change God intended you to be      Making Sense of Violence Matthew D'Auria, Mark Hewitson, 2020-11-25 This book looks at the representations of modern war by analysing texts and examining the ways in which authors relate to the atrocious horrors of war Rejecting the assumption that violence is simply a denial of reason or at best a pathological form of collective sadism this book considers it a cultural act that needs to be understood as underpinned by a series of shared and accepted norms and values stemming from a society at a given moment of its history and shaped by its language Traditional vocabulary and language seem inadequate to describe soldiers experience of modern warfare The problem for writers is to depict and render intelligible a dramatically unprecedented reality through recourse to something familiar For some historians and literary critics the absurdity of the First World War has shaped our ironic and disenchanted reading of the entire twentieth century Yet these ways of coping with the urge to communicate inexpressible feelings and emotions in most cases are not sufficient to overcome the incoherence of the sentiments felt and the events witnessed The contributors attempt to address the questions and issues that are posed by the highly ambiguous views texts and representations examined in this volume This book was originally published as a special issue of the journal *European Review of History* *Revue Européenne d'Histoire*      Love Thyself Masaru Emoto, 2011-01-23 The common language that the people of the world have been seeking is found in water crystals Water speaks for what is in our mind Water awakens the subconscious memory in each person I now know why water is indispensable to the phenomenon of life and why alternative therapies exist and why they are effective Water helped me understand religion and prayer and gave me a clue to understanding the nature of energy It helped me understand the relationship between humanity and the cosmos It gave me a clue to help me understand what dimensionality is I could come one step closer to understanding the eternal theme of humanity that asks where we come from why we are here and what happens when we die Thus for the release of this the third volume in my series of *The Message from Water* I decided to choose what the world most urgently needs at present as a theme That is of course the need to eliminate war and terrorism throughout the world The theme I have chosen is prayer When I thought about it more deeply I realized that prayer is most effectively sent when each person in the world raises their energy of love by imagining a scene where the peoples of the world are living in peace I've been taught this through the process of asking water many questions For this reason the title of this book is *Love Thyself* First you must shine with positive high spirited vibrations and be full of love In order to do that I think it's important to love thank and respect yourself If that's the case then each of those vibrations will be sent out into the world and the cosmos and the great symphony of that harmonic vibration will wrap our planet in waves of love that serve to cherish our Heaven granted lives This is the message from water      **The Hidden Ground of Love** Thomas Merton, 2011-04-01 Thomas Merton 1915-1968 is the most admired of all American Catholic writers His journals have recently been published to wide acclaim The collection of Merton's letters in *The Hidden Ground of Love* were selected and edited by William H Shannon      *Literature and Spirituality* David Bevan, 2023-12-18      Thirst for Love Yukio

Mishima,1999-02-22 Full of sexual torment jealousy and impossible to resolve longing this novel from one of the outstanding writers of the world The New York Times presents a riveting portrait of the corrosive power of frustrated desire The protagonist is Etsuko a young widow whose philandering husband died horribly from typhoid After moving into the house of her father in law her misery deepens as she numbly submits to the old man s advances But soon Etsuko falls in love with the young servant Saburo Tormented by his indifference yet invigorated by her anguish she makes one last catastrophic bid for his attentions

Gorton,2008-03-13 What is the nature of desire This book gives an accessible introduction to the concept and a coherent critique of the competing theories of desire within contemporary theory Through analysis of representations of desire in television and film it considers ways in which the concept is theorized and presented on screen

The Regime of the Brother Juliet Flower MacCannell,2002-01-22 The Regime of the Brother is one of the first attempts to challenge modernity on its own terms Using the work of Lacan Kristeva and Freud Juliet MacCannell confronts the failure of modernity to bring about the social equality promised by the Enlightenment On the verge of its destruction the Patriarchy has reshaped itself into a new and often more oppressive regime that of the Brother Examining a range of literary and social texts from Rousseau s Confessions to Richardson s Clarissa and from Stendhal s De L Amour to James s What Maisie Knew and Jean Rhys s Wide Sargasso Sea MacCannell illustrates a history of the suppression of women revealing the potential for a specifically feminine alternative

The Aesthetic Clinic Fernanda Negrete,2020-10-01 In The Aesthetic Clinic Fernanda

Negrete brings together contemporary women writers and artists well known for their formal experimentation Louise Bourgeois Sophie Calle Lygia Clark Marguerite Duras Roni Horn and Clarice Lispector to argue that the aesthetic experiences afforded by their work are underwritten by a tenacious and uniquely feminine ethics of desire To elaborate this ethics Negrete looks to notions of sublimation and feminine sexuality developed by Freud Baudelaire Mallarm and Nietzsche and their reinvention with and after Jacques Lacan including in the schizoanalysis of Gilles Deleuze and Félix Guattari But she also highlights how psychoanalytic theory draws on writing and other creative practices to conceive of unconscious processes and the transformation sought through analysis Thus the aesthetic clinic of the book's title a term Negrete adopts from Deleuze is not an applied psychoanalysis or schizoanalysis Rather The Aesthetic Clinic privileges the call and constraints issued by each woman's individual work Engaging an artwork here is less about retrieving a hidden meaning through interpretation than about receiving a precise transmission of sensation a *jouissance* irreducible to meaning Not only do art and literature serve an urgent clinical function in Negrete's reading but sublimation itself requires an embrace of femininity
