From Chronicle To Canon:

From Chronicle to Canon Sarah Ann Queen, 1996-08-28 Every general account of the development of Chinese thought makes mention of Tung Chung shu c 195 105 bce as one of the pivotal philosophers of the Han Professor Queen's accomplishment is a meticulous dissection of Tung Chung shu's major work *The Luxuriant Gems of the Spring and Autumn Annals* Ch'un ch'iu fan lu established the first state sponsored Confucian Canon and created an ideal of the ruler and his role in government that was central to political discussion for two thousand years The author has carefully scrutinised this text for authenticity and has concluded that it was compiled several centuries after Tung's death but was mostly compiled from Tung's authentic writings By historicising this important text Queen allows a new view of Tung's relation to the political and doctrinal discourses of his day and also addresses the role of scriptures in Confucian spirituality *The books of Chronicles : With maps, notes and introduction* W. A. L. Elmslie, 2025-03-02 In *The Books of Chronicles With Maps Notes and Introduction* W A L Elmslie offers a comprehensive examination of First and Second Chronicles highlighting their unique historical context and literary style Elmslie's scholarly approach reveals the theological purpose behind these texts aimed at both recording Israel's history and shaping national identity following the Babylonian exile The inclusion of detailed maps and insightful notes enhances the reader's understanding of the geographical and political landscapes of the ancient world thereby situating the Chronicles within a broader biblical narrative Elmslie's precise language and methodical structure encourage a deep engagement with these often overlooked books of the Hebrew Bible W A L Elmslie a distinguished biblical scholar draws upon his profound expertise in Old Testament studies to present a work that reflects his passion for the Scriptures His extensive background in theology and historical criticism informs his analytical perspective allowing for an enriched interpretation of the Chronicles Elmslie's commitment to illuminating the text ensures that readers grasp both its literary intricacies and its significance in the canon of Scripture This book is highly recommended for theologians students and anyone interested in deepening their understanding of the Old Testament Elmslie's insightful notes and maps provide invaluable resources for interpreting these texts making it an essential addition to the library of anyone seeking to appreciate the richness of biblical history Engage with these profound writings and discover how the Chronicles contribute to the larger story of faith and heritage *Confucian Concord* Federico Brusadelli, 2020-09-25 In *Confucian Concord* Federico Brusadelli offers an intellectual analysis of the *Datong Shu* Written by Kang Youwei 1858 1927 and conceived as his most esoteric and comprehensive legacy to posterity the book was eventually published posthumously in 1935 considered too advanced for the times in Kang's own opinion Connecting *Datong Shu* to its author's intellectual biography and framing it within the intellectual and political debate of the time Brusadelli investigates the conceptual and philosophical implications of Kang's global prophecy showing how an apparently utopian and escapist piece of literature was actually an attempt to save at least ideally the imperial political order updating the traditional Confucian universalism to a new modern world **The**
