From Cold War To Collapse Theory And World Politics In The 1980s

Heather Elko McKibben

From Cold War To Collapse Theory And World Politics In The 1980s:

From Cold War to Collapse Mike Bowker, Robin Brown, 1993 A review of the survival of International Relations theories after the collapse of the Cold War

Feminism and International Relations Sandra Whitworth, 2016-01-18 This book provides a critique of the discipline of international relations from a feminist perspective The critique is developed first theoretically Then the author examines both feminist theories and theories of international relations with a view to developing an approach to world politics which incorporates an analysis of gender and gender relations The critique is secondly developed through the application of the notion of gender to the activities of two international institutions the International Parenthood Federation and the International Labour Organisation

[Feminist International Relations](#) Christine Sylvester, 2002 Publisher Description

Environmentalism and Global International Society Robert Falkner, 2021-07-15 Environmentalism and Global International Society reveals how environmental values and ideas have transformed the normative structure of international relations Falkner argues that environmental stewardship has become a universally accepted fundamental norm or primary institution of global international society He traces the history of environmentalism s rise from a loose set of ideas originating in the nineteenth century to a globally applicable norm in the twentieth century which has come to redefine international legitimacy and states global responsibilities He shows how this deep norm change came about as a result of the interplay between non state and state actors and how the new environmental norm has interacted with the existing primary institutions of global international society most notably sovereignty and territoriality diplomacy international law and the market This book shifts the attention from the presentist focus in the study of global environmental politics to the longue dur e of global norm change in the greening of international relations

[The American Bibliography of Slavic and East European Studies](#) Patt Leonard, Rebecca Routh, 2020-02-27 This bibliography first published in 1957 provides citations to North American academic literature on Europe Central Europe the Balkans the Baltic States and the former Soviet Union Organised by discipline it covers the arts humanities social sciences life sciences and technology

Gender and International Relations Jill Steans, 1998 Until relatively recently little had been written about gender issues in international relations despite the increased importance of the study of gender in other areas of the social sciences Gender and International Relations fills that gap providing a clear and accessible guide to the study of gender issues feminist theories and international relations Steans illustrates how gender is central to nationalisms and political identity the state citizenship and conceptions of political community security and global political economy and development Drawing on feminist scholarship from across the social sciences she demonstrates the uses of feminism as critique She also introduces readers to contemporary theoretical debates in international relations using concrete concerns and easily understandable issues to ground the discussion The book does not construct a single feminist theory of international relations nor does it advance a particular perspective of how gender can best be understood in an international

or global context Rather the book argues that feminist theories have collectively produced insights crucial to the study of international relations and that these insights can be used to challenge conventional approaches to the discipline

Private Power and Global Authority A. Claire Cutler, 2003-08-14 Transnational merchant law which is mistakenly regarded in purely technical and apolitical terms is a central mediator of domestic and global political legal orders By engaging with literature in international law international relations and international political economy this book develops the conceptual and theoretical foundations for analyzing the political significance of international economic law In doing so it illustrates the private nature of the interests that this evolving legal order has served over time The book makes a sustained and comprehensive analysis of transnational merchant law and offers a radical critique of global capitalism

The Social in the Global Jonathan Joseph, 2012-07-12 Applies sociological concepts to international relations by examining how influential social ideas contribute to global governance

States in the Global Economy Linda Weiss, 2003-02-13 The growing interconnectedness of national economies and an expanding awareness of global interdependence in the 1990s have generated lively debate over the future of national governance In a world of mobile capital are states vital to the social and economic wellbeing of their citizens A number of changes in the state s domestic and international environment ranging from regulatory reforms and welfare state restructuring to the proliferation of intergovernmental agreements have promoted the view that globalisation has a negative impact compromising state capacities to govern domestically This book challenges the constraints thesis Covering vital areas of state activity welfare taxation industrial strategy and regulatory reform the contributors focus on a range of issues finance trade technology faced by both developed and developing countries The contributors argue that globalisation can enable as well as constrain and they seek to specify the institutional conditions which sharpen or neutralise the pressures of interdependence

Trust in International Cooperation Brian C. Rathbun, 2011-12-01 Trust in International Cooperation challenges conventional wisdoms concerning the part which trust plays in international cooperation and the origins of American multilateralism Brian C Rathbun questions rational institutionalist arguments demonstrating that trust precedes rather than follows the creation of international organizations Drawing on social psychology he shows that individuals placed in the same structural circumstances show markedly different propensities to cooperate based on their beliefs about the trustworthiness of others Linking this finding to political psychology Rathbun explains why liberals generally pursue a more multilateral foreign policy than conservatives evident in the Democratic Party s greater support for a genuinely multilateral League of Nations United Nations and North Atlantic Treaty Organization Rathbun argues that the post World War Two bipartisan consensus on multilateralism is a myth and differences between the parties are growing continually starker

Nations at War Daniel S. Geller, J. David Singer, 1998-02-13 Nations at War provides an explanation of war in international politics grounded on data based empirical research The book classifies and synthesizes the research findings of over 500 quantitative analyses of war at the analytic

level of the state dyad region and international system Because wars follow from political decisions two basic decision making models the rational and the non rational are examined in relation to the explanatory framework of the volume In addition case analyses of two wars the Iran Iraq War 1980 and World War I 1914 are provided as demonstrations of scientifically based explanations of historical events The primary structural factors responsible for the onset and seriousness of war are identified and the explanations are developed according to the scientific model of covering laws The conclusion presents a discussion of the potential for probabilistic conditional predictions of conflict within the context of war and peace studies

Bureaucracies at War Tyler Jost, 2024-06-27 Rethinks how bureaucracy shapes foreign policy miscalculation is less likely when political leaders can extract quality information from the bureaucracy

How the Weak Win Wars Ivan Arreguín-Toft, 2005-12-08 How do the weak win wars The likelihood of victory and defeat in asymmetric conflicts depends on the interaction of the strategies weak and strong actors use Using statistical and in depth historical analyses of conflicts spanning two hundred years in this 2005 book Ivan Arregu in Toft shows that independent of regime type and weapons technology the interaction of similar strategic approaches favors strong actors while opposite strategic approaches favors the weak This approach to understanding asymmetric conflicts allows us to makes sense of how the United States was able to win its war in Afghanistan 2002 in a few months while the Soviet Union lost after a decade of brutal war 1979 89 Arregu n Toft s strategic interaction theory has implications not only for international relations theory but for policy makers grappling with interstate and civil wars as well as terrorism

International Relations Andrew Linklater, 2000

Restraint in International Politics Brent J. Steele, 2019-10-17 Comprehensive examination of restraint in international politics considered across a range of contexts as a political process device and strategy

Law and Sentiment in International Politics David Traven, 2021-07 Traven argues that universal moral beliefs and emotions shaped the evolution of international laws that protect civilians in war

Strategic Studies and World Order Bradley S. Klein, 1994-05-05 In this 1994 book Bradley Klein draws upon debates in international relations theory to raise important questions about the nature of strategic studies He argues that post modern critiques of realism and neorealism open up opportunities for new ways of thinking about nuclear deterrence In clear and uncluttered language he explores the links between modernity state building and strategic violence and argues that American foreign policy and NATO undertook a set of dynamic political practices intended to make and remake world order in the image of Western identity Klein warns against too facile a celebration of the end of the Cold War concluding that it is even more imperative today to appreciate the scope and power of the Western strategic project The book will be of interest to students of international relations theory strategic studies peace studies and US foreign policy

Who Governs the Globe? Deborah D. Avant, Martha Finnemore, Susan K. Sell, 2010-06-03 Academics and policymakers frequently discuss global governance but they treat governance as a structure or process rarely considering who actually does the governing This volume focuses on the agents of global governance global governors The global policy arena is filled

with a wide variety of actors such as international organizations corporations professional associations and advocacy groups all seeking to govern activity surrounding their issues of concern Who Governs the Globe lays out a theoretical framework for understanding and investigating governors in world politics It then applies this framework to various governors and policy arenas including arms control human rights economic development and global education Edited by three of the world s leading international relations scholars this is an important contribution that will be useful for courses as well as for researchers in international studies and international organizations

State Strategies in International Bargaining Heather Elko McKibben, 2015-01-26 This book demonstrates why states behavior varies so widely across different international negotiations analyzing multiple real world cases in the process

Quasi-States Robert H. Jackson, 1990 In this book Professor Robert Jackson develops an original interpretation of Third World underdevelopment explaining it in terms of international relations and law He describes Third World countries as quasi states arguing that they are states in name only demonstrating how international changes during the post 1945 period made it possible for many quasi states to be created and to survive despite the fact that they are usually inefficient illegitimate and domestically unstable

From Cold War To Collapse Theory And World Politics In The 1980s Introduction

In the digital age, access to information has become easier than ever before. The ability to download From Cold War To Collapse Theory And World Politics In The 1980s has revolutionized the way we consume written content. Whether you are a student looking for course material, an avid reader searching for your next favorite book, or a professional seeking research papers, the option to download From Cold War To Collapse Theory And World Politics In The 1980s has opened up a world of possibilities. Downloading From Cold War To Collapse Theory And World Politics In The 1980s provides numerous

advantages over physical copies of books and documents. Firstly, it is incredibly convenient. Gone are the days of carrying around heavy textbooks or bulky folders filled with papers. With the click of a button, you can gain immediate access to valuable resources on any device. This convenience allows for efficient studying, researching, and reading on the go. Moreover, the cost-effective nature of downloading From Cold War To Collapse Theory And World Politics In The 1980s has democratized knowledge. Traditional books and academic journals can be expensive, making it difficult for individuals with limited financial resources to access information. By offering free PDF downloads, publishers and authors are enabling a wider audience to benefit from their work. This inclusivity promotes equal opportunities for learning and personal growth. There are numerous websites and platforms where individuals can download From Cold War To Collapse Theory And World Politics In The 1980s. These websites range from academic databases offering research papers and journals to online libraries with an expansive collection of books from various genres. Many authors and publishers also upload their work to specific websites, granting readers access to their content without any charge. These platforms not only provide access to existing literature but also serve as an excellent platform for undiscovered authors to share their work with the world. However, it is essential to be cautious while downloading From Cold War To Collapse Theory And World Politics In The 1980s. Some websites may offer pirated or illegally obtained copies of copyrighted material. Engaging in such activities not only violates copyright laws but also undermines the efforts of authors, publishers, and researchers. To ensure ethical downloading, it is advisable to utilize reputable websites that prioritize the legal distribution of content. When downloading From Cold War To Collapse Theory And World Politics In The 1980s, users should also consider the potential security risks associated with online platforms. Malicious actors may exploit vulnerabilities in unprotected websites to distribute malware or steal personal information. To protect themselves, individuals should ensure their devices have reliable antivirus software installed and validate the legitimacy of the websites they are downloading from. In conclusion, the ability to download From Cold War To Collapse Theory And World Politics In The 1980s has transformed the way we access information. With the convenience, cost-effectiveness, and accessibility it offers, free PDF downloads have become a popular choice for students, researchers, and book lovers worldwide. However, it is crucial to engage in ethical downloading practices and prioritize personal security when utilizing online platforms. By doing so, individuals can make the most of the vast array of free PDF resources available and embark on a journey of continuous learning and intellectual growth.

FAQs About From Cold War To Collapse Theory And World Politics In The 1980s Books

How do I know which eBook platform is the best for me? Finding the best eBook platform depends on your reading preferences and device compatibility. Research different platforms, read user reviews, and explore their features before

making a choice. Are free eBooks of good quality? Yes, many reputable platforms offer high-quality free eBooks, including classics and public domain works. However, make sure to verify the source to ensure the eBook credibility. Can I read eBooks without an eReader? Absolutely! Most eBook platforms offer web-based readers or mobile apps that allow you to read eBooks on your computer, tablet, or smartphone. How do I avoid digital eye strain while reading eBooks? To prevent digital eye strain, take regular breaks, adjust the font size and background color, and ensure proper lighting while reading eBooks. What the advantage of interactive eBooks? Interactive eBooks incorporate multimedia elements, quizzes, and activities, enhancing the reader engagement and providing a more immersive learning experience. From Cold War To Collapse Theory And World Politics In The 1980s is one of the best book in our library for free trial. We provide copy of From Cold War To Collapse Theory And World Politics In The 1980s in digital format, so the resources that you find are reliable. There are also many Ebooks of related with From Cold War To Collapse Theory And World Politics In The 1980s. Where to download From Cold War To Collapse Theory And World Politics In The 1980s online for free? Are you looking for From Cold War To Collapse Theory And World Politics In The 1980s PDF? This is definitely going to save you time and cash in something you should think about.
