D. Amar,2018-11-27 Drawing upon the timeless wisdom of the Bhagavad G t a philosophical spiritual world classic this professional book highlights the spiritual and moral dimensions of management using an inside out leadership development approach It interprets the Bhagavad G t s teachings on the personality types and psychological makeup of managers and employees self knowledge and self mastery and the leadership concepts of vision motivation and empowerment This book covers topics such as training of the mind ethical leadership communication stress management and corporate social responsibility CSR Collectively the enclosed contributions provide managers with an enhanced outlook on management functions such as leading planning organizing and controlling in today s organizations particularly those run by knowledge workers Management research in the 20th century has mainly focused on the industrial paradigm characterized by a hierarchical structure of authority and responsibility with an individualistic focus on the personality of the manager However this traditional paradigm cannot solve many of the problems that confront leaders and mangers today Recent studies have shown that values traditionally associated with spirituality such as integrity honesty trust kindness caring fairness and humility have a demonstrable effect on managerial effectiveness and success Although

traditionally interpreted as a religious spiritual text the Bhagavad G t teaches these values which can be extrapolated and applied to practical management lessons in today s corporate boardrooms Applying the text of the Bhagavad G t to the context of management this book views the manager as an enlightened sage who operates from higher stance guided by self knowledge and self mastery It demonstrates how character is the key ingredient for effective management and leadership This book is therefore applicable to all managers from first line to CEOs in their management and leadership roles in organizations
