity and invite the entire church to explore the benefits of their discoveries Ambitious in its scope and agenda Canonical Theism offers insights that will enable the readers to discover anew the faith that has nourished converts created saints and upheld martyrs across the years Contributors William J Abraham Frederick D Aquino Paul L Gavrilyuk Charles Gutenson Douglas M Koskela Mark E Powell Frederick W Schmidt Horace Six Means Natalie B Van Kirk Jason E Vickers David F Watson **Catholicism Today** Evyatar Marienberg, 2014-08-07 Catholics are not Christians They worship Mary They do whatever the pope says They cannot divorce They eat fish on Fridays These flawed but common statements reflect a combined ignorance of and fascination with Catholicism and the Catholic Church Catholicism Today An Introduction to the Contemporary Catholic Church aims to familiarize its readers with contemporary Catholicism The book is designed to address common misconceptions and frequently asked questions regarding the Church its teachings and the lived experience of Catholics in modern societies worldwide Opening with a concise historical overview of Christianity in general and Catholicism in particular the text explores the core beliefs and rituals that define Catholicism in practice the organization of the Church and the Catholic calendar as well as the broad question of what it means to be Catholic in a variety of cultural contexts The book ends with a discussion of the challenges facing the Church both now and in the coming decades Also included are two short appendices on Eastern Catholicism and Catholicism in the United States Receptive Ecumenism and the Call to Catholic Learning Paul Murray, Luca Badini Confalonieri, 2008-09-04 This volume proposes a fresh strategy for ecumenical engagement Receptive Ecumenism that is fitted to contemporary challenges 32 original essays draw on a wide variety of denominational and disciplinary perspectives bringing ecclesiologists sociologists psychologists and organizational experts into conversation

Worth, Jr., 2010-06-28 In 100 A D Christianity was practiced only by a small oppressed minority Three hundred years later Christianity had become one of the world's major religions But this change did not happen easily The imperial government of Rome intellectual tradition and battles within the church itself influenced the transformation Every viewpoint had its champions and opponents and whether they were defenders of the faith or those whom history later labeled heretics they were part of the early evolution of Christianity This volume discusses more than 50 figures who played a role in the transformation from primitive Christianity to early Medieval Catholicism As it examines the lives and influence of imperial rulers such as Constantine proponents of the intellectual tradition including Gregory of Neocaesaria and Julius Africanus and early Bible translators such as Tatian Origen and Jerome the work provides a fascinating look at Christian Encyclopedia of Christian Education George Thomas Kurian, Mark A. of contemporary Christianity and modern religious education **Pathways for Ecclesial Dialogue in the Twenty-First Century** M. Chapman, Miriam Haar, 2016-04-29 This volume identifies a myriad of obstacles standing in the way of dialogue both within churches and between churches and then move on to discuss how these obstacles might be dissolved or circumvented The contributors explore all the ways through which ecclesial dialogue can be re energized and adapted for a St. Cyprian of Carthage and the College of Bishops Benjamin Safranski, 2018-09-15 This book assesses episcopal cooperation as envisioned by the third century bishop Cyprian of Carthage It outlines and assesses the interactions between local bishops provincial groups of bishops and the worldwide college Assessing these interactions sheds light on the relationship between Cyprian's strong sense of local autonomy and the reality that each bishop was responsible to the world wide college Episcopal consensus was the sine qua non for Cyprian for a major issue of faith or practice to become one that defined membership in the college and ultimately the Church The book brings this assessment into a modern scholarly debate by concluding with an evaluation of the ecclesiology of the Orthodox scholar Nicolas Afanasiev and his critiques of Cyprian Afanasiev lamented Cyprian as the father of universal ecclesiology and claimed that Cyprian s college wielded authority above that of the local bishop This book argues that Afanasiev fundamentally misconstrued Cyprian s understanding of collegiality It is shown that for Cyprian collegiality was the framework for the common ministry of the bishops and did not infringe on the sovereignty of the local bishop Rather it was the college's collective duty to define the boundaries of acceptable Christian belief and practice The Oxford Handbook of Ecclesiology Paul Avis, 2018-06-28 The Oxford Handbook of Ecclesiology is a unique scholarly resource for the study of the Christian Church as we find it in the Bible in history and today As the scholarly study of how we understand the Christian Church's identity and mission ecclesiology is at the centre of today s theological research reflection and debate Ecclesiology is the theological driver of the ecumenical movement The main focus of the intense ecumenical engagement and dialogue of the past half century has been ecclesiological and this is the area where the most intractable differences remain to be tackled Ecclesiology investigates the Church's manifold self understanding in relation to a number of areas the origins structures authority doctrine ministry sacraments unity diversity and mission of the Church including its relation to the state and to society and culture The sources of ecclesiological reflection are the Bible interpreted in the light of scholarly research Church history and the wealth of the Christian theological tradition together with the information and insights that emerge from other relevant academic disciplines This Handbook considers the biblical resources historical development and contemporary initiatives in ecclesiology It offers an invaluable and comprehensive quide to understanding the Church Gold Tested in Fire Ronald D. Witherup, 2012-02-01 The recent Year for Priests focused considerable attention on the priesthood resulting in many books articles retreats conferences and symposia In Gold Tested in Fire Ronald D Witherup SS makes an important new contribution Intersecting scriptural and theological context with lived pastoral insight Witherup explores both classic and

contemporary understandings of the priesthood offers insights into the four pillars suggested for priestly formation and looks at the charism of priests and the need for ongoing formation across a life span Having engaged in priestly formation in seminaries for a number of years Witherup moves beyond overly idealized or pietistic approaches to the presbyteral life to offer key insights on the challenges and rewards inherent in contemporary priestly ministry Underlying his approach is the firm conviction that the present testing in the priesthood is a profound summons to a new Pentecost inopportunity for the priesthood to be cleansed and remade and ultimately stronger **Dialectics of Faith-Culture Integration** Michael Muonwe, 2014-02-21 This book navigates the contours of cultural and theological hermeneutics in order to critique affirm as well as reconceptualise the vital underpinnings and subtleties of faith culture intercourse and reciprocation It questions claims to effective inculturation by theologians and church authorities even as it acknowledges the inevitability of the tension between inculturation process and syncretic formations It is an irresistible asset for teachers and students of theology cultural and religious studies for pastors and missionaries and for all Christians in need of finding Christian beliefs and practices more meaningful to them in their daily lives The hope is that it challenges the straitjacketed conceptual and pastoral frameworks that have often characterised the churchs evangelisation initiatives and assists in making Christian faith a concrete and living possession of every age and culture Michael Muonwe is a priest of the Catholic diocese of Awka Nigeria He holds Licentiate and Doctorate in Theology and Religious Studies from the Catholic University of Leuven Belgium He obtained Bachelors in Philosophy from Bigard Memorial Seminary Enugu Nigeria Michael also holds Diplomas in Mass Communication and Education He has authored a number of articles and is an editor of a book His major research interest is the often convoluted relationship and interplay between religion and the contemporary culture His research on the relationship between Christianity feminism and culture will soon be published in two volumes On the present book Prof Annemie Dillen of the Catholic University of Leuven affirms This is a must read book for local church leaders theologians and everyone involved in pastoral work It challenges the reader to give up a longing for security and finding answers in fixed rules or the so called universal truths and invites him or her to an in depth study of cultural practices and beliefs The overview of the discussions on inculturation and the reality or sometime maybe phantom of syncretism is very illuminating and thought provoking Thomas F Magill asserts A timely and well balanced study of the theology of inculturation as understood in the Roman Catholic tradition offering new and fresh insights situated in the cusp between the Benedict XVI s emphasis on the relationship between faith and reason and the problem of relativism and Francis I s desire for a poor church for the poor T F Magill L S S Ph D parish priest of the Diocese of Motherwell formerly a Lecturer in New Testament Studies at the University of Glasgow Koinonia and the Quest for an Ecumenical Ecclesiology Lorelei F. Fuchs, 2008 The word koinonia has gained prominence in recent ecumenical discussions In this original and substantial work Lorelei Fuchs proposes the theological idea of koinonia commonly translated as communion or fellowship as the key to moving fractured

churches toward a future unity Fuchs challenges churches to move beyond mere dialogue and to apply ecumenical insights at the local level She begins by relating the exegetical meaning of koinonia to its ecumenical meaning tracing the place of koinonia both within the churches and between the churches She then examines the concept of koinonia in the extensive and fruitful dialogues that have taken place between Lutherans Anglicans and Roman Catholics finally articulating a symbolic competence for communionality that provides a rich and workable way forward for church unity at all levels Encompassing the latest in ecumenical thought Koinonia and the Quest for an Ecumenical Ecclesiology provides a broad thoughtful framework for realizing Christ's prayer that all may be one so that the world may believe
