From Depression to War August C. Bolino, 1998-05-30 Poised on the verge of World War II America in 1939 was a land of contrasts The nation was finally pulling out of the Great Depression but war clouds gathered on the horizon Scientific developments offered promising new advances yet they would soon become the tools of war This study offers a detailed look at life in this watershed year to determine how Americans understood the conditions of their day and how they turned to escapism when their burdens became too heavy From the royal visit to the World s Fairs most Americans looked ahead to a brighter future Professional athletics Hollywood films and the Big Bands were a welcome diversion to hard times and troubling events abroad in Europe and Asia This account highlights the most important political economic and social concerns of 1939 The first part Documenting America focuses on the major social and economic concerns of the American people in 1939 Chapter one examines religion race and crime while chapters two and three consider economic difficulties and proposed solutions Part Two Some Golden Ages includes chapters on the Studio era in Hollywood Big Bands and Broadway musicals art and architecture of the period scientific breakthroughs and sports notables The final part It Happened Over There completes the picture with two chapters on the ominous international situation and early American efforts to deal with the impending war

American Cinema of the 1930s Ina Rae Hark, 2007-06-21 Probably no decade saw as many changes in the Hollywood film industry and its product as the 1930s did At the beginning of the decade the industry was still struggling with the transition to talking pictures Gangster films and naughty comedies starring Mae West were popular in urban areas but aroused threats of censorship in the heartland Whether the film business could survive the economic effects of the Crash was up in the air By 1939 popularly called Hollywood s Greatest Year films like *Gone With the Wind* and *The Wizard of Oz* used both color and sound to spectacular effect and remain American icons today The mature oligopoly that was the studio system had not only weathered the Depression and become part of mainstream culture through the establishment and enforcement of the Production Code it was a well oiled vertically integrated industrial powerhouse The ten original essays in *American Cinema of the 1930s* focus on sixty diverse films of the decade including *Dracula* *The Public Enemy* *Trouble in Paradise* *42nd Street* *King Kong* *Imitation of Life* *The Adventures of Robin Hood* *Swing Time* *Angels with Dirty Faces* *Nothing Sacred* *Jezebel* *Mr Smith Goes to Washington* and *Stagecoach*

Anti-Foreign Imagery in American Pulps and Comic Books, 1920-1960 Nathan Vernon Madison, 2013-01-17 In this thorough history the author demonstrates via the popular literature primarily pulp magazines and comic books of the 1920s to about 1960 that the stories therein drew their definitions of heroism and villainy from an overarching nativist fear of outsiders that had existed before World War I but intensified afterwards These depictions were transferred to America s new enemies both following U S entry into the Second World War and during the early stages of the Cold War Anti foreign narratives showed a growing emphasis on ideological as opposed to racial or ethnic differences and early signs of the coming multiculturalism indicating that pure racism was not the
