Eden Other Reservations:

Murder on the Reservation Ray B. Browne, 2004-06-30 In *Murder on the Reservation* Ray B Browne surveys the work of several of the best known writers of crime fiction involving Indian characters and references virtually every book that qualifies as an Indian related mystery Browne believes that within the genre of crime fiction all people are equal and the increasing role of Indian characters in criminal fiction proves what an important role this genre plays as a powerful democratizing force in American society He endeavors to both analyze and evaluate the individual work of the authors and at the same time provide a commentary on the various attitudes towards race relations in the United States that each author presents Some Indian fiction is intended to right the wrongs the authors feel have been leveled against Indians Other authors use Indian lore and Indian locales as exotic elements and locations for the entertaining and commercially successful stories they want to write Browne s analysis includes authors and works of all backgrounds with mysteries of first class murder both on and off the reservation Emergency Educational Aid for Government Reservations United States. Congress. House. Committee on Education and Labor, 1947
