God's Perfect Child Caroline Fraser, 2024-06-04 From the Pulitzer Prize winning author the most powerful and persuasive attack on Christian Science to have been written in this century Los Angeles Times Book Review Millions of Americans from Lady Astor to Ginger Rogers to Watergate conspirator H R Haldeman have been touched by the Church of Christ Scientist Founded by Mary Baker Eddy in 1879 Christian Science was based on a belief that intense contemplation of the perfection of God can heal all ills an extreme expression of the American faith in self reliance In this unflinching investigation Caroline Fraser herself raised in a Scientist household shows how the Church transformed itself from a small eccentric sect into a politically powerful and socially respectable religion and explores the human cost of Christian Science s remarkable rise Fraser examines the strange life and psychology of Mary Baker Eddy She takes us into the closed world of Eddy s followers

who refuse to acknowledge the existence of illness and death and reject modern medicine even at the cost of their children's lives She reveals just how Christian Science managed to gain extraordinary legal and Congressional sanction for its dubious practices and tracks its enormous influence on new age beliefs and other modern healing cults A passionate exposé of zealotry God's Perfect Child tells one of the most dramatic and little known stories in American religious history A work of impassioned rationality important and profoundly disturbing Susan Jacoby Newsday New Startling Fraser has an eye and ear for the kind of detail that can help readers make up their own minds about an always controversial American religious expression Martin Marty The Boston Globe Splendid The New York Times Spiritualism, Mesmerism and the Occult, 1800-1920 Vol 2 Shane McCorristine, 2021-12-16 This edition provides an insight into the dark areas between Victorian science medicine and religion The rare reset source material in this collection is organized thematically and spans the period from initial mesmeric experiments at the beginning of the nineteenth century to the decline of the Society for Psychical Research in the 1920s *Discovering the History of Psychiatry* Mark S. Micale, Roy Porter, 1994 This book brings together leading international authorities physicians historians social scientists and others who explore the many complex interpretive and ideological dimensions of historical writing about psychiatry The book includes chapters on the history of the asylum Freud anti psychiatry in the United States and abroad feminist interpretations of psychiatry's past and historical accounts of Nazism and psychotherapy as well as discussions of many individual historical figures and movements It represents the first attempt to study comprehensively the multiple mythologies that have grown up around the history of madness and the origin functions and validity of these myths in our psychological century *Proceedings Society for Psychical Research, 1910*

Proceedings of the Society for Psychical Research Society for Psychical Research (Great Britain), 1910 List of members in v 1 19 21 24 Companion Encyclopedia of the History of Medicine W. F. Bynum, Roy Porter, 2013-06-20 This is a comprehensive work of reference which covers all aspects of medical history and reflects the complementary approaches to the discipline 72 essays are written by internationally respected scholars from many different areas of expertise

Dimensions in Wholistic Healing Herbert Arthur Otto, 1979 To find more information about Rowman and Littlefield titles please visit www.rowmanlittlefield.com The Contemporary Review, 1910 *Each Mind a Kingdom* Beryl Satter, 2001-05-14 Beryl Satter examines New Thought in all its complexity presenting along the way a captivating cast of characters In lively and accessible prose she introduces the people the institutions the texts and the ideas that comprised the New Thought movement *The Cure Within: A History of Mind-Body Medicine* Anne Harrington, 2009-02-16 A splendid history of mind body medicine a book that desperately needed to be written Jerome Groopman New York Times Is stress a deadly disease on the rise in modern society Can mind body practices from the East help us become well When it comes to healing we believe we must look beyond doctors and drugs we must look within ourselves Faith relationships and attitude matter But why do we believe such things From psychoanalysis to the placebo effect to meditation this vibrant cultural

history describes mind body healing as rooted in a patchwork of stories allowing us to make new sense of our suffering and to rationalize new treatments and lifestyles

Mesmerism and the End of the Enlightenment in France Robert DARNTON, 2009-06-30 An excellent and exemplary study in the history of ideas Provides a commendable model for those interested in the way true and false ideas interact and broadly influence behavior Science Early in 1788 Franz Anton Mesmer a Viennese physician arrived in Paris and began to promulgate a somewhat exotic theory of healing that almost immediately seized the imagination of the general populace Robert Darnton in his lively study of mesmerism and its relation to eighteenth century radical political thought and popular scientific notions provides a useful contribution to the study of popular culture and the manner in which ideas are diffused down through various social levels

Freedom of Religion in America: Historical Roots, Philosophical Concepts, Contemporary Problems Henry B. Clark, 1982-01-01 Presenting perceptive essays on various aspects of religious liberty the contributors to this volume provide an overview of the history and the issues surrounding religion in America

The DOs Norman Gevitz, 2004-04-13 Osopathic medicine currently serves the health needs of more than 30 million Americans In this book the author chronicles the history of this once controversial medical movement from its origins in the nineteenth century to the present describing the philosophy and practice of osteopathy as well as its impact on medical care

The Lost origins of Osteopathy and Chiropractic in European Mechanical Medicine and Physical Education, c. 1800-1950 Anders Ottosson, 2025-07-31 This book examines the global history of allegedly scientific mechanical cures commonly used to combat internal and chronic diseases and explores how and why the professional demarcation between orthodox and irregular medicine evolved Now globally dispersed the systems of osteopathy and chiropractic are considered as unique pieces of therapeutic Americana with no obvious inspirational counterpart found in the Old World It is their similar monocausal and biomedically strange etiologies that have given them this status namely that dislocations and subluxations of joints in the spine were the main source of disease At the end of the 19th century when osteopathy and chiropractic materialized in the USA this was a spectacular claim Notably the Germ theory had its breakthrough yet early osteopaths and chiropractors did not recognize it in favor of their dislocations and subluxations This book presents a new answer regarding what formed their etiologies Through a combination of many unutilized source materials with novel theoretical and methodical approaches the systems of osteopathy and chiropractic are traced back and related to a seminal yet overlooked 19th century European discourse of so called mechanical medicine which also permeated the USA Shedding new light on the professionalization and gendering of the modern healthcare system this volume will be of value to students and scholars alike interested in the history of science technology and medicine
