

NEWCOMER INTEGRATION AND EDUCATING CANADIANS

BY: MICHELLE LAM

The Canadian government defines integration as a “two-way street,” (2011) which involves change and accommodation from both newcomers and Canadians. But most settlement and integration initiatives work towards educating newcomers about Canada, not the other way around.

Examples of education initiatives aimed at Canadians include the poverty simulation (United Way, 2017) and the forced migration simulation (Canadian Foodgrains Bank, 2017).

However, these tools do not address the issue of integration, namely the ability to contribute, free of barriers, to every aspect of Canadian life (Shields, Drolet, & Valenzuela, 2016).

This research brief provides an in-depth analysis of the recent board game tool entitled *Refugee Journeys: Identity, Intersectionality, and Integration* (Lam, 2017).

The game (pictured below) was developed with the goal of educating Canadians about newcomer experiences.

KEY POINTS

- Integration is a 2-way street, where both newcomers and Canadians change and accommodate
- Tools to educate Canadians about newcomers exist, including the Poverty Simulation (United Way, 2017) and the Forced Migration Simulation (Canadian Foodgrains Bank, 2017)
- A board game, entitled *Refugee Journeys: Identity, Intersectionality, and Integration* is a tool that can educate Canadians more specifically about integration experiences

Educating Canadians
